INTRODUCTION

- 1. Section 92 (3) of the Local Government Act 1993, Act 462 envisages the implementation of the composite budget system under which the budget of the department of the District Assembly would be integrated into the budget of the District Assembly. The District Composite Budgeting System would achieve the following amongst others:
- **a**. Ensure that public funds follow functions to give meaning to the transfer of staff transferred from the Civil Service to the Local Government Service.
- **b**. Establish an effective integrated budgeting system which supports intended goals, expectation and performance of government at the local level;
- **c**. Deepen the uniform approach to planning, budgeting, financial reporting and auditing.
- **d**. Facilitate harmonized development and introduce fiscal prudence in the management of public funds at the MMDA level.
- 2. In 2011, Government directed all Metropolitan, Municipal and District Assemblies (MMDAs) to prepare for the fiscal year 2012, Composite budgets which integrated budgets of departments under Schedule I of the local Government (Departments of District Assemblies) (Commencement) Instrument, 2009, (L.I.1961). This policy initiative would upscale full implementation of fiscal decentralization and ensure that the utilization of all
- public resources at the local level takes place in an efficient, effective, transparent and accountable manner for improved service delivery.
- **3**. The composite Budget of the Builsa South District Assembly for the Fiscal Year of 2014 has been prepared from the 2014 Annual Action Plan lifted from the 2014-2017 DMTDP which is aligned to the Ghana Shared Growth and Development Agenda (GSGDA, 2014-2017).

BACKGROUND

The District Assembly

- **4**. The Builsa South District Assembly, with Fumbisi as its capital, is one of the thirteen (13) administrative authorities in the Upper East Region. The District was carved out of the erstwhile Builsa District Assembly in 2012 as a result of the creation of more Districts and raising some Districts to Municipal status. It was established under the Establishment Instrument 2012 and under the Legislative Instrument 2105.
- **5**. The Assembly has a total membership of thirty seven (30). This is made up of twenty (20) elected members, eight (08) Government Appointees, the District Chief Executive and the Member of Parliament. In line with the 1992 constitution,
- **6**.The Assembly has the following 4 Area Councils;
- Fumbisi
- Kardema
- Kanjarga/Gbedema
- Doninga/Banchonsa.

Location and Size

7. The Builsa South District Assembly occupies a land area of 1,208km2 representing only 13.7% of the total land area in the region with a tropical climate of wet season (May-October) and dry season (October-April).

The District is bordered to the north by the Builsa North District, to the south by Mamprugu- Moaduri, west by Sisala East District and east by West Mamprusi District. The District has one (1) constituency with twenty (20) electoral areas and a total number of sixty-four(64) communities.

Population

8. The District has a population of 26,218 with male being 12,751 representing 48.6% and female being 13,467 representing 51.3%. The indigenous ethnic group in

the District is the Builsa with the Buily language whiles some Mamprusi's, Kassena's and Fulani's with their respective languages are found within the District.

Mission Statement

9. The Builsa South District Assembly exists to facilitate the delivery and development of socio-economic infrastructure and services for the total improvement of the living conditions of the people in concert with stakeholders.

Vision

10. To position itself as a first class district within the Upper East that offers diverse economic opportunities for the total development of it citizenry.

Broad Sectorial Goals

- **11**. The Builsa South District Assembly in order to enhance local economic growth and diversification for improved living condition has the following as its core objectives;
- A. To provide sustainable and efficient service delivery at the most economic cost that ensures value for the generality of the people in the district.
- B. To provide the necessary basic socio-economic infrastructure for the development of the human capital, wealth and health of the people.
- C. To provide the enabling environment that would promote public/private partnership in the district.
- D. To harness all the potential resources-natural, human and financial resources for the total development of the district.
- E. To promote justice, peace and security which are essential for savings, capital accumulation, investment and growth of business in the district.

