PART A: STRATEGIC OVERVIEW

INTRODUCTION

The Asutifi North District is the highest Administrative and Political Authority at the District with a vision, mission and mandate. The District is mandated to initiate, implement and co-ordinate all developmental activities including community initiated and donor supported programmes and projects at the local level. The mandate of the Assembly is supported by the Local Governance Act, 2016 (ACT 936), and other legislative instruments.

1. ESTABLISHMENT OF THE DISTRICT

Location and Size

The Asutifi North District was created under LI 2093 in 2012 with Kenyasi as the District capital. The District covers a total land surface area of 936sq.km and consists of over 139 settlements with major towns as Kenyasi No.1, Kenyasi No. 2, Ntotroso, Wamahinso, Gyedu and Gambia No.2. The District capital Kenyasi, is about 50km from Sunyani, the regional capital of Brong Ahafo.

2. POPULATION STRUCTURE

Demographic Characteristics

Population Size and Distribution

The 2010 Population and Housing Census put the population of the District at 52,259 with males comprising of 51.2% and females 49.8%. The population represents 2.7% of the Region's total population. The population density of Asutifi North District is 55.81 per square kilometres per land. In terms of locality of residence, the District is predominantly rural with a total of 35,468 and 16,791 for urban. In other words, more than eight out of every 10 persons in the District live in rural areas.

2.2 Age-Sex Structure

The population of District is largely youthful in that about 50% are under 20 years while 50% is 20years and above. This has serious implication for policy planning and provision of social amenities such as educational facilities, recreational and Health facilities. The situation is also likely to impacts on the development of the District but with the large potential labour force as an Asset, the Assembly could properly harness the potential through quality education, development of requisite skills and training to push the development agenda of the District.

Asutifi North District Assembly

With the sex distribution, 51.2% are males and 49.8% are females. The current sex ratio in the District is 1:1.03.

2.3 Poverty Profile

Poverty as manifested in the District ranged from malnourishment, children and parents alike in tattered clothes, children with no formal education, perpetual borrowing and poor housing conditions and structures. Some of the coping mechanisms resorted to by those found in this situation are borrowing, begging, 'galamsey', engaging in low paying menial jobs.

2.3.1 Poverty Pockets

The Asutifi North District shows some levels and characteristics of poverty in the form of lack of social amenities such as schools, Health facilities, Banking, and Telephone facilities. The main District poverty profile indicators are poor food and nutritional status, poor infrastructural facilities and low enrolment rates in some areas, inability to access Health facilities despite the health insurance scheme, unemployment and low-income levels, and problems of water and sanitation issues which affects the quality of life of the people. The manifestation of these indicators tend to be skewed mostly in Area Councils where the remote communities pre-dominate and economic activities are affected by low incomes, poor road network and general poor living conditions in these areas. The pockets cut across the sub-district boundaries.

3. DISTRICT ECONOMY

The structure of the local economy is mostly agrarian followed by the service sector, manufacturing and processing activities. The agricultural sector serve as a main source of revenue compared to other sectors. Most farmers are peasant's farmers who largely depend on rain fed and use of rudimentary system of farming.

The service sector seems to be gaining momentum over the previous particularly in the areas of trading, hospitality, and food and beverages retail. The mining companies and its related sub-contractors in the District have provided regular employment for people and served as ready market for food vendors, housing and the hospitality industry. As at March 2017, out of total staff strength of 3,473 engaged by NGGL and its subcontractors 1,210 (34.8%) were locals from the District.

AGRICULTURE

The main stay of the District is Agriculture employing about 58% of the household. The major food crops grown are maize, cassava, plantain and cocoyam. Major vegetables

grown are tomato, garden egg, okro, and pepper. Cash crops grown are cocoa, citrus and oil palm.

From the 2010, PHC 8,024 households were engaged in agriculture crop either farming, tree planting, livestock rearing or fish farming. The most predominant agricultural activities among households is crop farming (7,887) followed by livestock rearing (2,318). At the bottom of households' agricultural engagement is tree growing (202) and fish farming (32). The number of rural households (6,318) constituting 78.7 percent is more than that of the urban households (1,706) representing 21.3 percent of households engaged in agricultural activities. Apart from tree planting which has more urban households than rural (56.4 % v 43.6%); the other agricultural activities have more rural households compared to urban.

