BUDGET PROGRAMME SUMMARY

PROGRAMME 3: SOCIAL SERVICES DELIVERY

1. Budget Programme Objectives

- To provide equal access to quality basic education to all children of school going age at all levels
- To improve access to health service delivery.
- Facilitate in the integrating the disadvantaged, vulnerable and excluded in mainstream of development.
- Works in partnership in the communities to improve their well-being through promoting social development with equity for the disadvantaged, the vulnerable, persons with disabilities and excluded.

2. Budget Programme Description

Social Service Delivery is one of the key Programmes of the Assembly. This programme seeks to take an integrated and holistic approach to development of the District and the Nation as a whole. There are four sub-Programmes under this Programme namely; Education and Youth Development, Health delivery and Social Welfare and Community Development.

The education, Youth and Sport Department of the Assembly is responsible for pre-school, special school, basic education, youth and sports, development or organization and library services in the district. The department therefore assists the Assembly in the formulation and implementation of programmes in such areas of education and youth development.

The Department of Health in collaboration with other departments assist the Assembly to deliver context specific health care interventions by providing accessible, cost effective and efficient health service at the primary and secondary care levels in accordance with approved national policies by ensuring prudent management of resources.

The Social Welfare and Community Development Department assist the Assembly to formulate and implement social welfare and community development policies within the framework of national policy.

Extreme poverty continues to work against the economic gains that Ghana has chalked over the past two decades. It is estimated that about 18% of Ghanaians live under extreme poverty conditions. This means that they are neither able to afford daily subsistence requirement nor afford education and basic health for themselves and their children.

This phenomenon perpetuates generational poverty. In order to ensure equitable distribution of national resources and mainstreaming of the extremely poor, Government developed and started implementing the National Social Protection Strategy (NSPS) in 2007. In Chereponi District, 579

households are benefitting from conditional and unconditional cash transfer under the Livelihood Empowerment against Poverty (LEAP) Programme; a component of the NSPS. Extremely poor Older Persons above 65 years have been enrolled onto the LEAP and are entitled to unconditional cash transfer.

The total number of personnel under this budget Programme is 759.

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME3: SOCIAL SERVICES DELIVERY

SUB-PROGRAMME 3.2 Health Delivery

1. Budget sub-programme objective

- Bridge equity gap in geographical access to health care services
- Ensure sustainable financing for health care delivery and financial protection for the poor
- Improve efficiency in governance and management of health systems programs
- Improve quality of health service delivery including mental health services
- Enhance national capacity for the attainment of the health related SDGs and sustain gains made
- Intensify prevention and control of non-communicable and other communicable diseases

2. Budget sub-programme description

Ghana Health Service is the major agency responsible for health service delivery in the District. The service depends largely on monthly routine data generated from the various health facilities on curative, preventive and health promotion services. Apart from the routine data, the sector also collaborates with stakeholders like Ghana Statistical service, NGOs and research institutions to undertake periodic surveys and sentinel studies that provide additional information for decision making and re-strategizing.

The service seeks to improve on the overall health status and reduce inequalities in health outcomes of people living in the District. This is achieved through working in collaboration with all partners in the health sector to ensure that every individual, household and community is adequately informed about health; and has equitable access to high quality health related interventions.

The District Health Directorate comprises of the Public health unit (Nutrition, Disease control, Reproductive and Child health and health promotion), Health information unit, Clinical care unit and Finance and Administration units which oversees activities at the District level. For easy administration, the District is further scaled down to Sub-district, Facility, Zonal and Community level with the ultimate aim of reaching out to the households and individual who are the beneficiaries.

The preventive and health promotion services are delivered with funding from GoG, UNFPA, UNICEF, KOIKA, Global Fund, NMCP and USAID while the curative services are funded from the Internal Generated Funds through the National Health Insurance Scheme. To deliver these services the sector can boast of One Hundred and Fifty-two staff (152) comprising of One (1) Doctor, two (2) Physician Assistants, thirteen (13) Midwives, One hundred and sixteen (116) Nurses with the rest being paramedical and support staff. However, the sector is challenged with

inadequate staff, weak transport (threat), funding gap and late re-imbursement of NHIA, inadequate equipment and poor infrastructure.