Strategies

- **12.** The relevant GSGDA strategies to be used to implement the 2014 Composite Budget are as follows;
 - Strengthen the capacity of MMDA's for accountable, effective performance and service delivery.
 - Strengthen the revenue base of the DA's.
 - Strengthen existing sub-structures for effective delivery
 - Facilitate suitable linkages between urban and rural areas
 - Develop plans that are based on engagement with communities and involve the full range of key stakeholders
 - Improve the efficiency and competitiveness of MSMEs
 - Provide infrastructure facilities for schools at all levels across the country especially deprived areas
 - Mainstream children's issues in development planning at all levels
 - Mainstream issues of disability in development planning at all levels
 - Increase access to safe, adequate and affordable shelter

DISTRICT ECONOMY

Natural Resource Development Potentials:

- **13**. The Builsa South District is endowed with very rich natural resources. Preliminary exploratory work carried out in the District indicates that Builsa abounds in large quantities of several mineral deposits ranging from Gold, Chromites, Rutile Jasper Talc, Lime, Feldspars, Nepheline Syenite and varied types of clay.
- **14**. It is known that several of the Soil Associations found in the District have large quantities of good quality clay deposits in Fumbisi.
- **15**. Granite constitutes the dominant geological formation in the District and covers over 70% (approx. 153, 300 ha) of the land area occurring mostly in the northern section. Excellent exposures of granitic rocks are therefore found in the northern parts of the District, stretching from Doninga Zone across Bachonsa area.
- **16**. These rocks can easily be quarried for road and housing construction. Some of these rocks have fine crevices and can be shaped into ornamental and design blocks commonly used in housing construction. It is important to note that a detailed mineralogical test is required to establish the actual quantity and quality of the various mineral deposits in the District for industrial use.
- **17**. The District is blessed with Dams and Dug-outs. These dams serve as sources of drinking water for a wide range of livestock besides being used for dry season vegetable production. Water is also fetched from these facilities for constructional work by contractors and the local people.
- **18**. There exist also forest reserves in the Builsa South District, namely Bopong, Sissili Central, Pogi, Kandembeli reserves. The largest of these is the Sissili Central Reserve, which covers 155.09sq km. Altogether; the forest reserves occupy a land area of 356.86sq km. These forest reserves serve as important habitats for wildlife particularly endangered animal species. They also help to protect the headwaters of most rivers/streams in the district and are

important tourist attraction spots. The soils of the District are the most important of its natural resource which has 14 different soil associations developed on five geological formations, namely granite, voltaian shale, birimian rocks, Recent and old alluvial of mixed origin and very old river terraces.

Occupation

19. The five main kinds of work people do in the district are agriculture related work (67.4%), Production/Processing and transport equipment work (13.5%), sales work (8.6%), services (4.5%) and Professional and technical work (3.8%).

Industry

- **20**. I In terms of industrial classification, the major economic activities are agriculture including hunting, forestry and fishing (69%); manufacturing including small scale processing activities (10.5%) and wholesale and retail trade (8.6%).
- 21. Social Services including Public Administration, Education, Health, Community Services and Private Household Services constitute 6.5% of gainful work. Real estate business (housing development), construction, financial services, commercial transport, storage and communication, hotel and restaurants are all not well developed in the district and therefore, employ a small fraction of the workable population.

Employment Status

22. It is observed that nearly 72.5% of the economically active population in the district is self-employed workers with no employees, with an additional 18.4% as unpaid family workers, apprentices and house helps in the private informal sector (both agriculture and non-agric).

- 23. Large-scale businesses are few in the district hence the self-employed with employees constitute a very small proportion of those in active work (2.5%). Employees mostly of the public services and the few relatively large businesses constitute 5.7% of the economically active population.
- **24**. It is important to note that of all those in gainful employment in the district, only 8.2% (Employees + self-employed with employees) could be taxed at source. Such an employment structure poses a challenge for the effective mobilization of tax revenue and the implications for any policy on taxation would need to be carefully considered.

Employment sector

25. The private sector (private formal + Informal) provides employment to 90.5% of the working population in Builsa South District Assembly.

Post & Telecommunication infrastructure

- 26. With the advent of modern telecommunication networks, the district witnessed a number of telecommunication services operating within its catchment area. Presently, there are three (3) telecommunication operators (MTN, Tigo, Vodafone) operating fully in the district. However, Glo has also entered into the district and laid the foundation with erected mast to take-off. It is estimated that about 80% of the population have access to telecommunication services.
- **27**. The District however, is challenged with internet accessibility. To this end, there is the need for the establishment of such facilities in the major towns of the district so as to make internet services available to the populace.

