### **Background**

The Shama District Assembly with Shama as its capital was established in 2007 by Legislative Instrument (LI 1882) was one of the twenty-two (22) Administrative Authorities in the Western Region. The District was carved out of the then Shama-Ahanta East Metropolitan Assembly and was officially inaugurated in March, 2008.

The Assembly has a membership of 27 made up of seventeen (17) elected Members, eight (8) appointees, the District Chief Executive and a Member of Parliament. In line with the 1992 Constitution and Act 462 of 1993 the Assembly has the following Sub-District Structures;

- Shama Area Council,
- Aboadze-Abuesi Area Council,
- Inchaban Area Council,
- Shama Junction Area Council,
- Beposo- Supom Dunkwa Area Council; and
- Assorko-Essaman Area Council
- Unit Committee [(eighty-five) (85)]

#### **Location and Size**

The Shama District is bordered to the west by the Sekondi Takoradi Metropolitan Area to the east by the Komenda – Edina – Equafo – Abrem District, to the north by the Wassa East District and to the south by the Gulf of Guinea. The District covers an area of 215 square kilometers. The West Africa Highway (the N1) from Aflao to Elubo traverses the District; making it the gateway to the Western from the Greater Accra and to the Central Region from any other part of the Western Region.

## **District Population**

The population of the Shama District according to the 2010 Population and Housing Census stood at 83, 605 with females constituting about 44, 143 representing about 52.80% of the population whiles the male population stands at about 39, 462 representing about 47.20%.

#### **Vision Statement**

A district with people of culture within a serene environment with the best social amenities and economic opportunities

#### **Mission Statement**

The Shama District Assembly exists to facilitate the improvement of the quality of life of the people in the district through the provision of basic social services and the promotion of socioeconomic development within the context of good governance.

## **Brief profile of economic Activities**

The District economy can be divided into sectors such as Agriculture, Quarrying and Mining, Services, and Commerce.

- a. The Agriculture sector is the main backbone of the District employing about 55% of the active population in the District; the sector although growing at a slower pace, the Assembly is holding discussion with peasant farmers and other stakeholders to ensure the sector is reinvigorated. The activities identified in the Agriculture sector include fishing, livestock rearing and food crop production.
- b. Stone guarrying and sand-winning activities are also being carried out on commercial basis employing about 4% of the active labour force.
- c. The District has an extensive network of arterial roads, which basically consist of connectors and access roads. The total length of roads in the District is about 145Km<sup>2</sup> with only about 18.1Km<sup>2</sup> tarred. Transport services are provided by the Ghana Private Road Transport Union in collaboration with other organized transport unions.

d. There is one main financial institution in the District; Lower Pra Rural Bank with branches in Aboadze and Abuesi whiles Shama Cooperative Credit Union is also rendering banking services to its members. The Akatakyiman Rural Bank also has an Agency at Beposo.

### **Education**

The District has 6 educational circuits managing 40 pre-schools, 40 Primary, 30 Junior High and 2 Senior High Schools.

The District has 34 schools benefiting from the school feeding program and it is hoped that the program would be expanded to cover other deprived schools in the District.

The performance of students presented for BECE was as follows;

Year	No. of Students		Aggregate			%
	Presented					Performance
	Male	Female	0 -	07 –	16 - 30	
			06	15		
2010	838	711	7	70	392	30.13
2011	730	660	4	48	462	37.03

2013	636	548	2	119	729	72.28

**Source: District Education Office** 

#### **Health:**

There are eleven (11) hospitals, Clinics, health centers and CHPs Compounds in the District whilst the number of people insured under the NHIS as at September, 2013 was 47,671.

### **Energy:**

The Aboadzi Thermal and the T3 Plants are situated in the District. About 82% of the populations are connected to the National grid.

#### **Other Industries:**

Plans are far ahead for the construction work on the Fertilizer factory in the District while construction work is on-going for the establishment of bamboo factory in the District.

### **Mineral Deposit**

There are various mineral deposits in the District that are not being mined; the Assembly is however planning to enter into partnership with private investors to mine these minerals which would help maximize the benefit of the minerals and to also create employment for the citizenry. This table shows the type of minerals and their locations in the District.