MINING

Gold is currently mined in large quantities by Newmont Ghana Gold Limited in the District. In fact, the investment of Newmont Ghana Gold Limited, Ahafo Mine at Kenyasi, and the District capital has opened up the area to people and put the Kenyasi on the national and international map compared to other Districts in the region. The project was initiated in 2004/2005 with exploration and zoomed into full operations thereafter.

Since its operations, a decade ago, the mines is having a greater impact on development as jobs have been created, revenue generated to the Assembly and social responsibility interventions/activities are undertaken to complement the effort of the Assembly in the provision of basic services such as school blocks, water facilities, sport facilities, health facilities and other critical services through the Newmont Ahafo Development Foundation (NADeF). Again, the provision of 2 livelihood jobs in the catchment areas have helped to create jobs and diversify the local economy.

HEALTH

The Asutifi North District Assembly has thirteen (13) health facilities; two (2) private hospital, three (3) health centres, two (2) maternity homes and five (5) CHPS Compounds. The District has no public hospital and has one (1) private hospital. The District has 27 CHPS zones and staff are there to cater for minor cases.

In terms of personnel, the District has 1 Doctor (private), 2 Physician Assistants, 44 Professional Nurses, 32 Community Health Nurses, 6 Health Assistants and about 45 Traditional Birth Attendants.

In terms of personnel, the District has 1 Doctor (private), 2 Physician Assistants, 44 Professional Nurses, 32 Community Health Nurses, 6 Health Assistants and about 45 Traditional Birth Attendants.

MANUFACTURING INDUSTRIES

The Manufacturing sector employs 5.7% of the population of above 15 years in the District. The District can boast of small scale or ago-based industries like palm oil extraction, 'gari' processing, mechanical workshops, and a host of others in many other communities. There are other small-scale sectors such as wood-based industries (carpentry), metal works, block moulding and metal-based industries, mostly blacksmithing, which are scattered in the District.

Apart from relying on unpaid apprentices, entrepreneurs in these industries employ few people to facilitate their production processes. The average size of small-scale manufacturing in terms of members is about three people and in the case of medium scale, it is about 10 people in the District.

WATER AND SANITATION

Apart from Kenyasi No.1, Kenyasi No.2, Gyedu and Ntotroso which enjoy pipe borne water, the major sources of water in the District include, borehole, stream, well and others. Access to good drinking water is a major problem in most communities particularly during the dry season. The inadequate provision of water system in the District has for over the years posed a big problem to the people. Only few settlements have access to potable water in the form of boreholes and hand dug wells. However, where this exists, there is much pressure on them, and more people sometimes have to depend on other sources such as streams for their water supply.

The community has 83 existing boreholes supporting the five (5) Area Councils of one hundred and thirty nine (139) communities. This is woefully inadequate and measures should be put in place to drill more boreholes. To address the problem associated with inadequate water supply, and its attendant health problems, the Community Water and Sanitation Agency (CWSA), which was designed to provide potable water for rural communities, have been completed. Nevertheless, the supply of water did not cover about 20% of the communities in need of water.

Construction and Rehabilitation of Boreholes at Goatifi, Kwame Mensahkrom, Amangoase, Tromi and Bogyampa-Nfanhunfaka

Project Cost: 49,287.00

ENERGY

The major sources of energy for lighting in the District are Electricity, Flashlight/Torch lights, Kerosene Lamps, Firewood and Candles. However, with the rapid increase in electricity extension covering about 63% of communities in the district, electricity has become the major source of energy for lighting naturally killing the other sources of energy supply. The common practice nowadays is that people use touch lights as back up by those enjoying electricity whilst they serve as main source of lighting for those in the rural areas. Major sources of energy for looking on the other hand include firewood, charcoal, crop residue and Liquefied Petroleum Gas (LPG).

