PART A: INTRODUCTION

Sunyani Municipal is among the 29 Administrative Districts in the Brong Ahafo Region of Ghana with a land size of 829.3 Square Kilometers (320.1square miles). One third of the total land area is not inhabited nor cultivated which provides ample arable land for varied forms of investment. The municipality shares boundaries with Sunyani West District to the North, Dormaa East District to the West, Asutifi District to the South and Tano North District to the East. The three largest suburbs within the Municipality namely; Sunyani, Abesim and New Dormaa accommodate 74.3 percent of the total Municipal population. Sunyani, the Municipal capital alone accommodates approximately 60 percent of the total population and growing rapidly in terms of size and business activities to attract localities as Fiapre and Odomase within the Sunyani West District. It is also a very clean and well maintained city with well-developed tourism facilities such as an International Conference Centre, a Three Star hotel, a Two Star hotel and several Budget hotels which serve both local and foreign dishes.

1. ESTABLISHMENT OF THE DISTRICT

The Sunyani Municipal Assembly was established by Legislative Instruction (L.I) 1924 of 2004 with three Zonal Councils of Atronie, Abesim and Sunyani

2. POPULATION STRUCTURE

The Municipality had a population of 101,145 in the 2000 Census. This increased to 123,224 in the 2010 Population and Housing Census, made up of 61,610 males and 61,614 females with a growth rate of 2.3 percent. Currently (2018) the population is projected to be 147,982 made up of males 72,728 and 75,254 females with a growth rate of 2.4 percent (MPCU 2018).

The population in the Municipality is generally concentrated in three communities of Sunyani, Abesim and New Dormaa, which hold about 83 percent of the population, with only 17 percent distributed among the other settlements. Sunyani, the Municipal Capital, accommodates about 60% of the total population. The current concentration has brought with it problems of congestion and slum growth which the Assembly is working hard to address.

3. MUNICIPAL ECONOMY

A. AGRICULTURE

The economy of the municipality is basically agrarian. It enjoys food security throughout the year. Its capital serves as a major market center for a large number of agricultural produce like maize, cassava, plantain, yam, cocoyam and vegetables which are produced in the region. Cash crops such as cocoa, citrus, mangoes and oil palm are also grown in the municipality. Currently, about 20-50 percent of agricultural lands in the municipality are under cultivation.

Most crop farmers are also engaged in the production of small ruminants and poultry. Cattle and pigs are produced but not on such commercial scales as to meet local demand. Few famers are also engaged in curd fish and tilapia production but are not able to produce to meet the increasing demands of fish consumption in the municipality. In totality, according to the 2010

SUNYANI MUNICIPAL ASSEMBLY V SUNYANI MUNICIPAL ASSEMBLY 1

Population and Housing Census, nearly two thirds (65.7%) of households in the municipality are into non-agricultural activities with the remaining 34.3% into agricultural activities. This is attributable to the fact that most inhabitants of the municipality are urban dwellers. The high urban population is a potential market for all types of farm produce. Though there is a high level of subsistence production, the municipality is taking advantage of the government's Planting for Food and Jobs programme to scale up production to meet domestic needs as well as for export. There is also the dire need for the private sector to invest in agro processing as the opportunities abound. This would go a long way to minimize post-harvest losses currently plaguing farmers and robbing them of their returns on investment. Also, to reduce the effect of fall army worms infestation in cereals production through the distribution of free chemicals and farmer Education

B. MARKET AND TRADE

Sunyani Municipal Assembly operates one of the biggest markets in the Brong Ahafo Region called Nana Bosoma Market. This market operates on weekly basis, and specifically every Wednesday. The market is opened for all range of marketable goods from perishable and semi-perishable products and produce to durable produce and products. The market has facilities of convenience such as toilet facilities and urinals. A slaughter house which is located in the market premises for meat products is being relocated to a newly constructed facility at Asuakwa from where meat will be transported daily to the market for sale. The market is virtually a regional market as it is accessible by people from all districts within the Brong Ahafo region as well as people from neighboring Ashanti Region. The Nana Bosoma Market is currently undergoing massive facelift through a Public Private Partnership Agreement where a number of high rising buildings for market stores and other business ventures are being built. These projects are at various stages of completion.

