2014 DISTRICT COMPOSITE BUDGET

BACKGROUND

The District Assembly

The Sawla-Tuna-Kalba District Assembly, with Sawla as its capital, is one of the thirty (26) administrative authorities in the Northern Region. The District was carved out of the Bole District in 2004. The District was one of the 46 new districts created in the year 2012. It was established by a Legislative Instrument LI 1768.

Mission Statement

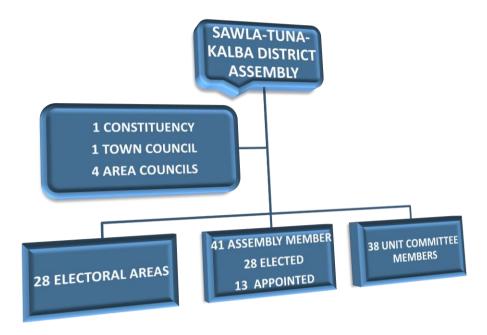

Sawla-Tuna-Kalba District Assembly exists to harness the socio-economic potential of the area to improve the standard of living of the people through effective community participation and service delivery.

Vision Statement

The vision of Sawla-Tuna-Kalba District Assembly is to develop capacity and ensure efficiency and effectiveness of the productive sector through sustained provision of the needed socio-economic and technical infrastructure and the creation of an enabling environment for private sector participation in development.

The Sawla-Tuna-Kalba District currently has one (1) constituency, twenty-eight (28) Electoral Areas, one (1) Town Council, five (4) Area Councils and thirty-eight (38) Unit Committees. The General Assembly of the District therefore comprises 41 Assembly Persons, 28 elected and 13 Government Appointees out of which 5 are women. Staffs of the Area Councils and all Unit Committees are also in place.

Figure 1: Sawla-Tuna-Kalba District Structures

In line with the 1992 constitution, the Assembly has the following Sub-District Structures;

- ✓ Sawla Town Council
- ✓ Tuna Area Council
- ✓ Kalba Area Council
- ✓ Gindabou Area Council
- ✓ Senyeri Area Council

Location and Size

The District is located between latitude 8°40′ and 9°40′ North and longitudes 1°50′ and 2° 45′ West. The district is found in the western part of the Region. It shares common boundaries with;

- Wa West District and Wa East District to the North,
- Bole District to the South,
- West Gonja District to the East and
- ➤ La Cote d' Ivoire and Burkina Faso to the West.

It has a total land area of the District is about 4,601 square kilometers out of the total area of 74,984 kilometers of the land mass of Northern Region. Sawla-Tuna-

Kalba District capital, Sawla is about 210 kilometers North West of Tamale, the Regional Capital in the Republic of Ghana.

Relief/Drainage

The lands are gently undulating with few depressions. The land is suitable for construction of roads, electricity expansion and general building works in the area. The District is poorly endowed with water bodies. The only natural water systems are a few seasonal streams which have water during the rainy season and dry up during the dry season. Aside this, some dug-outs dams have been constructed either by the individual community members or by Government and Non- Governmental Ogranisations support in the district. The dug-outs serve as watering sources for animals as well as for domestic purposes.

Climate/ Temperature

The climate of the District is the tropical continental type. There is only one rainy season in a year, which occurs between early May and late October. The highest rainfall is experienced between July and September. The monthly main rainfall ranges between 200mm and 300mm. The period between November and April is the dry season. This season is characterized by the cold harmattan winds with concomitant airborne diseases.

In terms of temperature, the district experiences extremes of it. The daily and annual range of the temperature is wide. The coldest nights in the year are experienced in the months of December, January and February. During this period the air becomes dry and the atmosphere becomes hazy and one cannot see clearly due to the fine dust in the air.

The day temperature within the same period is between 28°C and 40°C but under cloudiness skies, the night can be very cold with temperature under 28%C. The temperatures suddenly rise in the months of March, April and May when temperature exceed 30%C. The nights are usually hot and people prefer to cook, eat

and sleep outside. But when the rain start the meant temperature begins to fall again. There is another period in the year when after the rains temperature rises again.

Soil/Vegetation

The predominant vegetation found in the District is just like any other part of the Northern region. It is mainly Guinea savanna woodland with wide spread of the trees. Some of the common trees found in the District are sheanut, dawadawa, teak, kapok and mango.