Market Infrastructure

28. Builsa South District has currently one periodic market namely Fumbisi and several smaller local markets. The market operates every seven (7) days whilst localized markets are Kanjarga, Gbdema, Wiesi etc, all of which are periodic.

Banking and Credit Facilities

29. The Builsa South District has only one rural bank, Builsa Community Bank and plans are far advanced to bringing in other commercial Banks to compliment the effort of the existing one.

Road Infrastructure

- **30**. The principal mode of physical access into and within the District is by roads. There is one major artery or primary road from Sandema (Tono Bridge) to Gbedembilisi, which is about 81km (50 miles), about 16km of which has been surfaced with bitumen.
- **31**. The rest of the road network is basically a feeder road linking major settlements to one another. To some extent inter settlement communication is by footpath and tracks.
- **32**.With the exception of the major artery: Fumbisi-Sandema, Fumbisi-Kanjarga, Fumbisi-Gbedembilisi just to mention a few of the secondary roads, the rest of the road network is in a very deplorable state and very few tracks are motorable/passable only in the dry season, a situation, which seriously reduces the level of accessibility in the District. The main contributory factor is the heavily dissected nature of the area coupled with the low-lying terrain and soft surface soils which make most road links flood and sometimes completely washed-off during the rainy season.

Road network development is of prime importance and will involve heavy capital investment in construction of culverts, bridges, and reshaping of tracks among others.

Tourism

- **33**. The Builsa South District possesses some of the best spots for tourist industry. There are areas that have attractions to foreigners from all parts of the world. The forest reserves of the Sissili central could be developed into a tourist centre. There is the need for a coordinated district development programme that would provide stimuli towards increased investment in the district by local and foreign businessmen. Some of the important tourist attraction points are:
 - Sissili Central Forest Reserves with an area of 155.09sq km.

- Slave trade history, spots & items used during that period which could serve as museum pieces. Aspects of the Slave History that are of tourist importance include:
- Akun Akuncham (The Defeat of Babatu and the Weeping Shea Tree)
- The Fiisa Shrine
- The Feok Festival (with its war dancing relics)

•

Education

34. Though the District is divided in to two, data concerning the District has not been segregated. At present it has 28 Junior High Schools and 71 Primary Schools and 6 private schools as well as 3 Senior High School and 1 newly opened private school.

STATUS OF THE 2013 COMPOSITE BUDGET IMPLEMENTATION

A. Financial Performance

Revenue performance

35. The two tables below show the revenue and expenditure performances of the Builsa South District Assembly as at December, 2013.

TAB. 1 REVENUE PERFORMANCE

Status Of 2013 Budget Implementation Financial Performance							
Co	Composite budget (ALL departments combined)						
	Performance as at D	ecember 31st 2013					
Revenue Items	2013 budget GH¢	Actual As at December 31st 2013 GH¢	Variance GH¢	%			
Total IGF	83,240.00	53,039.23	30,200.77	63.72			
DACF	1,733,134.00	610,723.68	1,122,410.32	35.23			
DACF(MP)	90,000.00	87,500.30	2,499.70	97.22			
DDF	509,676.00	453,681.00	55,995.00	89.01			
Compensation	264,734.00	-	-	-			
Goods and Service	54,326.21	23,927.43	30,398.78	44.04			
School feeding	352,341.00	123,974.25	228,366.75	35.19			
Other donor transfers	383,411.79	10,040.00	373,371.79	2.61			
TOTAL	3,470,863.00	1,362,885.89	2,107,997.11	39.27			

36. From the table above it could be seen that the overall performance of the district as at 31st December is not encouraging. The total revenue of the Assembly

amounted to GH¢ 1,362,885.89. This constitutes about 39.27% of total estimated revenue of GH¢ 3,470,863.00

37. To improve the situation the Assembly has decided to get revenue data for the district, undertake revaluation of commercial and residential properties and educate the populace on the need to pay taxes. Also the assembly has initiated the formation of revenue task force to assist the revenue collectors in revenue collection.