In order to beef up security, the Assembly is mobilizing Internally Generated Funds to build a police post in the market. Additionally the Assembly is currently extending streetlight to various sections of the market to prolong daily trading activities. In addition to this major weekly market, the municipality has a sizable market which operates daily and located at the Central Business District. There are also satellite markets in peripheral communities such as Atronie, New Dormaa, SSNIT Flats, Estates, Nwawasua and Abesim. The capital city also presents a huge potential market for manufactured products of all kinds. The private sector can take advantage of the potential market and invest in the development of shopping centres or malls.

C. ROAD NETWORK

According to the Department of Urban Roads, the municipality has 507.71km of road network made up of 228.33km sealed roads and 277.38km unsealed roads. Major settlements of the municipality are interconnected with major arterial roads whilst smaller settlements are connected with feeder roads.

On traffic management and road safety, the municipality has 6-No.Traffic Signal Intersections which are all functional. Due to the increasing volume of traffic in the capital city, there is the dire need put traffic control mechanisms in place. In this regard the Assembly is revamping the pay parking system and also erect additional traffic lights. The private sector can also partner the Assembly to develop other safe and convenient vehicle parking infrastructure.

D. EDUCATION

Service delivery in the education sector is provided by both Public and Private Institutions. Out of a total number of 356 schools in the municipality, 187 are public with the remaining 169 owned and managed by private individuals and institutions. The details are shown in the table below.

| LEVEL | PUBLIC | PRIVATE | TOTAL |

E. HEALTH

The Municipality is advantaged to have the Regional Hospital cited in the capital city of Sunyani. The regional hospital serves the whole Brong Ahafo Region as a referral hospital. The Municipal Health Directorate has 31 Health facilities under its jurisdiction as shown in the table below

| Ownership | Hospital | CHPS | Health Centers | Clinics | Maternity Homes | Total |

Health facilities are evenly distributed in the urban part of the municipality and almost all the private facilities are located in the urban areas. Health delivery in the municipality is also augmented by 34 functional CHPS zones. However, the 34 functional CHPS zones have only three functional CHPS compounds currently. The Assembly invites the private sector, NGOs and donors to complement and provide other CHPS compounds in the other functional zones. The Sunyani Municipal Hospital which also serves as a referral point to the lower level facilities in the municipality has logistical and infrastructural deficits that require assistance from both the public and private sector to address. The Assembly is currently constructing a Maternity Ward at the Municipal Hospital which when completed, will go a long way to address maternal and infant mortality issues in the municipality.

F. WATER AND SANITATION i. WATER

Potable water in the Municipality is delivered by Ghana Water Company mainly in the urban settlements whiles rural settlements are served with boreholes. Recently however, supply of water from the Ghana Water Company faced intermittent shortage during the dry season. The shortage was caused by farming along banks of the river and illegal mining in the Tano River basin, the main sources of supply to the Ghana water Company water system. The Tano River is now polluted and cost of treatment has become expensive due to the illegal activities.

To ensure sustainable delivery of potable water in the Municipality, it is prudent for Ghana Water Company to switch focus on tapping underground water which is in abundance and safer for distribution to its clients. Additionally, the Assembly shall continue to partner the Community Water and Sanitation Agency and other stakeholders to increase potable water access in the rural communities of the Municipality by drilling a number of boreholes.

ii. SANITATION

In the area of solid waste disposal, the Assembly has 52 sanitary sites, some developed and provided with pads. Solid Waste Management Services are organized along these communal central containers. Skip loaders and the roll-on, roll-off trucks remove these Fifty two (52) waste containers placed at sanitary sites daily to the final disposal site. The final disposal site (the landfill site) acquired by the Assembly for the purpose of solid waste disposal is being managed by "Waste Landfills", subsidiary company of Zoomlion Ghana Limited. So far, there is no investment in the Municipality in the area of waste recycling. Private sector investment in waste segregation and recycling would go a long way to enhance the cleanliness of the capital city.

The Environmental Health and Sanitation Unit, after the Brong Ahafo edition of the National Sanitation day exercise in October 2016, took delivery of 300 number, 240 liter waste bins and has since distributed them to households and public places within the Sunyani Township for door-to-door waste collection services. The programme is going on smoothly except that the

waste bins are woefully inadequate. Plans are far advanced to procure one thousand (1,000) additional waste bins to upscale the door-door collection.

