PART A: INTRODUCTION

1. ESTABLISHMENT OF THE DISTRICT

Sene West District is one of the twenty-seven (27) districts in the Brong Ahafo Region, created in 2012 by the Legislative Instrument (LI) 2088. It has Kwame Danso as the district capital, which is about 245km from Sunyani, capital of the Brong Ahafo region. It is located on the south-eastern part of the region.

1.1 LOCATION AND SIZE

Sene West District is situated in the North/Eastern part of the Brong Ahafo Region of Ghana. The district is located between longitudes 0° 15'E and 0° 15'W and latitudes 7° N and 8° 30'N. In all, the district occupies a total land area of about 3,262.1 sq. km. It therefore constitutes about 8.2% of the region's land area, which is 39,557.08 sq. km. It extends from the Volta Lake in the north to River Obosom in the south.

Sene West District shares common boundaries with the East Gonja District to the north (in the Northern Region). Sene East District to the East (in the Brong Ahafo Region), to the South. To the South and West by Kwahu Afram Plains North and Sekyere Afram Plains Districts in the Eastern and Ashanti Regions respectively. To the West and North-West by Atebubu-Amanten and Pru Districts respectively (both in the Brong Ahafo Region).

2. POPULATION STRUCTURE

The population of the district is about Sixty Seven Thousand, Two Hundred and Sixty One (67,261) with growth rate of about 2.7%. Female population constitute about 49.3% whiles the male population forms about 50.7% of the total population respectively. The total dependency ratio of the district is about 91.4.

The district has a high illiteracy rate of about 49.3%. Thus, the literacy rate is about 50.7%. People with Basic education qualification constitute about 38% while's people with tertiary education forms only 0.2%.

The district is sparsely populated with population density of about 106 persons per sq. Km.

There are about one hundred and thirty seven (137) communities in the district. The District is predominantly rural with rural urban split of about of 74.1:25.9. (Source: Report on the 2010 Population and Housing Census- Statistical Service June 2017).

3. DISTRICT ECONOMY

The employment rate in the district is about 73% of the active labour force. The above figure puts the unemployment rate in the district at 27%. However, the unemployment rate in the region is about 34% which is higher than the district's rate of 27%.

a. AGRICULTURE

The major economic activities of the district fall under agriculture, forestry and fisheries, which employ about 77% of the active labour force in the district. Commerce, service and industrial sectors employ about 8.1%, 3.9% and 10.9% of the labour force respectively.

The local economy of the district is dominated by the agricultural sector. Of the total employed labour force in the district, agriculture employs about 77%.

All three main sectors of Agriculture, namely: crops, livestock and fisheries are being practiced in the district.

b. MARKET CENTRE

The only major market centre in the district is located at Kwame Danso. However, due to the poor road network, the patronage of the market is very poor. This situation prevents the Assembly from mobilizing the needed revenue from the market.

c. ROAD NETWORK

The road network in the district is in a very deplorable state, which makes transportation of goods especially farm produce and human beings very difficult. The main trunk road from Atebubu through Kwame Danso to Kojokrom remains un-tarred. The road almost becomes non-motorable during rainy season. The contractor on the Atebubu –Kwame Danso Road had abandoned site for the past three seven months and the condition of

the road keeps on deteriorating. However, works on the Kwame Danso-Kwadwokrom trunk road had begun and work is progressing steadily.

d. EDUCATION

There are 583 (58.1%) Trained Teachers in the district at the Basic level. The percentage of Trained Teachers in pre-school, primary and JHS are 12.2%, 64.2% and 75.9% respectively. The proportion of Untrained Teachers is 41.9%. The high number of untrained Teachers has given rise to poor results of BECE.

Comparatively the teacher pupil ratio in the district is lower than the national and regional average at the basic and second cycle levels. The teacher pupil ratio for KG, primary and JHS are 36:1, 33:1, 23: respectively.

However, it has been revealed that in spite of the good Pupil-Teacher ratio there are quite a number of schools with very few teachers because those are hard to reach areas due to bad road network and therefore teachers refuse postings to these communities.