The natural vegetation of Sawla-Tuna-Kalba district has disappeared, especially around the settlement; this was due to the interference by man and animals through cultivation, grazing and exploitation for fire wood. In the dry season, the grasses in most part of the district are periodically burnt down to either clear the land for cultivation or hunting of animals. These activities have deprived the land of much vegetation cover and nutrients. These therefore affect food production in the district. The District is composed of soils in varied nature, occurring in complex associations. The predominant soil types found in the district are light textured surface horizons in which sandy loams and loams are common. Many soils contain abundant course material either gravel or stone which adversely affect their physical properties particularly their water holding capacity. The soil is generally very fertile for agricultural cultivation.

Population Dynamics

The current population of the district according to the 2010 Population and housing Census is 99,863 with a growth rate of the district is 3.1% which is slightly higher than the National Growth rate of 3.0%. The population is made up of 51.66% being female and 48.35% being male. This gives a ratio of female to male as 1:0.94. The concentration of the population is in the principal towns of Sawla, Tuna, Kalba, Gindabou and Senyeri.

Out of the total population, eighty-six percent (86%) of the people lived in the rural areas and fourteen percent (14%) lived in the urban areas.

According to the 2010 population and housing census, the district recorded 98,880 populations in households and a total number of households of 14,906 with a household size of 6.6%.

It must be noted that, Sawla, Tuna, Kalba and Gindabou are the settlements which qualifies as urban areas since their population are above 5000. The population of the district is evenly distributed with the population density increasing from fourteen (14) persons per sq. km in 2000 to twenty two (22) persons per sq. Km in 2010.

There are Two hundred and Seventy-Eight (278) communities in the district with varying populations.

Ethnic Composition

The ethnic composition of the district is heterogeneous. The population has major tribes like Vagla, Brifor, Gonja, Safalba and Wala.

DISTRICT ECONOMY

The viable opportunity opened to the district is in the area of agriculture. Sawla-Tuna-Kalba District is well endowed with vast productive agriculture lands with great potentials for the production of root and tubers, cereal, legumes, industrial crops and also rearing of livestock. The district export yams and grain to other regions especially Greater Accra. The cultivation of non-traditional exports crops such as cashew is also gaining a large concentration of economic trees as well as mango and shea.

The district also has three (3) quarry plants operated by two (2) foreign companies and a local company.

Tourism Services

Sawla-Tuna-Kalba, Bole, West Gonja, and Central Gonja form the Western circuit with respect to Tourism development in the Northern Region. An earlier inventory conducted in collaboration with GTB and SNV identified some tourist resources in the various districts. These resources are yet to be transformed into other tourist sites. The district has constructed chalets as accommodation at Jang for tourist and a receptive center for visitors at Kulmasa. Other facilities such as, telecommunication, electricity; good roads, good restaurant, etc are not the best. These infrastructures are in deplorable condition and therefore the district would welcome development partners willing to help build the Tourism Potential in the district. Some of the potentials are shown below.

Table 1: Tourism Potential and Locations

No.	Tourism Potential	Location
1	The Mass Grave	Jentilpe
2	Crocodile Pond	Kulmasa
3	Traditional Historical site	Nyange
4	Jelinkon Virgin forest & Bush back	Jelinkon

Industries

There is no established industry in the district. However, there are over a 100 women groups spread over the district who are engaged in processing of various raw materials into semi-finish and finish products. These include: Pito brewing, gari processing, groundnut oil extraction, shea butter extraction among others.

Road Network

Roads network to the various communities and the main commercial centers are not motorable during the rainy season. This therefore affects economic activities during this period. The length of road that connects the district capital (Sawla) to the Regional Capital (Tamale) is 210 km. The only tarred road that runs through this district from Upper West region to the South is 125 km.

Financial Institution

The district has no established financial institution. Arrangement is being made to get one established in the district. There is however few traditional financial institutions like "Susu collectors" in the district.