TAB. 2 Expenditure performance

Status Of 2013 Budget Implementation Financial Performance					
Compo	osite Budget (All D	epartments Comb	oined		
Per	rformance as at Dec	cember 31st 2013			
EXPENDITURE ITEMS	2013 budget	Actual As at Dec 31st, 2013	Variance	%	
	GH¢	GH¢	GH¢		
Compensation	270,734.00	0	270,734.00		
Goods and services	985,155.00	692,137.48	293,017.52	70.26	
Assets	2,214,974.00	291,069.62	1,923,904.38	13.14	
TOTAL	3,470,863.00	983,207.10	2,487,655.90	28.33	

38. The actual expenditure performance of the Assembly stood at GH¢ 983,207.10 which constitute 28.33% of the budget leaving a variance of GH¢2,487,655.90. The performance was not good. This is because the releases from the central government were not forthcoming, most especially those for the decentralized departments

TAB 3. Details of MMDA Departments

Status Of 2013 Budget Implementation Financial Performance						
CF	ENTRAL ADMIN	ISTRATION				
Per	rformance as at Dec	cember 31st 2013				
EXPENDITURE ITEMS	2013 budget	Actual As at Dec 31st, 2013	Variance	%		
	GH¢	GH¢	GH¢			
Compensation	270,734.00	0	270,734.00			
Goods and services	430,912.00	228,495.46	202,416.54	53.03		
Assets	1,561,656.00	291,069.62	1,342,586.38	18.64		
TOTAL	2,263,302.00	519,565.08	1,815,736.92	22.96		

39. The central Administration which is the pivot around which the activities of the other departments revolve suffered financially as funds from the central government and other donor support that were expected to help carry out the budgeted activities were insufficient. That is, the actual amount spent represents 22.96% of the budgeted amount which is on the lower side.

TAB. 4

Status Of 2013 Budget Implementation Financial Performance					
DI	EPARTMENT OF	AGRICULTURE	E		
Per	rformance as at Dec	cember 31st 2013			
EXPENDITURE ITEMS	2013 budget	Actual As at Dec 31st, 2013	Variance	%	
	GH¢	GH¢	GH¢		
Compensation	0	0	0		
Goods and services	86,187.00	23,875.00	62,312.00	27.70	
Assets	0	0	0	0	
TOTAL	86,187.00	23,875.00	62,312.00	27.70	

40. This table above shows that an expenditure of GH¢23,875.00 has been made in the Agric sector which represent 27.70% of the budgeted amount. This is due to the fact that GOG Transfers and other donor support were not sufficient and not forthcoming to carry on the budgeted activities.

TAB. 5

Status Of 2013 Budget Implementation Financial Performance					
DF	EPARTMENT OF	SOCIAL WELFA	ARE		
Per	rformance as at Dec	cember 31st 2013			
EXPENDITURE ITEMS	2013 budget	Actual As at Dec 31st, 2013	Variance	%	
	GH¢	GH¢	GH¢		
Compensation	0	0	0

CHALLENGES AND CONSTRAINTS

- **50**. These are challenges that apply to the assembly so far as the sources of funding are concerned.
 - Funding from the central government and other donor sources has not been forthcoming. This has seriously affected implementation of the various projects.
 - A good budget depends on availability of credible data. Builsa South District
 Assembly which is a newly created district is yet to get revenue database for
 the district and as a result affected the preparation of the budget and its
 implementation.
 - The Composite Budget system has not been fully understood by some heads
 of departments as well as the members of the assembly. As a result they are
 not committed towards its implementation.
 - The district's economy is largely agrarian mostly done on subsistence level and as such has low income. This is seriously affecting internal revenue generation.

JUSTIFICATIONS

- **51**. In spite of these challenges, the Builsa South District Assembly believes that the projects and programmes contained in the budget could be implemented based on the following;
 - The Assembly, from the beginning of 2014 will conduct socio-economic survey to get data on both residential and commercial properties as well as other business entities within the district.
 - The assembly will embark on massive education campaign on the need to pay taxes. This will be supported with public forum where the people will have the opportunity to ask questions and demand what their taxes are being used for. We hope that by this the people will come to appreciate that decentralization demands that they pay taxes to their local authority for the development of their community with support from the government.
 - Finally the Assembly believes that if government releases are adequate and timely, then the projects and programmes contained in the budget will be fully executed