S/N	Type of Mineral	Location in the District					
1	Gold	Along River Pra and its Valley					
2	Salt	Anlo Beach, Abuesi, Aboadze, Krobo and Bosomdo					
3	Clay	Inchaban, Aboadze, Komfueku and Ituma					
4	Kaoline	Apimenim, Ohiamadwen and Anto					
5	Quarry Stones	Aboso, Supomu-Dunkwa, Anto, Apimenyim, etc.

## **Broad Sectorial Policy Objective**

The Shama District Assembly in its quest to ensure local economic development and the diversification of improved living condition has its core objectives in line with the Ghana Shared Growth Development Agenda as follows;

- 1. Ensuring and sustaining macro-economic stability
  - Accelerating the development of the district economy through enhanced revenue mobilization and management
  - To ensure efficient internal revenue generation and transparency in local resource management
- 2. Enhanced competitiveness of Ghana's Private Sector
  - Involve the private sector in Public Private Partnership for accelerated development of the district especially in the area of infrastructural development.

- 3. Accelerated agricultural modernization and sustainable Natural Resource Management
  - To improve the condition of existing roads in the District to ensure easy movement of people and goods to stimulate productive activities
- 4. Human Development, Productivity and Employment
  - To ensure improved educational performance at the basic level from 70% to 100% pass in JHS Examination
  - To make health accessible to all especially the poor and vulnerable groups in the district
  - Progressively expands social protection interventions to cover the Poor, Vulnerable and the Excluded in society
- 5. Transparent and Accountable Governance
  - To improve the manpower capacity of the Assembly staff and Assembly Members and to also ensure governance at the grassroots level.

### **Key strategic Directions 2014 -2016**

- 1. Improves the revenue collection base of the Assembly by about 65% by the end of 2016 through monitoring, update of revenue data and to build the capacity of the Revenue Collectors.
- 2. Undertake Public education and sensitization on the civic right and responsibilities of the citizenry to the Assembly
- 3. Improve access to markets through the provision of market structures and roads
- 4. Creating enabling environment that would promote Public-Private Partnership in the provision of infrastructure for development and revenue generation
- 5. Accelerate the construction and rehabilitation of basic school infrastructure especially schools under trees and to provide support for students at all levels
- 6. Upgrade the capacity of Assembly staff for transparent, accountable, efficient, timely, effective performance and service delivery

- 7. Mainstreaming issues of the disables, vulnerable and the excluded in development planning
- 8. Accelerated Agriculture Modernization and Agro-Based Industrial Development through infrastructure provision and access to markets
- 9. Strengthens the existing sub-structures for effective participation in local governance at the grassroots level
- 10. Reducing the HIV/AIDS prevalence rate and malaria incidence in the District
- 11. Ensuring access to efficient and safe health service delivery through the construction of CHPS clinics
- 12. Improves disaster prevention through education and early responsiveness of disaster in the District
- 13. Improves environmental sanitation through the construction of sanitation facilities and rendering sanitation services.

## **Status Performance of the 2013 Composite Budget Implementation**

#### A. Financial Performance

Tables 1 and 2 below shows the revenue and expenditure performance of the Shama District Assembly as at December, 2012 and June, 2013

Total	3,513,818	2,886,034.66	4,961,424	1,543,237	3,418,186	68.90		

The Revenue performance for the 2012 fiscal year shows total revenue of GH¢2, 886, 034.66 representing about 82.13% out of which the actual Internally Generate Revenue was GH¢231, 783.36 representing about 8.08% of the total actual revenue for the 2012 fiscal year. The total actual revenue for the year 2013 as at June, was GH¢1, 543, 237.71 representing about 31.10% of the 2013 Estimates, the IGR component was GH¢165, 063.99 representing about 10.70% of the total revenue for the District as at June, 2013.