Health Status

The Sawla-Tuna- Kalba district health services are divided into four (4) sub-districts namely Sawla, Tuna, Kalba and Gindabou. Each of these sub-districts has an operational area within the catchments areas to produce health facility. There are private clinics and maternity homes at Sawla and Tuna which serve people from Sawla, Tuna and the surrounding communities. The District Health Directorate at Sawla-Tuna-Kalba District aims at improving the health status of the people in the district through the provision of quality health services that are accessible and affordable to the people. In this regard, the Assembly is working closely with the Health Directorate in the area of health. Accessibility and affordability continue to be factors constraining efficient health care delivery in the district. Others are geographical financial, socio-cultural barriers and weak support systems.

It is refreshing however to note that members of community who took advantage of the DMHIS when the district was under the Bole District Assembly are now accessing health care "free". The scheme made provision for the poorest and most vulnerable thereby exempting them from making financial contribution to the system. The DMHIS in Sawla/Tuna/Kalba District is however yet to take off independently.

The vision of the District Health Directorate is to improve child and maternal nutrition through intervention such as food security, supplementary feeding, improved personnel and environmental sanitation. Health standard in the district will improve with an efficient transport system for timely referrals coupled with improved environmental sanitation and portable drinking water. It is also expected that the CHIPS system would ensure full implementation of National Health Insurance Scheme (NHIS) to ensure hundred percent child survival diseases with adequate knowledge in IMCI and ACSD management.

Pregnant women would have TT2+ and third dose of IPT before delivery and maternal Vitamin A after delivery and postnatal service. The district would have had skilled staff and a decent district hospital with well-equipped functioning medical equipment for obstetric emergencies.

Education

The district has 162 KG, Primary, Junior and Senior High Schools. The table below shows a breakdown of educational institutions in the district.

Broad Sectorial Goals

The Sawla-Tuna-Kalba District Assembly in order to enhance local economic growth and diversification for improved living condition has the following as its core objectives;

- To provide sustainable and efficient service delivery at the most economic cost that ensures value for the generality of the people in the district.
- To provide the necessary basic socio-economic infrastructure for the development of the human capital, wealth and health of the people.
- To provide the enabling environment that would promote public/private partnership in the district.
- To harness all the potential resources-natural, human and financial resources for the total development of the district.
- To promote justice, peace and security which are essential for savings,
 capital accumulation, investment and growth of business in the district.

Strategies

The relevant GSGDA strategies to be used to implement the 2013 Composite Budget are as follows;

- Strengthen the capacity of MMDA's for accountable, effective performance and service delivery.
- Strengthen the revenue base of the DA's.
- Strengthen existing sub-structures for effective delivery
- Facilitate suitable linkages between urban and rural areas

- Develop plans that are based on engagement with communities and involve the full range of key stakeholders
- Improve the efficiency and competitiveness of MSMEs
- Provide infrastructure facilities for schools at all levels across the country especially deprived areas
- Mainstream children's issues in development planning at all levels
- Mainstream issues of disability in development planning at all levels
- Increase access to safe, adequate and affordable shelter

STATUS OF THE 2013 COMPOSITE BUDGET IMPLEMENTATION

A. Financial Performance

Revenue performance

The two tables below show the revenue and expenditure performances of the Sawla-Tuna-Kalba District Assembly as at December, 2013.

From the table above it could be seen that the overall performance of the district as at 31st December is not encouraging. The total revenue of the Assembly amounted to GH¢ $\mathbf{2}$,494,469.53. This constitutes about 45.44% of total estimated revenue of GH¢ $\mathbf{5}$,490,148.21.

To improve the situation the Assembly has decided to get revenue data for the district, undertake revaluation of commercial and residential properties and educate the populace on the need to pay taxes. Also the assembly has initiated the formation of revenue task force to assist the revenue collectors in revenue collection.

The actual expenditure performance of the Assembly stood at GH\$(2,494,469.53) which constitute 38.36% of the budget leaving a variance of GH\$(2,995,678.68). The performance was not good. This is because the releases from the central government were not forthcoming, most especially those for the decentralized departments.

Details of MMDA Departments

The tables below show the expenditure performance of the departments of the assembly.

The central Administration which is the pivot around which the activities of the other departments revolve suffered financially as funds from the central government and other donor support that were expected to help carry out the budgeted activities were insufficient. That is, the actual amount spent represents 41.47% of the budgeted amount which is on the lower side.

The Works Department like the other departments did not receive their ceilings from the central government for goods and services. The expenditure under assets was actually supposed to be undertaken by the central administration. However, the activity fall under the Department of Feeder Roads that is why it was budgeted under that department.

