PART A: STRATEGIC OVERVIEW

ESTABLISHENT OF THE MUNICIPALITY

The Jaman South Municipality was established under LI 2269 of 2018 with Drobo as its capital. The municipality shares boarder with Jaman North District in the North, Berekum West District in the South-East, Dormaa Municipal in the South-West and La Cote D'Ivoire in the West. The total population of the Municipality was 92,649 (43,459 males and 49,190 females) according to the 2010 Population and Housing Census. However, the projected population of the Municipality in 2020 is 115,299 base on annual growth rate of 2.5%. The percentage of females is 51% and that of males is 49%.

1. POPULATION

Based on the 2010 Housing and Population census results, the District recorded 92,649 and projected population size of 109,675 in 2018. This translates in to a gender distribution of 43,459 (46.90%) males and 49,190 (53.09%) females. The age distribution of the district is as follows. 37.8 % of the entire district population constitutes ages below 15 years, 55.9% people are between 15-64 years and 6.3% represent people above 65 year.

2. VISION OF THE ASSEMBLY

The Municipality has a vision to reduce rural and urban poverty and increase the standard of living of the poor through increasing access to quantitative and qualitative socioeconomic infrastructure.

3. MISSION OF THE ASSEMBLY

The Municipality exists to facilitate the improvement of quality life of the people within the assembly's jurisdiction through equitable provision of services for the total development of the Municipal, within the context of good governance. In pursuance of this the Municipality has several objectives which cover education, health, agriculture, infrastructure, roads, energy, water and sanitation, security and job creation.

4. GOAL OF THE ASSEMBLY

The goal of the Jaman South Municipal is to achieve sustainable socio-economic growth by reducing poverty within an environment of transparent and accountable Governance.

5. CORE FUNCTIONS OF THE ASSEMBLY

The core functions of Jaman South Municipal Assembly include:

- Overall development of the district and shall ensure the preparation and submission through the Regional Co-ordinating council, development plans of the district to the National Development Planning Commission for approval, and the budget of the district related to the approved plans to the Minister responsible for Finance for approval.
- Formulate and execute plans, programmes and strategies for the effective mobilization of the resources necessary for the overall development of the district.
- Promote and support productive activity and social development in the district and remove any obstacles to initiative and development.
- Initiate programmes for the development of basic infrastructure and provide municipal works and services in the district.
- Responsible for the development, improvement and management of human settlements and the environment in the district.
- Responsible in co-operation with the appropriate national and local security agencies, for the maintenance of security and public safety in the district.
- Shall ensure ready access to Courts in the district for the promotion of justice.
- Shall initiate, sponsor or carry out studies that are necessary for the performance of a function conferred by this Act or by any other enactment; and
- Perform any other functions provided for under any other enactment.

THE MUNICIPAL ECONOMY

(a) Agriculture: Agriculture is the mainstay of the local economy; employing more than half of the economically active population (labour force). Overall, about 82.2% households in the district are into agriculture as a full time means of livelihood. It is a universal household business in the Municipality. Farming in the municipality is largely carried out on small scale basis. The average cultivated land ranges between 2-5 acres for all food crops, 2-20 for plantation crops such as cashew, citrus, oil palm and others.

(b) Market Centres: Commercial activities in the district are very prominent because it is a nodal town and shares boarder with La Cote D'Ivoire. Commerce in the district is restricted to buying and selling of predominantly agricultural produce, locally manufactured item and second-hand items. Commercial activities are high during the weekly market days. There are four weekly markets in the district namely; Drobo market (Tuesdays), Kwameseikrom market (Wednesdays), Zezera market (Thursdays) and Atuna market (Fridays). Besides these weekly markets, there are stores in other towns'

2021 PBB Estimates - Jaman South Municipal Assembly

centres where a wide range of goods are sold. The commerce and service sector in the district is still underdeveloped and needs a major boost to make it more vibrant to serve the changing trends of commerce and distributive trading.

Many traders also come from La Cote D'Ivoire to in these markets. These traders bring along a wide range of goods to promote commercial activities in the District. Their contribution to the weekly markets gives the district's commerce and service sector an international touch.

The commercial activities of the district are supported by financial institutions. These include, Ghana Commercial Bank, Drobo Community Bank, GN Bank and agencies of Kaaseman, Nkoraman and Suma Rural Banks. These Banks offer financial services to boast commerce in the District with GCB offering Visa and ATM services. Apart from the agency of the Nkoraman Rural Bank which is located in Adamsu, all the other banks operate in the Drobo/Japekrom area.