In the area of liquid waste management the Assembly has one cesspit emptier truck whilst Zoomlion Company has two. These trucks are equipped with vacuum pumps capable of dislodging contents of cesspit tanks from households and commercial premises and discharge same into the Assembly's Oxidation Pond. The Sustainable Rural Water and Sanitation Project which is one of the flagship projects of World Bank has begun implementation in Sunyani Municipality since June 2018. The project is expected to expand access to, and ensure sustainable water supply and sanitation services in rural and small town/communities in 6 regions of Ghana. The financing has a 2 years duration which requires very innovative and practical approach towards the achievement of the sanitation targets. These targets include the attainment of ODFs and construction of 20,000 household latrines.

G. ENERGY

Households in the Municipality use a mixture of energy sources including electricity, gas lamps and solar energy. According to the 2010 GSS census, majority of households in the Municipality use electricity as their main source of lighting constituting 80.1 percent in the urban areas and 30.7 percent in rural households. The use of solar energy, electricity from private generators, gas lamps, firewood and candle as household source of lighting is minimal.

In order to stimulate economic activities leading to increased incomes and improved living conditions in consonance with the vision of the Assembly a number of communities have been packaged to benefit from extension of the national electricity grid. The Assembly has also made modest allocations in its budget to continue extending electricity and streetlights to peripheral communities. The Assembly through education is also encouraging the use of Liquefied Petroleum Gas (LPG) as the main source of domestic energy in order to minimize the use of fuel wood and charcoal as the main source of household energy together with their devastating environmental effects

4. VISION OF THE ASSEMBLY

To be the most progressive and efficient Local Government Authority with enhanced living condition for all inhabitants

5. MISSION STATEMENT OF THE ASSEMBLY

The Sunyani Municipal Assembly exists to work in collaboration with all stakeholders to ensure access and quality to basic socio- economic services, create a conducive environment for wealth creation and empower the people to effectively participate in local governance.

6. KEY ACHIEVEMENTS IN 2018

6.1 General Administration

Central Administration facilitated the organization of statutory meetings. In all 3 General Assembly meetings, 3 Executive committee meetings and each sub-committee held at least 3

SUNYANI MUNICIPAL ASSEMBLY

4 SUNYANI MUNICIPAL ASSEMBLY

meetings. Three administrative reports were also compiled and submitted. In order to maintain peace and security within the Municipality, eight (8) security meetings were held. One key issue that was handled during the period was the rift between the Sunyani Garages Association members and the Nigerian traders doing retail trade. For now peace has been restored and business activities are going on as usual.

In order to ensure good governance the Municipal Chief Executive organized familiarization tour to all the 34 electoral areas of the Assembly to abreast herself with issues and concerns of the citizens. This activity really provided valuable inputs in term of projects and programmes captured in the Medium Term Plan and Budget of the Assembly.

6.2 Physical Planning

One of the achievements of the Physical Planning Department is organization of regular and timely Spatial Planning Committee meetings. The Department within the year organized five (5) successful meetings. During the year under review, 85 development applications were received. Out of this, 76 have been approved whilst 9 have been deferred for due diligence. The Department, and for that matter, the Sunyani Municipal Assembly has been ranked first with regards to the organization of Spatial Planning meetings in the Brong Ahafo region and among the best ten MMDAs in the whole country. Additionally, as part of measures to improve the Internally Generated Revenue of the Assembly, The Physical Planning Department and for that matter the Sunyani Municipal Assembly is among the best five MMDAs in the Brong Ahafo Region who is doing well in terms of Street Naming and Property Addressing System. By far the Department has been able to digitize and identify 60% properties in the municipality with about 55% work done on Street Naming. Sunyani Municipal has gone far in terms of property numbering and the Street Naming Exercise as compared to the work done by other MMDAs in the Region.

6.3 Roads

In the area of roads, the Urban Roads Department achieved the following: Grading of 5.0 kilometers of roads; grass cutting along 2.5 kilometers of roads; maintenance of 6 number Traffic Lights; pothole patching on 5.0 kilometers of roads; desilting of drains and streams where many chocked drains and streams within the municipality were desilted to enable free flow of water aimed at reducing the outbreak water related diseases. In all, total of 2,200 M³ of drains have been desilted within the year under review.