To Improve the Revenue situation, the following suggestion has been made:

- a. For the Internally Generated Revenue:
  - 1. To improve the Public Education and Sensitization
  - 2. Revenue Mobilization Taskforce would embark on revenue collection to improve the IGR situation
  - 3. Prosecute defaulters who were to pay by 31st March, 2013
  - 4. To intensify monitoring of Revenue Collectors and the Revenue Collection Agent

#### b. For Central Government Transfers:

- 1. The Assembly expects early and timely releases of the DACF and other Departmental releases to ensure effective performance of the Assembly and the Departments
- 2. It is also expected that releases would be without huge deductions that would reduce the actual receipts to the District to ensure projects and programs are undertaken without hitches

In terms of the recurrent expenditure, the Assembly is developing strategies that would ensure the expenditure growth is less than revenue growth to ensure IGR surplus for capital investment. Some of the measures being adopted are as follows;

- 1. To reduce fuel usage by ensuring that security men at post record when vehicles are parked after work. This is to ensure all vehicle are parked on time after staff are sent to their various destinations.
- 2. Fuel allocations are to be counter singed by the District Coordinating Director
- 3. Any office gadget and lights that would be left on after work, the cost would be surcharged to the Head of the Unit/Department
- 4. To use utilities efficiently to help reduce cos

### The 2014 Composite Budget was formulated with the assumption that:

- The 2014 DACF and the 2012 DDF releases would be timely and devoid of deductions at source
- Releases to the various Departments would be timely without much variation between the releases and budget to ensure the implement of departmental programs.
- The Assembly's strategies in improving its internally generated revenue would be implemented to ensure effective and efficient revenue mobilization that would help the Assembly in financing its recurrent and capital expenditures

## Key challenges and constraints in the implementation of the 2013

- 1. Lack of funds for the Departments to implement their programs for the first half of the year
- 2. There was no releases of the 2013 DACF as at June, 2013 hence the delay in the commencement of projects and programs
- 3. Slow economic activities also affected the IGR mobilization
- 4. Late releases of funds from DACF coupled with huge deductions from DACF hampers timely completion of projects and other works
- 5. Poor road network in the district
- 6. Low internally generated fund mobilization
- 7. Lack of logistics to assist in revenue generation
- 8. Inadequate public education and sensitization on the payment of rates and fees.
- 9. Non-prosecution of rate defaulters.

#### Strategies to be adopted in improving Internally Generated Revenue

The Assembly would adopt among others the under-listed measures to increase its internally generated revenue collections to facilitate the implementation of its programs and projects.

- **1. Capacity Building for Revenue Collectors:** There would be a Training program for revenue collectors to improve upon their inter-personal relationship and also help them to have a good customer relation. Also Collectors would be trained on map reading to enhance their efficiency on using the street name maps to distribute bills and collect revenues due the Assembly
- **2. Public Education and Sensitization:** The Assembly would embark on public education to create the awareness of the important of paying rates and the benefits the District derives from those rates. This would enhance the collection process since individual will know the reason for paying the revenue.
- **3. Early Distribution of Bills:** The 2014 bills would be distributed to rate payers latest by the end of first week in January, 2014 to ensure early payments of bills.
- **4. Establishment of Pay Points:** This would enhance easy access to payment points by the various rate payers especially those in the hinterlands.
- **5. Re-zoning of the District into Revenue Collection Sector:** This would help to identify customer with no difficulty.
- **6. Formation of Revenue Taskforce:** This would help enhance revenue collection while the taskforce would also monitor the collection done by Revenue Collectors. It would also ensure that those customers who were due to pay and are proving difficult or feeling reluctant to pay on time would be made to pay their rates.

- 7. Prosecution of Rate Defaulter: Rate defaulters would be prosecuted serve as deterrent to other individual to pay their rate on time.
- **8. Completion of Street Naming Exercise:** This is to enhance easy billing, revenue collection and tracking of payments.
- 9. Revaluation of Property to be completed by 2014: The revaluation of properties is to be completed by November, 2014. This would enhance property rate collections.
- **10**. **Monthly Auditing of Revenue Collection Book:** This would serve as a way of monitoring the Revenue Collection and payments made to the Assembly's Accounts.
- 11. **Setting Quarterly Revenue Target for Collectors:** This would help the Assembly assess the performances of the various Revenue Collectors and the Revenue Collecting Agent and to also discuss means of improving their performances, address challenges they may face on the field and discuss the way forward.