The best performance of BECE for the last six year was in 2012 where the district obtained 48%. The reasons for the poor performance include the presence of many Untrained Teachers, Poor Parents participation in Education, poor supervision of teaching and learning especially in the remotest communities and trained teachers refusing posting to rural communities.

e. HEALTH

There are nine (9) health facilities in the district, one district hospital, one private clinic and seven CHPS Centres. These facilities are not only inadequate but also ill equipped to serve the district. The numbers of the various categories of health personnel in the district are inadequate. For instance, the Doctor-population ratio of 1: 67,261 and high nurse-population ratios put too much burden on Doctors and Nurses and other health professionals.

These high ratios coupled with inadequate logistics support could impacts negatively on the health delivery system in the district. Due to poor health care delivery, the potential for diseases to spread faster.

Sene West District Assembly

f. WATER AND SANITATION

The major sources of water supply in the district are pipe -born water, boreholes with pump, protected well, unprotected well, and rivers/streams, dugout/pond/lake/dam. Overall, 75 communities out of the 135 communities (representing 48.8%) have access to potable water.

In percentage terms it may seem the district is doing well in terms of water coverage as about 50% of the communities have access to portable water. However, going by the United Nations (UN) requirement of 300 people to a borehole, water supply is woefully inadequate as the best community in terms of adequacy of water supply has a ratio of one borehole to over 400 people.

There are 81 places of convenience in the District. Pit latrines serve most of the communities. The district can boast of only 39 modern public places of convenience.

g. ENERGY

About 20% of the communities in the district have been connected to the National Electricity Grid.

However, Seven Communities in the District are benefiting from the Rural Electrification Project, which is being implemented by the Ministry of Energy. Three of the communities are benefiting from extension of electricity to new sites whiles the remaining four are been connected to the National Grid. The 2010 Population and Housing Census draft report puts total number of households using electricity for lighting at 33.4% and total number of households using firewood as energy for cooking at 83.7%. The above situation leads to the depletion of the forest.

4. VISION OF THE DISTRICT ASSEMBLY

The vision of the Sene West Assembly is to become a well-placed and resourced Local Government Authority, which is able to improve upon the living standard and quality of life of its people in an enabling environment for good governance and overall development of the District

7

5. MISSION STATEMENT OF THE DISTRICT ASSEMBLY

Sene West District Assembly exists to improve on the standard of living of the people by collaborating with the communities and other stakeholders in the planning and implementation of policies and programmes within the national development framework. to address issues of unemployment, poor healthcare delivery, inaccessibility to education, untapped agricultural potentials, poor sanitation and inadequate potable water on a sustainable basis.

PROGRAMME1: Management and Administration

SUB-PROGRAMME 1.3 Planning, Budgeting and Coordination

1. Budget Sub-Programme Objective

- · Facilitate, formulate and coordinate plans and budgets and
- · Monitoring of projects and programmes.

2. Budget Sub-Programme Description

The sub-programme is responsible for preparation of comprehensive, accurate and reliable action plans and budgets. The sub-programme will be delivered by conducting needs assessment of Area councils and communities; hold budget committee meetings, DPCU meetings, stakeholder meetings, public hearings to ensure participatory planning and budgeting. The two main units for the sub-programme include the planning unit and budget unit as well as the expanded DPCU. Funds to carry out the programme include IGF, DACF, and DDF. Effective delivery of this sub-programme will benefit not only the community members but also development partners and the departments of the assembly.

Plans and budgets of decentralized departments are not easy to come by and thus posing a hindrance towards achieving the objectives of this sub-programme. Other challenges include lack of motorbikes to undertake effective M&E, lack of commitment and teamwork from departments, inadequate knowledge on new planning and budgeting reforms by the decentralized departments and political interference. Two officers comprising of one Budget Analyst and one Planning Officers proficiently manage the sub-programme. Funding for the planning and budgeting sub-programme is from IGF and DACF.

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME1: Management and Administration

SUB-PROGRAMME 1.5 Human Resource Management

1. Budget Sub-Programme Objective

The objective of the sub-programme is

• Coordinate overall human resources programmes of the district.