6.4 Health

In the area of Health Services Delivery, one of the objectives is to ensure affordable, equitable and easily accessible healthcare services (Universal Health Coverage). Under this objective, the following were achieved. Accreditation of the Atronie Health Centre with the NHIS which now makes healthcare affordable and accessible to the Atronie community and its environs and also the presence of two midwives residing in the community; Nwawasua CHPS compound now connected to the national grid; Fifty-one thousand, one hundred and sixty-nine (51,169) households were visited representing 104.5% from January to September, 2018. These households visited were provided with various health education and promotion messages to ensure good health.

In reducing morbidity, disability and mortalities under objective two, the MHD distributed 93,726 Long Lasting Insecticide Nets (LLIN) representing 88% of target eligible households to the populace of Sunyani during the 2018 Point Mass Distribution of bed nets. This will intend reduce the burden of malaria in the municipality.

The sector carried out Lymphatic Filiariasis Mass Drug Administration and administered Ivermectin and Albendazole to 85.1% of the population. In the period of January to June 2018, the Mental Health unit saw a total of 735 clients, 505 old cases (230 males, 275 females) and 230 registrants with various mental health conditions comprising of 112 males and 91 females. Also 4,378 and 5,333 children were vaccinated with the Measles 2 and Yellow fever vaccines respectively.

As part of efforts to strengthen quality of data available for decision making, the MHD conducted monthly data validation meetings and quarterly data verification exercises in all health facilities to ensure data is available and accurate for decision making. In intensifying the prevention and control of communicable diseases and ensuring the reduction of new HIV and AIDS/STIs infections among the vulnerable, the Municipal Health Directorate conducted ten (10) Know Your HIV status Campaigns in various communities in the Municipality. These measures have moved Sunyani Municipal from the top position of HIV/AIDS prevalence in the 2016 Sentinel survey.

In the area of Environmental Health, regular monitoring of waste management activities were carried out to ensure that people live in descent and clean environment devoid of contamination and outbreak of diseases. In this regard Five (5) new 12m3 containers have been procured to support public waste collection whilst the procurement of One Thousand (1,000) 240litre bins has been awarded on contract to boost domestic waste collection. Currently the city is very clean and shall remain so for the rest of the year.

6.5 Social Welfare and Community Development

Department of Social Welfare and Community Development is mandated to promote and protect child rights and Welfare, the disabled, poor and vulnerable, the existence of the Civil Society Organizations, assist in mass education, empowerment of women and youth among others. As at October 2018 the department has achieved the following: In the area of court work, 169 family tribunal cases were resolved, 28 Juvenile cases were heard and 218 Agency cases were recorded. In the area of referrals, supervision and disability, the following were achieved.

SUB-PROGRAMME: 1.2 Finance and Revenue Mobilization

1. Budget Sub-Programme Objective

- > Boost revenue mobilisation, eliminate tax abuses and improve efficiency
- > Improve public expenditure Management and Budgetary Control.

2. Budget Sub- Programme Description

The Finance Sub- Programme comprises three units namely, the **Accounts, Revenue** and **Treasury** Units. Each unit has specific roles they play in delivering outputs of the sub-programme. The Accounts Unit collects records and summarises financial transactions into financial statements and reports to assist management and other stakeholders in decision making. The unit also receives, keeps safe custody and disburses public funds.

The Revenue Unit carries out sensitization, and collection of revenues resulting in the various sources of income such as **basic rates**, **property rates**, **rents**, **licences**, **fees and fines**. These constitute the main sources of Internally Generated Fund (IGF) of the Assembly.

The Treasury unit exists to see to the payment of GoG expenditures within the Assembly, and also responsible for the release and processing of warrants to the departments of the assembly. The unit ensures that payment vouchers submitted to it, by departments of the Assembly are pre-audited to ensure value for money before payments are effected to the

beneficiary departments. This unit also processes Establishment warrants (EW) of staff of the Assembly and its departments.

GIFMIS (Ghana Integrated Financial Management Information System) is used for processing all financial transactions of the Assembly. It is an integrated computerised Financial Management System used for Budget preparation and implementation, Accounting/financial reporting and cash management among others.

These major activities are summarised in financial terms, resulting in the preparation of Bank Reconciliation Statements, Trial Balance and other monthly financial reports which are submitted to Controller and Accountant General's Department (CAGD) and Ministry of Local Government and Rural Development(MLGRD) for further preparation of National Accounts. This is in line with the mandatory requirements of the Pubic Financial Management ACT, 2016 section 80(2).