2014-2016 MTEF Composite Budget Projections

The two tables below show revenue and expenditure projections of the district assembly over the medium term 2013-2015. The outer years of 2014 and 2015 are only indicative.

Table 12: Revenue Projections 2014-2016

	2014	2015	2016

Total	6,262,249.80	6,888,474.78	7,577,322.26

Table 13: Expenditure Projections 2014-2016

	2014	2015	2016
Compensation	924,861.62	1,017,347.78	1,119,082.56
Goods And Services	1,877,428.78	2,065,171.66	2,271,688.82
Assets	3,459,959.40	3,805,955.34	4,186,550.87
Total	6,262,249.80	6,888,474.78	7,577,322.25

From the table, expenditure on assets takes the chunk of the district revenue. Most of the money would be spent at the Central Administration which is the pivot around which the activities of the various departments revolve. That is there are activities that are education, health, social, works and sanitation centres but are carried out at the Central Administration.

Commitments of the Assembly

Summary of Commitments Included In the 2014 Budget

The table below shows the projects and programs for which the assembly is already committed. These are on-going projects which the assembly could not complete payments in 2013. All these projects have been rolled over to the 2014 budget.

Table 14: Commitments of the Assembly

Name of Department	List of Projects./activities	Amount GH¢	Commencement certificate
Central Admin	Complete the construction of 1		
	No. 15-unit office		
	Accommodation	75,000.00	
Central Admin.	Construction of the Multi-		
	purpose community Centre	100,000.00	
Central Admin	Completion of Police		
	Headquarters in Sawla	120,000.00	
Central Admin	Renovate and upgrade 1 No.		
	office accommodation for the		
	District Assembly	100, 000.00	
Works (Roads)	Spot Improvement of Sawla-		
	Konkrope Feeder Roads Phase		
	II (3.5Km)	180,000.00	

The amount stated for the construction of the 1 No. 15-unit office Accommodation is the amount left to be paid. However the contractors seem to have left the site as over a year now no work had been done on the project. Management has therefore decided to terminate the contract and re-package for award.

Due to inadequate funds, the district assembly was not able to make payment to rest of the contracts listed above and however expect to roll them over to the ensuing year.

Key Focus Areas of the Budget

The district's 2014 composite budget seeks to address the imbalances in the demand and supply of goods and services in the various sectors of the district namely agriculture, education, Health social and Administration.

Education

The focus of policies in this area is to increase equitable access to education at all levels and improve on the quality of education. The 2014 budget intends to address some of the challenges in the educational sector. Thus, the Assembly intends to;

- > Renovation of 2 No. School Blocks in the District from DACF.
- Renovation of 2 No. Teacher Staff Bungalows in the District from DACF.
- > Provide sponsorship to needy but Brilliant Students from DACF.
- Support school feeding activities within the district from GoG.
- > Support to Recreation, Sports and Cultural Activities from DACF.
- > Support to Circuit Supervisors to conduct monitoring (Procurement of Motorbikes to Circuit Supervisors) from DACF.

Health

To improve upon health delivery in the district, the 2014 budget for the district has earmarked for execution, a number of projects listed below;

- ➤ Construction of 1 No. CHPS compound at Poru, Kunfusi & Kong from DDF, DACF and IGF.
- Carry out outreach services (Public Education) from DACF.
- ➤ Facilitate the management & coordination of HIV & AIDS activities in and outside the district from DACF.
- > Support to National immunization and other Health programmes.

Social

As an augment to the interventions in education and health social wellbeing of the people will also be intervened with the following activities:

- Complete the Construction of the Multi-purpose community Centre from DDF.
- Provide 5 No. Toilet Facilities to some selected communities from DACF.
- Drilling & Installation of 40 No. Borehole from DACF, DDF and IGF.
- Undertake Street Naming & House Numbering in the District from DDF capacity building.
- Support to People with Disabilities from DACF.
- Support to Traditional Authorities from DACF.

Disaster Prevention and Management from DACF.

Economic

Under economic, the following activities will be undertaken to enhance productivity in 2014.