SUB-PROGRAMME 1.3 Planning, Budgeting and Coordination

1. Budget Sub-Programme Objective

- Facilitate, formulate and coordinate plans and budgets
- Monitoring of projects and programmes.
- Improve public expenditure management and budgetary control

2. Budget Sub-Programme Description

The sub-programme is responsible for preparation of comprehensive, accurate and reliable action plans and budgets. The sub-programme will be delivered by conducting needs assessment of Area councils and communities; hold budget committee meetings, DPCU meetings, stakeholder meetings, public hearings to ensure participatory planning and budgeting. The two main units for the subprogramme include the planning unit and budget unit as well as the expanded DPCU. Funds to carry out the programme include IGF, ROYALTIES, DACF, and DDF. Effective delivery of this sub-programme will benefit not only the community members but also development partners and the departments of the Assembly.

Plans and budgets of decentralized departments are not easy to come by and thus posing a hindrance towards achieving the objectives of this sub-programme. Other challenges include lack of motorbikes to undertake effective M&E, lack of commitment and teamwork from departments, inadequate knowledge on new planning and budgeting reforms by the decentralized departments and political interference. Five officers comprising of three Budget Analyst and two Planning Officers proficiently manage the sub-programme. Funding for the planning and budgeting sub-programme is from IGF and DACF.

Six officers comprising of three Budget Analysts, 2 Planning Officers and 1 secretary, will operate the sub-programme. The main challenges in carrying out the sub-programme include lack of collaboration with other decentralized departments and non-adherence to rules and regulations.

PROGRAMME2: Infrastructure Delivery and Management

SUB-PROGRAMME 2.2 Infrastructure Development

1. Budget Sub-Programme Objective

- To facilitate the implementation of such polices in relation to feeder roads, water and sanitation rural housing and public works within the framework of national polices.
- Create & sustain an efficient & effective transportation systems
- Increase access to safe, secure and affordable shelter
- Improve access & coverage of potable water in rural & urban communities.

2. Budget Sub-Programme Description

The sub-programme is delivered through facilitating the construction, repair and maintenance of projects on roads, water systems, building etc. The sub-programme also prepare project cost estimates on roads, buildings, water and sanitation for award of contract; supervise all civil and building works to ensure quality, measure works for good project performance. The Department also checks quality performance and recommends claims for preparation of payment Certificate/Fluctuations and Variations; rehabilitation and construction of boreholes, reshaping of roads and street lightening across the District; and facilitate the identification of Communities to be connected on to the National Grid.

The Department of Works of the District Assembly is a merger of the Public Works Department, Department of Feeder Roads and District Water and Sanitation Unit, and the Works Unit of the Assembly. The beneficiaries of the bub-programme include the general public, development partners, contractors and other departments of the Assembly.

There are 3 staffs in the Works Department executing the sub-programme which comprises of 1 Assistant Quantity Surveyor (Head of DWD), 1 Senior Technician Engineers, and 1 tradesman/electrician, totaling 3 (all on GoG pay-roll).

Funding for this programme is mainly DDF, DACF, GoG for decentralized department, IGF, SRWS and USAID-RING.

Key challenges of the department include delay in release of funds. This leads to wrong timing for execution of operations and projects, limited capacity and

inadequate staff (water and sanitation engineers, hydro geologists) to effectively deliver water and sanitation project, difficult hydro-geological terrain results in low success rate in borehole drilling including some parts of Buipe township, inadequate personnel and logistics for monitoring operations and maintenance of existing systems and other infrastructure. Another key challenge is inadequate and late release of funds. This leads to wrong timing of operations and projects thereby affecting implementation of projects and operations.

BUDGET PROGRAMME SUMMARY

PROGRAMME 3: SOCIAL SERVICES DELIVERY

1. Budget Programme Objectives

- To provide equal access to quality basic education to all children of school going age at all levels
- To improve access to health service delivery.
- Facilitate in the integrating the disadvantaged, vulnerable and excluded in mainstream of development.
- Work in partnership with the communities to improve their well-being through promoting social development with equity for the disadvantaged, the vulnerable, and Persons with Disabilities.