The Sub-programme is proficiently manned by fifteen (15) officers.

Funding for the Finance sub-programme is from GOG, DDF, UDG, IGF and DACF.

The following are the key challenges encountered in delivering this sub-programme:

- ✓ Inadequate Budget allocation to the sub programme
- ✓ Inadequate office space for Accounts Officers
- ✓ Inadequate logistics and motivation for the Revenue Staff.

3. Budget Sub- Programme Operations and Projects

1. Budget Sub-Programme Objective

> Strengthen Policy formulation, Planning and M&E processes at all levels

SUNYANI MUNICIPAL ASSEMBLY 30 SUNYANI MUNICIPAL ASSEMBLY 31

2. Budget Sub-Programme Description

The sub-programme seeks to perform the facilitation, co-ordination and secretarial functions of the Municipal Planning and Co-ordinating Unit (MPCU). The sub-programme is to ensure the co-ordination and harmonization of Annual Action Plans and Budgets of all the Departments and key Units of the Assembly. The Municipal Assembly's Annual Action Plan and Composite Budget will then be prepared based on the Departmental inputs. The Planning and Budget units of the Assembly will be involved in the delivery of the sub-programme. The sub-programme will be budgeted for and funded from Internally Generated Fund, District Assemblies Common Fund, District Development Facility, Ghana Secondary Cities Programme and other Development partners interventions

The beneficiaries of the sub-programme include Units and Departments of the Assembly and the general public. The sub-programme will be executed by Four (4) staff, three at the Planning Unit and One at the Budget Unit. No new recruitment is anticipated but posting of at least an additional staff to the Budget Unit is anticipated.

For the sub-programme to be successfully delivered, the following challenges must be dealt with:

Inadequate and outdated Furniture (Chairs and Tables)
Lack of back up and antivirus system for data protection.
Absence of power back-up (UPS)
Inadequate number of staff for the Budget Unit
Lack of dedicated vehicle for regular monitoring of on-going projects

building plan which serves as a guide for implementation of Programmes in the year. The Unit updates the HRMIS and Staff Lists for proper records of staff. The Unit also administers and supervises the beginning of year Target Setting, Midyear Review and End of Year Evaluation of the Performance Management System. The Office, with approval, issues appointment letters, leave approvals, termination letters, query letters, staff upgrading, promotions etc. The Unit validates staff salaries every month.

The sub programme works in conjunction with all Departments and Units of the Assembly.

IGF, DACF, GOG and DDF (capacity building) are sources of funding for the sub-programme.

The beneficiaries of the sub-programme are mainly staff of the Assembly. The Human Resource Unit has four staff; two (2) Human Resource Managers and two (2) Executive Officers.

The Major Challenges of this sub programme are as follows:

- 1. Untimely release of funds and pressure of demands on funds for the Capacity building implementation and other HR duties.
- Unit lacking some important logistics such as printer, photocopier, stationery, and modem for validation
- 3. Inadequate Office space.

1. Budget Sub-Programme Objective

- > Promote spatially integrated and orderly development of human settlement;
- > Streamline spatial and land use planning system through orderly human settlement;
- > Ensure sustainable development and management of the transport sector

2. Budget Sub-Programme Description

The sub programme seeks to perform the core functions of the Physical Planning Department. The sub programme will ensure complete development control relating to the use and development of land, prepare plans and proposals to direct the growth and development of settlements, coordinate the diverse types of physical development activities undertaken by various public institutions as well as other agencies, provide various forms of planning services to both public institutions and private agencies to ensure healthy living and orderly development. It also seeks to assist Sunyani Municipal Assembly to improve upon its internally generated funds, to facilitate easy identification of places by emergency services. The sub programme

seeks to beautify the built up and natural environment, cultivate horticultural products for sale to the public, and develop public parks for ecotourism and recreation.

The programme will be implemented with the support of all the staff of the department. The total staff delivering the sub-programme is 27, comprising the Town and Country Planning Unit and the Parks and Gardens Unit which have staff strength of 7 and 19 respectively.

The programme will be funded from IGF, DACF, Ghana Secondary Cities Programme, GIZ, and GOG. However, private support may go a long way to position the department to provide better services. The beneficiaries of this programme include the traditional authorities, land owners, the communities, Municipal Assembly, private agencies, public institutions and the citizenry.