- > Support for establishment of Financial Institution (Rural Bank) at sawla from DACF.
- > Support to rural electrification (Poles) from DDF, DACF and IGF.
- Provision and maintenance of street light in some selected communities from DACF.
- ➤ Spot Improvement of Sawla-Konkrope Feeder Road Phase III (3.5km) from GSOP.
- > Spot Improvement of Nakwabi –Toyiri Feeder Road Phase II (1.5km) from GSOP.
- > Spot Improvement of Kalba-Gakon Feeder Road (9km) from GoG.
- ➤ Construction/Reshaping of feeder roads (Bridges/Culvers) District wide from DDF, DACF and IGF.

Agriculture

In the area of agriculture the district intends to carry out the following activities:

- Construction of Dams for Irrigation at Gbiniyiri, Kong & Soma from DDF and GSOP.
- ➤ Establish tree plantations in Yipala, Gindabour, Kanching, Nahari, Vondel & Gbonkoyiri from GSOP.
- Support to agricultural Programmes and activities from DACF.
- Community initiated projects (Dugouts and Dams) from DACF.

Central Administration

For the Central Administration, the assembly started the construction of a 15-unit office Accommodation and intend to complete it next year. This will help improve the working environment of the staff. Again, the Police Headquarters under construction will be completed in 2014 enable the Security Officers stay to discharge their duties well. A semi-detached staff quarters will be constructed and will be duly furnished to attract and retain officers to the district.

Efforts will also be made to construct a Building for the National Ambulance Service & Fires Tender to help ease their operation the district.

Appropriate allocation has also been made for capacity building of the Assembly staff and staff of departments of the assembly. The staff of the substructures will equally be trained to improve efficiency at that level.

The 2014 composite budget of the Sawla-Tuna-Kalba District is designed to address the infrastructural shortage of the education, health and the social sectors, facilitate the achievement of MDGs especially goals 4 & 5 and create opportunity for better agricultural productivity in pursuant of the Ghana Shared Growth and Development Agenda (GSGDA).

The budget also seek to improve on the general climate change issues in the three northern regions through the afforestation projects in the district with funds from the Ghana Social Opportunities Project (GSOP).

This year the District Assembly has earmarked a total revenue of Six Million Six Hundred Eighteen Thousand, Three Hundred and Ninety-Two Ghana Cedis (GH¢6,262,249.80) for development in terms of capital projects, recurrent expenditures and payment of staff both established post and casual workers. This amount is expected to be spent among the various departments of the assembly as indicated from the table above. The Items on which the expenses will be made have also been shown in the previous tables. In addition the various sources of funding for the various departments have also been shown. We expect GH¢2,268,101.00 from DACF, GH¢ 950,329.00 from the DDF, GH¢ 211,925.50 from the IGF and GH¢ 1,835,450.30 from the GoG. Included in the Donor figure of GH¢ 996,444.00 is an amount of GH¢ 19,444.00 which represents donor support to the agric sector and GH¢ 977,000.00 from Ghana Social Intervention Project (GSOP).

CHALLENGES AND CONSTRAINTS

These are challenges that apply to the assembly so far as the sources of funding are concerned.

- Funding from the central government and other donor sources has not been forthcoming. This has seriously affected implementation of the various projects.
- A good budget depends on availability of credible data. Sawla-Tuna-Kalba District Assembly is yet to get revenue database for the district and this has affected the preparation of the budget and its implementation.
- The Composite Budget system has not been fully understood by some heads of departments as well as the members of the assembly. As a result they are not committed towards its implementation.
- The district's economy is largely agrarian mostly done on subsistence level and as such has low income. This is seriously affecting internal revenue generation.

JUSTIFICATIONS

In spite of these challenges, the Sawla-Tuna-Kalba District Assembly believes that the projects and programmes contained in the budget could be implemented based on the following;

- The Assembly, from the beginning of 2013 will conduct socio-economic survey to get data on both residential and commercial properties as well as other business entities within the district.
- The assembly will embark on massive education campaign on the need to pay taxes. This will be supported with public forum where the people will have the opportunity to ask questions and demand what their taxes are being used for. We hope that by this the people will come to appreciate that decentralization demands that they pay taxes to their local authority for the development of their community with support from the government.
- Finally the Assembly believes that if government releases are adequate and timely, then the projects and programmes contained in the budget will be fully executed