Most communities in the district have low accessibility to banking services. Feasible areas for locating agencies of banks in the District are Zezera, Miremano, Kwameseikrom, and Atuna. Households within the areas with little access to banking services have low propensity to save. As a result, the rate of investment by households in these areas is low.

(c) Health: The formal health system in the municipal consists of 1 municipal hospital (CHAG), 5 Health Centres, 5 Clinics, 10 CHPS Compounds and 1 Polyclinic and no Community Nutrition Centres. There are also 3 private Maternity Homes within the municipality. The municipal still needs additional CHPS in the near future. These facilities complement one another to deliver quality services to the people

(d) Water and Sanitation: The Municipal has about two hundred and Forty (240) boreholes of which one hundred and seventy-four (174) are functional. There are also seven (7) Small Towns Water Systems but out of these, six (6) are functional. About 84% of the total population have access to good drinking water.

The Municipal has about 7,186 households' latrines, 4 KVIPs and 9 Aqua Privy toilet facilities. About 65% of the total population has access to improved sanitation services. Even though it has increased from 60.73% in 2018 but the coverage is not encouraging and therefore the Municipality needs to strengthen provision of sanitation facilities.

Currently, out of the 123 communities in the Municipality, only four (4) communities comprising Drobo, Japekrom, Kwasibuorkrom and Katakyiekrom are provided with 10 refuse containers. The Municipality has only one final disposal site for solid waste located at Faaman.

²⁰²¹ PBB Estimates - Jaman South Municipal Assembly

(e) Energy: Electricity is available in all the major communities like Drobo, Japekrom, Adamsu, Gonasua, Katakyiekrom and so on. As at 2010, 58.4% of the total population had access to electricity. Currently (2019), it is estimated that 81% of households are connected to the national grid and therefore use electricity as their main source of light.

(f) Road Network: The major problem of the District is poor road infrastructure. Most of the major feeder roads (145.20 km length of road network) in the District can be classified as bad. Generally, most of the feeder roads are often not motorable during the rainy season due to torrential rains and lack of periodic maintenance. The affected communities are usually cut off from the rest of the communities in the district during the peak rainy season.

However, the Municipality has seen some improvements in the roads constructions and maintenances since 2018. Currently, 3 major trunk roans linking market centers are under construction. These include the tarring of Baanafuor-Zezera-Adamsu road, construction of Drobo -Kwameseikrom road and construction of Drobo-Jejemireja road. It is believed that when these major roads are completed, together with routine maintenances of some feeder roads, the road network in the Municipality will improve.

(g) Education: The Jaman South Municipality currently has a total of 267 basic schools i.e 196 Public and 71 Private. This comprises of 95 Kindergartens, 95 Primary and 71 Junior High Schools located in eight educational circuits. The municipality also has 6 Senior High Schools out of which four (4) are private and a private Vocational Training school. The municipality does not have proper education facilities in most of the communities. This situation compelled children of such communities to attend school under trees. Some of the schools, especially KGs are also operating under trees. Thus children from such communities suffer during bad weather conditions and also have to travel long distances to access education in neighboring communities. As part of the implementation of the Early Childhood Care Development policy, Kindergarten was incorporated into the formal basic education system and each primary school is expected to have a KG as a recruiting point. In the light of this, there is urgent need of basic school infrastructure in each area.

6. SUMMARY OF KEY ACHIEVEMENTS IN 2020

MARKET: 2-Storey 24-unit Market constructed at Drobo main market

To boost trading activities in the municipality and enhance the growth of Local Economic Development (LED), a 2-Storey 24-Unit Market Stores is constructed in Drobo Main Market. This facility will help store products of traders and also eradicate the risk of transporting most of their products on market days.

HEALTH: 1N0. CHPS Compound constructed at Atuna

To make healthcare accessible to people in the hinterland, health facilities have been provided to reduce widespread of communicable diseases, reduction in mortality rate and provision of essential services to the people. A CHPS Compound at Atuna has been constructed to offer essential services to the people.

COURT: 1N0. Magistrate Court renovated at Drobo

To strengthen state institutions in the municipality, the District Magistrate Court has been renovated at Drobo to meet the legal standard set out by any court of competent jurisdiction.