Some challenges facing the department are enumerated below

- > Urbanization effects such as urban sprawl, increasing informality, pressure on existing facilities:
- Uncooperative attitude of some traditional authorities and landowners;
- > Inadequate financial and material support to undertake planning programmes;
- Weak enforcement of planning and building regulations by the Assembly;
- > Engagement of non-professionals in land use planning and management activities by some chiefs and landowners;
- > Unauthorized re-zoning of recreational parks into residential buildings; and
- > Inadequate financial and material support for landscaping activities.

Staffing

The Department currently has One Hundred and fifty one (151) personnel contributing to the delivery of the sub program and its sub units. The breakdown is as follows; Thirty Environmental Health Officers (30), Thirty One (31) Sanitation Guards, Eighty Nine (89) Scavengers – Sweepers, Grass-cutters, Drain Boys., One (1) Executive Officer and Two (2) Secretaries.

SUNYANI MUNICIPAL ASSEMBLY 58 SUNYANI MUNICIPAL ASSEMBLY 59

The main challenges facing the unit are:

- ➤ Dwindling number of sanitary labourers (48 male labourers have retired with eight (8) replacements. Two are scheduled to retire by December, 2018)
- > No official vehicle for monitoring and supervision.
- > Inadequate supply of sanitation tools
- > No computers for the Municipal Environmental health Officer and the four (4) Unit heads
- > Inadequate office accommodations for the sub-units to carry out their functions
- > Poor state of stabilization pond which makes it difficult to discharge liquid waste
- ➤ No noise meter to measure noise levels
- ➤ Increasing population of Mentally Challenged persons in the Municipality (These go to the container sites to scavenge for food residues in polythene materials and after taken the food, leave the polythene to flow in the city center.
- > Increasing number of Wheel barrow pushers in the City Center. These create a lot of nuisances after the city has been cleaned.

BUDGET PROGRAMME SUMMARY

PROGRAMME 4: ECONOMIC DEVELOPMENT

1. Budget Programme Objectives

- > Promote food & nutrition security education and training at all levels
- > Promote livestock & poultry development for food security & income generation
- > Promote the development of selected staples and horticultural crops
- > Improve access to financial services by firms and households
- > Improve trade competitiveness

2. Budget Programme Description

Economic development is key to the survival and sustainability of the Assembly. Pursuant to this that the Local Governance Act 2016, Act 936 makes the promotion of Local Economic Development a key function of the District Assemblies. The Economic Development programme focuses on income generating activities and the promotion of skills development of Small and Medium Enterprises (SMEs), Agriculture and Tourism.

It further seeks to improve livelihoods of the people by promoting competitive agriculture as a business through appropriate policy environment, effective support services and sustainable natural resources management. Foster local participation in tourism and the management of tourism activities as well as provision of conducive environment for private sector investment in the tourism sector. The Assembly will continue to support all government initiatives to promote agriculture, trade, industry and tourism in the municipality

Staff strength of 28 would handle the programme implementation.

SUB-PROGRAMME: 4.1 Trade, Industry and Tourism Services

1. Budget Sub-Programme Objective

Provide youth with opportunities for skills training, employment & labour market information.

2. Budget Sub-Programme Description

The sub-programme seeks to improve activities related to the facilitation of Sunyani Municipal Assembly's industrial projects, business registration, linking of SMEs to credit facilities, training and skill development, start-up kits provision by the Assembly through the facilitation of provision of business development services.

These programmes would be organized in such a way that, entrepreneurs will be equipped with the needed skills that will help promote industrial activities in relation to the One District One Factory Policy. In collaboration with other stakeholders, the Assembly will facilitate the participation of entrepreneurs in both local and international trade shows and exhibitions.

The sub-programme would spearhead the delivery of skills training to selected SMEs, linking farmers to banks and other financial institutions to access loans to increase productivity, organizing managerial trainings (marketing, value addition, financial records etc.) and embarking on monitoring and evaluation on clients to observe how businesses are faring and ensuring that the businesses are on track. A number of resource persons and facilitators will be engaged to render these services to selected beneficiaries within the municipality.

