10. POLICY OUTCOME INDICATORS AND TARGETS

11. REVENUE MOBILIZATION STRATEGIES FOR KEY REVENUE SOURCES As to how the Assembly intends to realize the 2021 Internally Generated Fund revenue projection of GHS 2,835,780.19.

Bills should be issued promptly and at regular intervals of time so as to alert the rate payer that a particular bill is to be expected at the usual time. It will also help the rate payer to make provision in his budget in anticipation of that bill

A reliable data on all revenue sources is prerequisite for preparing of bills to exploit the full potential of every revenue source. The ultimate solution lies in a computerized billing system based on a computerized database. As far as possible, therefore, the billing system should be computerized for efficiency and effectiveness.

Training of Revenue Staff

Like the staff of all other departments, the revenue collectors should be given continuous on-the-job training, coupled with regular attendance at workshops to help sharpen their skills and raise their productivity (that is efficiency and effectiveness). The training needs are summarized below:

- Understanding the Local Government Act
- Revenue Collection System and Procedure
- Handling of Value Books
- Basic Book-keeping
- Revenue Monitoring and control procedures-the role of the revenue collector
- Understanding rate payers' behaviour
