INTRODUCTION

1. In line with Section 46, Sub-section 3 of the Local Government Act, 1993, Act 462 and LI 1961, District Assemblies are mandated to prepare and submit their composite Budgets to the Ministry of Finance for integration into the National Budget.

Section 92 (3) of the Local Government Act 1993, Act 462 envisages the implementation of the composite budget system under which the budget of the departments of the District Assembly would be integrated into the budget of the District Assembly. The District Composite Budgeting System would achieve the following amongst others:

- a. Ensure that public funds follow functions to give meaning to the transfer of staff transferred from the Civil Service to the Local Government Service.
- b. Establish an effective integrated budgeting system which supports intended goals, expectation and performance of government at the local level;
- c. Deepen the uniform approach to planning, budgeting, financial reporting and auditing.
- d. Facilitate harmonized development and introduce fiscal prudence in the management of public funds at the MMDA level.

In 2011, Government directed all Metropolitan, Municipal and District Assemblies (MMDAs) to prepare for the fiscal year 2012, Composite budgets which integrated budgets of departments under Schedule I of the local Government (Departments of District Assemblies) (Commencement) Instrument, 2009, (L.I.1961). This policy initiative would upscale full implementation of fiscal decentralization and ensure that the utilization of all public resources at the local level takes place in an efficient, effective, transparent and accountable manner for improved service delivery.

The composite Budget of the Kwahu East District Assembly for the 2014 Fiscal Year has been prepared from the 2014 Annual Action Plan lifted from the 2010-2013 DMTDP which is aligned to the Ghana Shared Growth and Development Agenda.

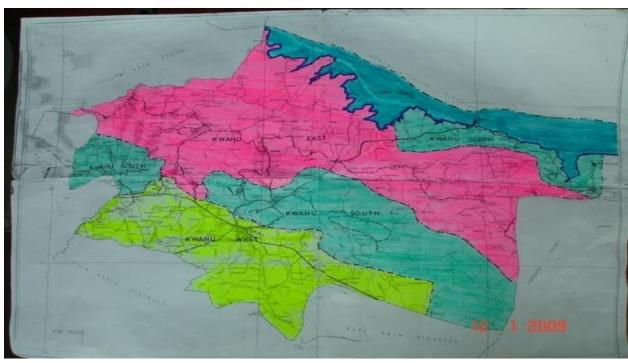

ESTABLISHMENT OF KWAHU EAST DISTRICT

2. The Legislative Instrument (L.I 1839) established the Kwahu East District Assembly, which used to be part of the Kwahu South District Assembly until 29th February, 2008, with Abetifi as the District Capital.

LOCATION AND SIZE

3. The District is situated on the northern part of the Eastern Region with a total land size of about 860 square kilometres. It shares common boundaries with the Kwahu North District to the east, Kwahu South District to the south, Fanteakwa District to the south-east and Asante-Akim North of the Ashanti Region to the north. Thus the district is linked up with many districts and this promotes commercial activities among the district capitals and other nearby communities.

From the table 1 above it could be seen that the overall performance of the District as at 30 June 2013 is not encouraging. The total revenue of the Assembly amounted to GH¢1,172,402.65 (includes GH¢522,946.55 as compensation for those on GOG payroll) this constitutes about 28% of total estimated revenue of GH¢ 4,225,376.00.

To improve the IGF situation there are plans in place to update revenue data for the district, continue with the revaluation of commercial and residential properties and educate the populace on the need to pay taxes. Also the assembly has initiated the formation of revenue task force to assist the revenue collectors in revenue collection.

Total		4,225,376.00	1,072,660.67	3,238,791.33	26		

The actual expenditure performance of the Assembly as at 30 June 2013 stood at GH¢1,072,660.67 which constitute 26% of the budget leaving a variance of GH¢3,152,814.33. The performance was not good. This is because the releases from the central government were not forthcoming, most especially those for the decentralized departments.

Details of MMDA Departments

The tables below show the expenditure performance of the departments of the assembly.

Table 3. Financial Performance- Central Administration

Total	1,940,620.00	518,577.37	1,422,042.63	27		

The central Administration which is the pivot around which the activities of the other departments revolve suffered financially as funds from the central government and other donor support that were expected to help carry out the budgeted activities were insufficient. That is, the actual amount spent represents 27% of the budgeted amount. This is very low.

Table 4. Financial Performance- Dept of Agriculture

Total	343,297.00	128,404.16	214,892.84	38		

Table 4 shows that GOG Transfers for compensation was GH¢128,244.16 which is 52% of the budgeted amount. It also shows that only 1% was spent for goods and services due to lack of release of funds. This is woefully inadequate to carry on the budgeted activities

Table 5. Financial Performance-Social Welfare and Comm. Development

Table 5 shows that actual compensation for employees as at June increased to 80% of budgeted amount. This is due to the fact that the Department received more employees who were not catered for at the time of budgeting. Even though the department had not received any GOG transfers some funds were spent on the PWDs from the DACF.

Total	399,688.82	143,798.12	255,890.70	36	

The Works Department like the other departments did not receive their ceilings from the central government for goods and services. The expenditure under assets was actually undertaken by the central administration. However, the activity fall under the Department of Feeder Roads that is why it was budgeted under that department. The amount spent came from the assembly's share of the DDF

Education is the largest department in the district. Over the years it has taken the chunk of the district's budget. A provision of GH¢860,370.00 was made and expenditure was GH¢ 141,045.29 (17%). This is very low.

Total	438,387.00		62,009.26	376,377.74	15	

Generally, the health sector like the other sectors did not perform well. The total performance of 15% is very low. This is due to inadequate funds from the government and other agencies. However even though it is a schedule 2 department some amount was registered under compensation because the environmental health unit falls under this department according to the LI 1961.

IMPLEMENTATION CHALLENGES

These are challenges that apply to the assembly so far as the sources of funding are concerned.

- 1. Funding from the central government and other donor sources has not been forthcoming. This has seriously affected implementation of the various projects.
- 2. The district has a difficult terrain which hinders successful drilling of boreholes and hand dug wells
- 3. Non-release of funds for monitoring and evaluation activities
- 4. Inadequate logistics to support DPCU activities
- 5. Poor road network
- 6. Low education on revenue generation to the general public which leads to poor attitude of the public towards the payment of taxes and rates

THE 2014 COMPOSITE BUDGT

The Kwahu East District Assembly in order to enhance local economic growth and diversification for improved living condition has the following as its core objectives;