The National Board for Small Scale Industries would be the organizational units involved in the delivery of the sub programme and it will be funded by the District Assembly's Common Fund (DACF), Government of Ghana, GIZ and other donors.

The beneficiaries of the programme are unemployed youth, women and men entrepreneurs and Potential Entrepreneurs. Four (4) officers of the BAC would see to the implementation of the sub programme.

The challenges that are usually faced are;

- ➤ Lack of permanent office accommodation
- > Inadequate training and operational funds
- > Lack of or late release of training and operational funds
- > Inadequate and outmoded office logistics
- Lack of start up support for beneficiaries

SUB-PROGRAMME: 4.2 Agricultural Services and Management

1. Budget Sub-Programme Objective

The CPESD Policy Objectives that are most relevant to the Department of Agriculture are as follows:

- > Promote seed and planting material development
- > Promote the development of selected staple and horticultural crops Develop small ruminants and poultry (including guinea fowl) value chains
- > Promote the development of selected cash crops
- > Promote livestock and poultry development for food security and income generation
- > Improve post- production management
- ➤ Enhance Capture Fish Production and Productivity
- > Promote Aquaculture Development

2. Budget Sub-Programme Description

The program would identify updates, disseminate technological packages and assist farmers to stay abreast with good agricultural practices. The program aims at increasing the number of beneficiaries and the acreages under the planting for food and jobs. (PFJ).

The sub-program is responsible for improving advocacy on nutrition and food fortification

SUNYANI MUNICIPAL ASSEMBLY 64 SUNYANI MUNICIPAL ASSEMBLY 65

whiles reducing post-harvest losses. Diversification of Livelihood Options would involve agro processing, Micro and Small Enterprises (MSEs) production of soap and creams from agricultural by-products. New and improved seed/planting material/breeding stock (high yielding, short duration, disease and pest resistant and nutrient-fortified) would be introduced to increase productivity. The sub-program focuses on reducing risks associated with natural disasters, diseases/pest outbreaks and ensuring availability of food stocks. It also seeks to improve the warehousing systems and develop technologies in post-harvest handling for actors along the value chain. It further seeks to improve the intake of nutrients-dense foods through awareness creation. The Sub-Program seeks to coordinate early warning systems to prevent and manage emergencies as well as ensure the availability of farm power machinery and other engineering technologies for all categories of farmers and agroprocessors along the value chain.

The poor subsistence farmers would be supported to diversify their production systems and engage in alternative livelihood activities such as agro processing (cassava flour, local cooking oils, production of soap and creams from agricultural by-products) and the production of special herbs, honey, snail, mushroom, grass-cutter etc. under the sub-programme. NGOs in microfinance would be identified to promote and sustain community based saving and credit schemes. The need for enhanced growth in incomes in the agricultural sector through diversification into cash crops, livestock and value addition would be addressed. The program seeks to enhance incomes of farmers through:

- > Promotion of cash crop and livestock production for income in the ecological zone through extension services and enhanced access to certified seeds for
- Food, cash crops and improved breeding stock and other production inputs along the value chain.
- > Development of rural infrastructure, facilitating the establishment of marketing centres and the development of rural industrial processing of cash crops and livestock.
- > Supporting urban and peri-urban agriculture to improve nutrition.

Grouping of farmers for easy access to input and output market would be promoted by holding sensitization sessions for farmers to explain the benefits of cooperative efforts, particularly in storage, processing and transporting of produce to markets. Assistance and advice will be provided to farmer groups for the establishment of FBOs. The risk of health hazards associated with the production and consumption of agricultural produce within Urban and Peri-Urban areas will be minimized.

The organizational units responsible for delivering the sub-program are the Extension Services, Animal Production, Veterinary Services, Crops Services, Women in Agricultural Development, Agricultural Engineering Services, Plant Protection and Regulatory Services and the National Buffer Stock Company Limited with a staff strength of twenty seven (27), made up of Director, Assistant Agriculture officers, Chief Technical Officers, Technical Officers, Principal Executive Officers, Accountant, Principal Store Keeper, Secretary watchman and laborer.

The beneficiaries of the sub-program are farmers, small scale agro traders and processors and other stakeholders along the value chain.

The main sources of funding are GoG, UDG, DACF, IGF and Donor (MAG, GASIP).

