AHAFO ANO SOUTH-WEST DISTRICT ASSEMBLY

PART A: STRATEGIC OVERVIEW OF THE AHAFO ANO SOUTH-WEST DISTRICT ASSEMBLY

1.0 BRIEF INTRODUCTION OF AHAFO ANO SOUTH-WEST DISTRICT ASSEMBLY

1. ESTABLISHMENT OF THE DISTRICT

The Ahafo Ano South-West District Assembly (AASWDA) is established by Legislative Instrument (L.I.) 2323, 2017 and is located in the north-western part of the Ashanti Region covering an area of approximately 645.54km² representing 2.6 percent of the entire region (24,370.5km²). It lies between longitude 1°45'W and 2°20'W and latitude 6°42'N and 7°10'N. The District shares boundaries with four districts, in the North with Ahafo Ano South-East District, Atwima Mponua District to the South, Atwima Nwabiagya South Municipal to the East and Ahafo Ano North Municipal to the West all in the Ashanti Region. The location of the District falls within the forest zone of Ghana.

The District was previously created out of the old Ahafo Ano District Council under the Provisional National Defense Council (PNDC) in 1988 and now from the defunct Ahafo Ano South District Assembly in 2018 under the New Patriotic Party (NPP) in pursuance to the decentralization programme in Ghana. This was to bring governance to the doorstep of the people to enhance the decentralization process started in 1988. The AASWDA was re-inaugurated on Thursday, 15th March, 2018. Its capital is sited at Mankranso, about 35 kilometres north-west of Kumasi and lies on the main Kumasi-Tepa highway. The District has 135 settlements (107 communities), which are divided into five Area Councils and further sub-divided into 29 Electoral Areas. Politically and administratively, the District covers the entire Ahafo Ano South-West Consistency.

According to the 2010 Population and Housing Census (PHC), the Ahafo Ano South-West District has a total population of 62,529, which accounts for 1.3 percent and 0.3 percent of the population of Ashanti Region and Ghana respectively. In comparison, the 2010 PHC (62,529) decreased by 6,154 to that of 2000 PHC (68,683) and increased by 20,464 compared to 1984 (42,065). Per the figures available from the Ghana Statistical Service (GSS), the District recorded 1.09 percent annual average growth rate from 1984 to 2010. Using the growth rate of 1.09 percent, the population of the District is projected at 77,186 for 2021. This suggests that the District has the potential to increase in size and grow to support any development in the District.

Out of the District's total population, the proportion of male population is 51.8 percent (37.172) and that of female population is 48.2 percent (34,589.28).

The proportions of children (less than 15 years) constitute 43.0 percent, youth (15-24 years) constitute 17.6 percent, and the aged (65+ years) constitute 4.6 percent. This means that the young population (0-24 years) accounts for a little more than three-fifth (60.6%) of the District's total population, which has a great potential for socio-economic development. Comparatively, the District's population pyramid mirrors that of the regional and national pyramids and is a typical developing and rural district. The District's young population of 60.6 percent is higher than both the region (58.4%) and national (58.3%). Likewise, the proportion of children (less than 15 years) representing 43.0 percent is higher than both regional and national averages of 37.7 percent and 38.3 percent respectively. This implies that there is a high and increasing youthful and growing population, which has implications on development issues such as education, health, recreation, environment, sanitation, security and safety.

In totality, the District's proportion that form the dependency age group (less than 15 years and 65+ years) is 47.6 percent compared to the working age group (15-64 years) of 52.4 percent. The age dependency ratio of the District is 90.8 percent, which is higher than the regional average of 72.5 percent and national average of 75.6 percent. This implies that every 100 persons aged 15-64 years (working age group) support about 91 dependents (children and aged) in the District. This suggests that those in the working age group carry a heavier burden of supporting many dependents in the District.

2.0 POLICY OBJECTIVES

3.0 VISION

To be a first class Local Government Institution focused on providing excellent service delivery to meet the socio-economic development of the people.

4.0 MISSION STATEMENT

To improve the living standards of the people through the implementation of pragmatic Projects and Activities targeted at addressing the infrastructural, socioeconomic and other developmental gaps to meet the aspirations of the people in the District.

5.0 GOAL

The overall goal of the Ahafo Ano South-West District Assembly is to achieve rapid and sustainable growth and improved living conditions through addressing the infrastructural, socio-economic and other identified development gaps in the District.