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME4: ECONOMIC DEVELOPMENT

SUB-PROGRAMME 4.2 Agricultural Development

1. Budget Sub-Programme Objective

- To provide food security and sufficiency for sustained livelihoods in the District.
- Food security and emergency preparedness
- · Increased growth in income
- Increased competitiveness and enhance integration and international markets
- Sustainable management of land and environment including climate change adaptation and mitigation
- Science and Technology applied in food and agricultural Development
- Improved institutional coordination

2. Budget Sub-Programme Description

The district seeks to provide inputs to farmers, acquire farm machinery for agricultural mechanization, promote Dairy and Poultry farming, and promote fisheries.

However, the Department continues to face the following challenges, among them, weak monitoring and evaluation system and inadequate physical facilities. Other challenges are the high cost of farm inputs, declining soil fertility, high cost of credit and poor marketing infrastructure.

In addition, production has been undermined by weak research-extension-farmer linkages and the effects of climate change. Farming and animal disease management among others.

To enhance agricultural production and productivity by initially completing the existing irrigation projects, promote Dairy and poultry farming and control of livestock diseases. To alleviate poverty, the department is targeting the resource poor households through the inputs access programme, which has a component of inputs provision as a start-up fund for the beneficiaries.

They will be expected to carry out the same agricultural activities on their own in the subsequent years. In addition, the department intends to focus on farmer field schools as capacity building for farmers.

The Agric Department of the Assembly will solely be in charge of the Agric activities with support from all units of the Assembly GOG and USAID with staff strength of twelve (12) key challenges include:

- Lack of funds to carry out field activities
- Low staff strength to man the vacant operation areas of the district

- Inadequate logistics such as computers, modern, credit, GPS, motor bikes among others
- The office needs renovation
- Inadequate accommodation for staff in the operational areas
- Weak official vehicle
- Lack of irrigation facilities for dry season farming

BUDGET PROGRAMME SUMMARY

PROGRAMME 5: ENVIRONMENTAL AND SANITATION MANAGEMENT

1. Budget Programme Objectives

To increase accessibility to safe and clean water and establish sustainable solid waste management systems while creating awareness on environmental protection

2. Budget Programme Description

Environmental Health and Sanitation Unit is mandated to ensure that the People of Chereponi are provided with desired service levels in water provision under secure and sustainable environment.

As this is being implemented, the Department will look beyond pure infrastructure investment requirements and introduce interventions for ensuring that the infrastructure addresses challenges of professional service delivery, sustainable operation and maintenance, adequate access to services and protected water catchment zones that include the many river sources, both permanent and seasonal, and wetlands that run across the county and need protection and rehabilitation.

The vegetation cover will increase to levels that will influence environmental changes and have direct impact on climate change and quality of water. Solid and liquid waste management forms the biggest challenge for the county. Investment requirements are enormous and the department shall partner with relevant partners in ensuring adequate measures are put in place to effectively control town and urban waste collection that also includes our District Sewerage and Sanitation.

The programme is funded from GOG, UNICEF, SNV and USAID. The beneficiaries of the programme are all the communities in the District with staff strength of fourteen (14) trained Environmental Health Staff and Fifteen Sanitation Guards. The key issues/challenges for the subprogramme are

- Inadequate office infrastructure
- Inadequate furniture for staff
- · Inadequate means of transport
- Little support from GOG funds

Over reliance on donor support for activities implementation

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME5: ENVIRONMENTAL AND SANITATION MANAGEMENT

SUB-PROGRAMME 5.1 Disaster prevention and Management

1. Budget Sub-Programme Objective

- To enhance the capacity of society to prevent and manage disasters
- To improve the livelihood of the poor and vulnerable in rural communities through effective disaster management, social mobilisation and income generation.

2. Budget Sub-Programme Description

The sub-programme seeks to promote disaster risk reduction and climate change risk management. It is also to strengthen Disaster Prevention and Respond mechanisms of the District.

The sub-programme is delivered through public campaigns and sensitisations; assisting in postemergency rehabilitation and reconstruction of efforts; provision of first line response in times of disaster and; formation and training of community-based disaster volunteers.

The Disaster Management and Prevention Department is responsible for executing the subprogramme. The larger public at the community levels are the beneficiaries of this sub-programme.

Funds will be sourced from IGF, DACF and Central Government supports. Challenges which confront the delivery of this sub-programme are lack of adequate funding, low and unattractive remunerations, and unattractive conditions of work.

In all, a total of 12 NADMO officers will carry out the sub-programme.

3. Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the District's estimate of future performance.