2. Budget Sub-Programme Description

The Human resource management sub-programme seeks to manage, develop capabilities and competences of staff and coordinate human resource programmes for efficient delivery of public service. The sub-programme would be carried out through ensuring regular updates of staff records, staff needs assessment, ensuring general welfare of staff, ensuring inter and intra departmental collaboration to facilitate staff performance and development, organizing staff trainings to build their capabilities, skills and knowledge.

The human resource unit has strength of two officers comprising of one Human resource manager and 1Principal Executive officer. Funds to deliver the human resource subprogramme include IGF, DACF and DDF capacity building. The main challenge faced in the delivery of this sub-programme is the weak collaboration in human resource planning and management with key stakeholders.

BUDGET PROGRAMME SUMMARY

PROGRAMME 2: INFRASTRUCTURE DELIVERY AND MANAGEMENT

1. Budget Programme Objectives

- To exercise district-wide responsibility in planning, management and promotion of harmonious, sustainable and cost effective development of human settlements in accordance with sound environmental and planning principles.
- To provide socioeconomic infrastructure and ensure periodic review of plans & programmes for construction and general maintenance of all public properties and drains

2. Budget Programme Description

The programme is responsible for provision of physical and socioeconomic infrastructure while promoting a sustainable human settlement development on principle of efficiency, orderliness, safe and healthy growth of communities. Key departments in carrying the programme include the Physical Planning Department and the District Works Department.

The physical planning is responsible for the:

- Planning and management of human settlements; provision of planning services to public authorities and private developers;
- Development of layouts plans (planning schemes) to guide orderly development;
- Collaboration with survey department, prepare acquisition plans when stool land is being acquired;
- Responsible for physical/spatial planning of customary land in conjunction with the stool/skin; and
- Responsible for development control through granting of permit.

The District Works department carry out such functions in relation to feeder roads, water, rural housing etc.

- The department advises the Assembly on matters relating to works in the district;
- Assist in preparation of tender documents for civil works projects;
- Facilitate the construction of public roads and drains;
- Advice on the construction, repair, maintenance and diversion or alteration of street;
- Assist to inspect projects under the Assembly with departments of the Assembly;
- Provide technical advice for the machinery and structural layout of building plans to facilitate escape from fire, rescue operation and fire management; and
- Provide technical and engineering assistance on works undertaken by the Assembly and owners of premises.

The District Assembly however lacks a physical planning officer and so the physical planner at Bole District Assembly oversees the office of the Physical Planning Department in Kwame Danso. There are in all 10 staff to carry out the infrastructure delivery and management programme. The programme will be funded with funds from IGF, DACF, DDF and Ghana Social Opportunity Project (GSOP).

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME2: Infrastructure Delivery and Management

SUB-PROGRAMME 2.1 Physical and Spatial Planning

1. Budget Sub-Programme Objective

• To facilitate the implementation of such polices in relation to physical planning, land use and development within the framework of national polices.

2. Budget Sub-Programme Description

This bub-programme seeks to ensure planning, management and promotion of harmonious, sustainable and cost effective development of human settlements in accordance with sound environmental and planning principles. Specific functions of the sub-programme include:

- Preparation of physical plans as a guide for the formulation of development policies and decisions and to design projects in the district.
- Identify problems concerning the development of land and its social, environmental and economic implications;
- Advise on setting out approved plans for future development of land at the district level;
- Advise on preparation of structures for towns and villages within the district;
- Assist to offer professional advice to aggrieved persons on appeals and petitions on decisions made on their building;
- Facilitate consultation, co-ordination and harmonization of developmental decisions into a physical development plan;
- Assist to provide the layout for buildings for improved housing layout and settlement;
- Ensure the prohibition of the construction of new buildings unless building plans submitted have been approved by the Assembly;
- Advise the Assembly on the siting of bill boards, masts and ensure compliance with the decisions of the Assembly;
- Advise on the acquisition of landed property in the public interest; and

Undertake street naming, numbering of house and related issues.

The organizational unit that will be involved is the Town and Country Planning unit and the Parks and Garden unit. Unfortunately, Sene West District has no staff in any of these units and so the department is sometimes dormant thus creating too much workload on the physical planner from our Sister District (Atebubu) who oversees our District.