Key challenges faced in the delivery of this sub-program are:

- Lack of motor bikes for field staff (A.E.As).
- > Deplorable state of the office
- > Inadequate warehousing facilities
- ➤ High cost of feed and poor management practices
- ➤ Low adoption of SLEM technologies at community level
- > Low ratio of agricultural extension officers to farmers, aging extension officers
- > Low interest of the youth in agriculture.
- > Low use of inputs.
- > Inadequate infrastructure for processing and storage.
- > Over-dependence on rainfall.
- > Limited flow of financial resources to agriculture and aquaculture

BUDGET PROGRAMME SUMMARY

PROGRAMME 5: ENVIRONMENTAL AND SANITATION MANAGEMENT Budget Programme Objectives

- ➤ Improve capacity to adapt to climate change impacts
- > Promote effective disaster prevention and mitigation
- Enhance disaster preparedness for effective response
- > Improve access to sanitation

1. Budget Programme Description

This programme is to promote environmental sustainability by creating awareness on proper waste management practices, prevention and management of disasters and bushfires as well as sustainable management of the natural environment and its resources. The funding for this programme comes from the District Assembly's Common Fund (DACF), District development Fund (DDF) and Internally Generated Fund (IGF).

SUB-PROGRAMME 5.1 Disaster Reduction Strategies and Management

1. Budget Sub-Programme Objective

- > Promote effective disaster prevention and mitigation
- > Enhance disaster preparedness for effective response

2. Budget Sub-Programme Description

The programme seeks to create awareness on disasters through public education and to ensure disaster prevention, risk and vulnerability reduction, as a means of reducing the impact of disasters in the municipality.

Major mitigation and prevention strategies include:

- ➤ Disaster Risk Reduction(DRR)
- > Disaster Prevention and Response Mechanisms
- Climate Change Risk Management
- ➤ Human and Institutional Capacity
- > Re-afforestation through effective Social Mobilization

SUNYANI MUNICIPAL ASSEMBLY 70 SUNYANI MUNICIPAL ASSEMBLY 71

> Preservation of wetland areas in the Municipal

The mitigation and management of disasters whether population-based or institutionallyoriented are organized from the Municipal NADMO secretariat level through the NADMO designated zones and communities.

The Municipal NADMO secretariat serves as incident commander and collaborates with other institutions in disaster prevention and management.

- > These institutions include:
- Ghana National Fire Service
- ➤ Ghana Police Service
- ➤ Ghana Armed Forces
- ➤ Ghana Ambulance Service
- Ghana Red Cross Society
- > Department of Agriculture
- ➤ Ghana Health Service
- > Veterinary Department

The source of funding for the implementation of the programme is Government of Ghana. Beneficiaries of the programme are directly or indirectly the entire population of Sunyani Municipality. The staff strength of the organization is twenty five (25).

The key issues and challenges affecting the sub-programme include:

- ➤ Inadequate transport logistic
- ➤ Inadequate funding
- > Inadequate disaster mitigation equipment
- > Inadequate relief supplies
- > Inadequate support for Disaster Volunteer G

SUB-PROGRAMME 5.2 Forestry

1. Budget Sub-Programme Objective

> To ensure sustainable management of natural resources

2. Budget Sub-Programme Description

The programme seeks to leave future generations and their communities with richer, better, more valuable forest and wildlife endowments than we inherited. The sustainable development and management of the natural resources is augmented through a robust monitoring and patrolling team instituted to prevent the resources from all forms of illegalities. Periodic sensitization and educational programmes are carried out on radio talk shows to disseminate information on the conservation of the natural resources.

The Municipal Forest Services Division collaborates with other institutions in the protection and management of the natural resources. Notable among them are: Ghana Armed Forces, Ghana National Fire Service, Ghana Police Service, Judicial Service, Cocoa board and MOFA

The programme is funded by the Government of Ghana, Sunyani Municipal Assembly DACF and IGF and Donor Partners. The direct and indirect beneficiaries of the programme are the forest fringe communities and the entire Sunyani Municipality. The organization has a staff strength of the Eighty (80) which include Eleven (11) office staff and Sixty Nine (69) field officers.

The challenges for the sub-programme are:

- ➤ Inadequate logistics to protect and manage the forest resources
- > Field officers are constantly under threat and attack by illegal wood dealers.
- > Trifling support from chiefs and forest fringe community members.
- ➤ Inadequate funding \