2. Budget Programme Description

Social Service Delivery is one of the key Programmes of the Assembly. This programme seeks to take an integrated and holistic approach to development of the District and the Nation as a whole. There are three sub-Programmes under this Programme namely; Education & Youth Development, Health Service delivery and Social Welfare & Community Development.

The education, Youth and Sports which is a schedule two department is responsible for Pre-school, Special School, Basic Education, organizing 6th March celebrations, posting and retention of teachers, Youth and Sports in the district. The department therefore assists the Assembly in the formulation and implementation of programmes in such areas of education and youth development.

The Department of Health which is also a schedule two department delivers context specific health care interventions by providing accessible, cost effective and efficient health service at the primary and secondary care levels in accordance with approved national policies by ensuring prudent management of resources.

The Social Welfare and Community Development Department assist the Assembly to formulate and implement social welfare and community development policies within the framework of national policy.

Extreme poverty continues to work against the economic gains that Ghana has chalked over the past two decades. It is estimated that about 18% of Ghanaians live under extreme poverty conditions. This means that they are neither able to

Asutifi North District Assembly

afford daily subsistence requirement nor afford education and basic health for themselves and their children.

This phenomenon perpetuates generational poverty. In order to ensure equitable distribution of national resources and mainstreaming of the extremely poor, Government developed and started implementing the National Social Protection Strategy (NSPS) in 2007. In the Central Gonja District, about 400 households are benefitting from conditional and unconditional cash transfer under the Livelihood Empowerment against Poverty (LEAP) Programme; a component of the NSPS. Extremely poor older Persons above 65 years have been enrolled onto the LEAP and are entitled to unconditional cash transfer. The total number of personnel under this budget Programme is six.

BUDGET PROGRAMME SUMMARY

PROGRAMME 5: ENVIRONMENTAL AND SANITATION MANAGEMENT

1. Budget Programme Objectives

• To plan and implement programmes to prevent and/or mitigate disaster in the District within the framework of national policies

2. Budget Programme Description

The programme will deliver the following major services:

- Organize public disaster education campaign programmes to: create and sustain awareness of hazards of disaster; and emphasize the role of the individual in the prevention of disaster;
- Education and training of volunteers to fight fires including bush fires, or take measures to manage the after effects of natural disasters;
- Assist in post-emergency rehabilitation and reconstruction efforts in the event of disasters;
- In consultation and collaboration with appropriate agencies, identify disaster zones and take necessary steps to; educate people within the areas, and prevent development activities which may give rise to disasters in the area;
- Post disaster assessment to determine the extent of damage and needs of the disaster area;
- Co-ordinate the receiving, management and supervision of the distribution of relief items in the district;
- Inspect and offer technical advice on the importance of fire extinguishers;

The Disaster Management and Prevention Department will be responsible in executing the programme. There are 23 officers to deliver this programme.

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME5: ENVIRONMENTAL AND SANITATION MANAGEMENT SUB-PROGRAMME 5.1 Disaster prevention and Management

1. Budget Sub-Programme Objective

- To enhance the capacity of society to prevent and manage disasters
- To improve the livelihood of the poor and vulnerable in rural communities through effective disaster management, social mobilisation and income generation.

2. Budget Sub-Programme Description

The sub-programme seeks to promote disaster risk reduction and climate change risk management. It is also to strengthen Disaster Prevention and Respond mechanisms of the District. The sub-programme is delivered through public campaigns and sensitisations; assisting in post-emergency rehabilitation and reconstruction of efforts; provision of first line response in times of disaster and; formation and training of community-based disaster volunteers. The Disaster Management and Prevention Department is responsible for executing the subprogramme. The larger public at the community levels are the beneficiaries of this sub-programme.

Funds will be sourced from IGF, DACF and Central Government supports. Challenges which confront the delivery of this sub-programme are lack of adequate funding, low and unattractive remunerations, and unattractive conditions of work.

In all, a total of Twenty-two (22) NADMO officers will carry out the sub-programme.

The table indicates the main outputs, its indicators and projections by which the District measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the District's estimate of future performance.