6.0 CORE FUNCTIONS

The functions of the District Assembly, like all other MMDAs, is basically derived from its Legislative Instrument 2323, 2017 as mandated by the Local Governance Act 2016, Act 936 and the Legislative Instrument 1961, 2009. The Assembly exercises political and administrative authority, provides guidance, gives direction to, and supervises all other administrative authorities in the District. In addition, the Assembly exercises deliberative, legislative and executive functions as outlined in the Act 936. These functions, which are broadly aimed at attaining the vision and fulfilling the mission of improving the quality of life of the people in the District as stipulated in Section 12 to 16 of the Local Governance Act 2016, Act 936, are to:

- Be responsible for the overall development of the District.
- Formulate and execute plans, programmes and strategies for the effective mobilisation of the resources necessary for the overall development of the District.
- Promote Local Economic Development (LED) activities in the District.
- Promote and support productive activity and social development in the District and remove any obstacles to initiative and development.
- Sponsor the education of students from the District to fill particular manpower needs of the District especially in the social sectors of education and health.

- Initiate programmes for the development of basic infrastructure and provide municipal works and services in the District.
- Be responsible for the development, improvement and management of human settlements and the environment in the District.
- Be responsible for the maintenance of security and public safety in the District.
- Ensure ready access to courts in the District for the promotion of justice.
- Act to preserve and promote the cultural heritage within the District.
- Monitor the execution of projects under approved development plans and assess and evaluates their impact on the people's development, the District and National economy.
- Initiate, sponsor or carry out studies that may be necessary for the discharge of any of the duties conferred by this Act or any other enactment.
- Perform any other functions that may be provided under another enactment.

7.0 DISTRICT ECONOMY Agriculture

The District's economy is regarded as agrarian, largely due to the sector's contribution to employment generation and employing 74.9 percent of the economically active persons 15 years and older. Thus, agriculture plays a vital role in the socio-economic development of the District. The key agricultural sub-sectors include crops, livestock, fisheries, agro-forestry and non-traditional commodities. The farming practices in the District include mono-cropping, mixed cropping and mixed farming. Comparatively, the District's proportion (74.9%) is considerably higher than the regional average of 36.6 percent and national average of 45.8 percent. In addition, 29.6 percent of all households engaged in agriculture are into multiple farming activities in the District and it is estimated that 75.0 percent of income of the people comes from Agriculture.

Currently, the Extension-Farmer ratio is 1:2,066, which makes it difficult to offer efficient and effective services compared to the acceptable standard of 1:300 farmers. There 6 supervisors and 10 extension officers in the district, nine(9) males and one(1) females as against the 12 number required. Inadequate logistics such as motorbikes for regular field inspection and visits serves as a challenge to the department. In order to deliver effective and efficient services to clients, the Agriculture Department has administratively divided the District into 13 operational areas being manned by the ten Agricultural Extension Officers. The services normally rendered to farmers are geared towards sustainable agricultural production.

Market Centre

Markets provide avenues for transactions in the buying and selling of goods and services. They also contribute significantly to the Assembly's Internally Generated Fund. The District has over five market centres but all of them have no ultra-modern market facilities. However the Kunsu market which serves as the major market for the district is being giving a facelift. Farmers and traders transport their goods and produces during the market day (Fridays) and do brisk commerce.

Road Network

The District has estimated road network coverage of 284.0km. Out of this, 204.0km are engineered and 8.0km are un-engineered. These feeder roads linked up the agricultural production centres and major settlements in the District. However, there is the need to undertake routine and periodic maintenance on these roads. There is a truck road linking the District's Capital to the Kumasi-Tepa road. **Education**

There are 201 basic schools (75–KG, 75–Primary and 51–JHSs) in the District for the 2016/2017 academic year. These are grouped into seven educational circuits. These schools give a coverage/accessibility rate of 85.2 percent with an average walking distance of 3.5km. There are two Senior High Schools (SHS) in the District with one public and one private at Mankranso and Wioso respectively. The Ghana Education Service has certified all these institutions.