The sub-programme is funded through the DACF and the Internally Generated Revenue. The larger community and other departments of the Assembly stand to benefit greatly in this sub-programme. The main challenge confronting the sub-programme is the lack of staff to operate and supervise the implementation of programme and projects under the sub-programme. Inadequate resource both financial and in human resource to prepare base maps.

SUB-PROGRAMME 2.2 Infrastructure Development

1. Budget Sub-Programme Objective

To facilitate the implementation of such polices in relation to feeder roads, water and

sanitation rural housing and public works within the framework of national polices.

2. Budget Sub-Programme Description

The sub-programme is delivered through facilitating the construction, repair and maintenance of

project on roads, water systems, building etc. The sub-programme also prepare project cost

estimates on roads, buildings, water and sanitation for award of contract; supervise all civil and

building works to ensure quality, measure works for good project performance. The Department

also checks quality performance and recommends claims for preparation of payment

Certificate/Fluctuations and Variations; rehabilitation and construction of boreholes, reshaping of

roads and street lightening across the District; and facilitate the identification of Communities to

be connected on to the National Grid.

The Department of Works of the District Assembly is a merger of the Public Works Department,

Department of Feeder Roads and District Water and Sanitation Unit, Department of Rural Housing

and the Works Unit of the Assembly. The beneficiaries to the bub-programme include the public,

contractors and other departments of the Assembly.

There are 10 staff in the Works Department executing the sub-programme and comprises of 1

quantity surveyor, 2 Senior works engineer, 3 technical officers, 1 tradesman/mason, 1 grader

operator, 1 bulldozer operator and 1 secretary totalling 10 (9 staff on GoG pay-roll and 1 staff on

IGF pay-roll). Funding for this programme is mainly DDF, DACF, GSOP and IGF.

Key challenges of the department include delay in release of funds, limited capacity (water and

sanitation engineers, hydro geologists) to deliver effectively water and sanitation project, difficult

BUDGET PROGRAMME SUMMARY

PROGRAMME 3: SOCIAL SERVICES DELIVERY

1. Budget Programme Objectives

- To provide equal access to quality basic education to all children of school going age at all levels
- To improve access to health service delivery.
- Facilitate in the integrating the disadvantaged, vulnerable and excluded in mainstream of development.
- Works in partnership in the communities to improve their well-being through promoting social development with equity for the disadvantaged, the vulnerable, persons with disabilities and excluded.

2. Budget Programme Description

Social Service Delivery is one of the key Programmes of the Assembly. This programme seeks to take an integrated and holistic approach to development of the District and the Nation as a whole. There are four sub-Programmes under this Programme namely: Education and Youth Development, Health delivery and Social Welfare and Community Development.

The education, Youth and Sport Department of the Assembly is responsible for pre-school, special school, basic education, youth and sports, development or organization and library services in the district. The department therefore assists the Assembly in the formulation and implementation of programmes in such areas of education and youth development.

The Department of Health in collaboration with other departments assist the Assembly to deliver context specific health care interventions by providing accessible, cost effective and efficient health service at the primary and secondary care levels in accordance with approved national policies by ensuring prudent management of resources.

The Social Welfare and Community Development Department assist the Assembly to formulate and implement social welfare and community development policies within the framework of national policy.

Extreme poverty continues to work against the economic gains that Ghana has chalked over the past two decades. It is estimated that about 18% of Ghanaians live under extreme poverty conditions. This means that they are neither able to afford daily subsistence requirement nor afford education and basic health for themselves and their children.

This phenomenon perpetuates generational poverty. In order to ensure equitable distribution of national resources and mainstreaming of the extremely poor, Government developed and started implementing the National Social Protection Strategy (NSPS) in 2007. In SENE WEST District, 579 households are benefitting from conditional and unconditional cash transfer under the Livelihood Empowerment against Poverty (LEAP) Programme; a component of the NSPS. Extremely poor Older Persons above 65 years have been enrolled onto the LEAP and are entitled to unconditional cash transfer.

The total number of personnel under this budget Programme is 759.