Health

Health delivery in the District is through 10 health facilities made up of eight Government and two Non-government facilities. Each facility covers at least nine communities with an average travelling distance of 11.5km. As at 2020, the Doctor-Population Ratio is 1:77,186, Nurse-Population Ratio is 1:1513 and Midwife-Expectant Mothers Ratio is 1:91. The District has a Health Insurance Scheme, which has active membership of 28,765 representing 41.6 percent of the entire population of the District.

Water and Sanitation

The main potable water facilities in the District are small town water systems, boreholes and hand-dug wells. There are 177 boreholes and 13 hand-dug wells in the District. Mankranso, Beposo and Wioso have small town water systems. The District has potable water coverage of about 65.1 percent as at 2020 with an

average distance of 245.0m. There is the need therefore to provide additional water facilities to close the gap and to meet the demand of the growing population.

There are 135 known household latrines and 38 communal toilets whereas pit latrines are the dominant household method of liquid waste disposal among most of the rural communities. In most of the rural communities, there is usually only one pit latrine for the whole community. The District has 12.9 percent access to improved public toilet facilities and 1.8 percent access to improved household toilet facilities with an average distance of 255.3m. There are no drains and culverts in most communities to manage household liquid waste. These inadequate sanitary facilities for the disposal of solid and liquid waste are the major causes of diseases like malaria, cholera and diarrhoea in the District. However, the District has Byelaws to regulate environmental management activities in the built environment.

Energy

Most occupied households in the District use firewood as their major source of domestic energy. With respect to electrification, all the communities along the main Kumasi-Tepa trunk road from Mankranso to Kunsu, Barniekrom, Wioso and Hwibaa have been connected to the national electricity grid with 84.1 percent of the communities totaling 90 are yet to be connected.

At the end of August 2020, out of the expenditure budget of GH¢7,994,294.68, GH¢4,697,154.89 representing 58.8 percent has been spent on Compensation, Assets, Goods and Services. GH¢1,926,552.40 was spent on compensation of employees whilst GH¢ 1,425,678.58 and GH¢ 1,344,923.91 went into Goods and Services and Asset respectively.

In 2021, the expenditure of the District Assembly focuses on completing all ongoing projects, improving agriculture productivity through Planting for Food and Jobs, Rearing for Food and Jobs, Planting for Export and Rural Development. It also focuses on improving Local Economic Development (LED) through creation of markets. Strengthening the security services to ensure value for money and protection of lives and properties is also key in the 2021 budget. Strengthening the Social Accountability, Monitoring and Evaluation System for the Assembly's programmes and projects is a key feature in the 2021 budget.

- To reduce spatial development disparities among different ecological zones in the District.
- To improve fiscal revenue mobilization and management.
- To improve public expenditure management

2. **Budget Programme Description**

The management and administration programme is intended to support the implementation of decentralisation policy in the District through the provision of effective local governance, reducing spatial development disparities, improving fiscal revenue and expenditure management. The implementation of this programme will be achieved through general administration, finance and revenue mobilisation, planning, budgeting and coordination, legislative oversights and human resource management. This programme will be funded from IGF, DACF, GOG. DACF-RFG and other Donor Funds.

BUDGET SUB-PROGRAMME SUMMARY **PROGRAMME1:** Management and Administration

SUB-PROGRAMME 1.1 General Administration

Budget Sub-Programme Objectives 1.

- To ensure functionality of the substructures of the Assembly.
- To promote the efficiency and effectiveness of staff and assembly members' performance in the public services.
- To promote the implementation of Community Initiated Projects in the District.

2. **Budget Sub-Programme Description**

The sub-programme seeks to perform the core functions of ensuring transparency and good governance in the District through the implementation of programmes, projects and activities undertaken by the Central Administration department and the other five non-decentralized departments in order to ensure the effectiveness and efficiency in the performance of the District.

The sub-programme is being delivered through the offices or units of the Central Administration. The various units involved in the delivery of the sub-programme include: Administration Unit, Stores Unit, Transport Unit, Registry Unit, Radio Unit, Procurement Unit and Internal Audit Unit.

The sub-programme is being implemented with the total support of 38 staff of the Central Administration Department. These staffs are involved in the delivery of the sub-programme. The sub-programme is being funded through the IGF, DACF, GOG and other Donor Funds. The beneficiaries of this sub-programme are the Central Administration Department, Other Departments/Units and the General Public. The challenges facing this sub-programme include inadequate staff accommodation and inadequate vehicles and other logistics.