2021 PBB Estimates - Jaman South Municipal Assembly

EDUCATION: 1N0. 3-Unit Classroom constructed at Katakyiekrom

The education sector has seen tremendous improvement towards the construction of school buildings to increase the enrolment in school for children of school going age. A 1N0. 3-Unit classroom Block with Office, Store and Furniture has been constructed at Katakyiekrom as shown below.

2. Budget Sub-Programme Description

The Planning, Budgeting and Coordination unit in Jaman South Municipal Assembly is to ensure the implementation of programs that are in the DMTDP of the assembly, the annual action plan and the composite budget as a whole. In view of this, all the programs implemented in the composite budget should be in the annual action plan of the assembly. There is also the Municipal Planning Coordinating Unit (MPCU) which is there to co-ordinate all the departments of the assembly in order for them to be on track in all programs they undertake.

The Monitoring and Evaluation team under this sub-program is to monitor the activities of programmes being implemented and write a report on it to management for necessary actions to be taken with respect to projects.

Again, in the middle of every year, the budget estimates are revised to meet the current trend of expenditure and stakeholders consultative meeting too is held to revise the rates for the ensuing year.

A total number of six (6) staff deliver this sub-program, i.e Three (3) from the Planning Unit and three (3) also from the Budget Unit.

The beneficiaries of this sub-program include the Regional Co-ordinating Council (RCC), MLGRD, MoFEP, NDPC, Civil Society Organizations, NGO's and Stakeholders of the assembly.

This sub-program is funded from IGF, DACF and GOG releases.

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME4: ECONOMIC DEVELOPMENT

SUB-PROGRAMME 4.2 Agricultural Development

- 1. Budget Sub-Programme Objective
 - Food security and emergency preparedness
 - Increased growth in incomes
 - Increased competitiveness and integration in domestic and international markets
 - Sustainable management of land and environment
 - Science and technology applied in food and agricultural development
 - Improved institution coordination

2. Budget Sub-Programme Description

The mission statement of the Department of Agriculture is to promote sustainable agriculture and thriving agribusiness through research and technology development, effective extension and other support services to farmers, fishermen, processors, traders and transporters for improved human livelihood.

To achieve the above mission statement, the Department of Agriculture is to modernized agriculture resulting in a structurally transformed economy and evident in food security, employment opportunity and reduced poverty.

The sub-programme will be delivered through:

- Ensuring effective and efficient delivery of improved technology transfer for the production and productivity of crops and animals
- Promoting animal health by vaccination, ante and post mortem inspection at slaughter houses, clinical, surgical and field treatments of livestock, poultry and pets.
- Ensuring development of women specific-programmes and productivity.
- Ensuring the collection of basic data on agriculture and maintain databank of agricultural statistics for planning and information dissemination.
- Ensuring effective and efficient delivery of plant protection and regulatory services in the Municipality.

• Ensuring effective and efficient delivery of appropriate agricultural engineering and post-harvest technologies to women, the youth and disadvantaged farmers.

The organizational units involved are: Crops, Extension, Engineering, Animal production, Women In Agriculture (WIAD) and Management and Information systems (MIS)

The funding of the programme would be the Government of Ghana and sometimes Development Partners. The programme beneficiaries include farmers, fish farmers, processors, traders and transporters. The Staff strength of the sub-program is twenty five (25).

The challenges of the programme include:

- Low performing breeds of livestock
- High mortality rates (poultry)
- Poor livestock housing
- High cost of feeding for poultry
- Poor post-production management of livestock products such as beef handled by the butchers.
- Poor post-harvest management
- High environmental degradation e.g. bushfires and misapplication of agro chemicals
- Low technology adoption
- Erratic rainfall
- · Low level and low performing of existing irrigated agriculture
- Ineffective FBOs
- Low staffing and inadequate logistics

3. Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the MMDAs measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the MMDA's estimate of future performance.

PROGRAMME5: ENVIRONMENTAL AND SANITATION MANAGEMENT SUB-PROGRAMME 5.1 Disaster prevention and Management

1. Budget Sub-Programme Objective

The objectives of NADMO in Jaman South Municipality are:

- · Minimizing the impact of and develop adequate response strategies to disaster
- To effectively and efficiently ensure the distribution of relief items to disaster victims

2. Budget Sub-Programme Description

The National Disaster Management Organization seeks to formulate and implement workable policy programmes which are in line with the national and regional policies for effective and efficient mitigation and response to disaster. The sub-program allows for periodic touring to disaster prone areas and potential disaster sites to track the implementation of the stated programs and policies that have been developed. Again, NADMO offer sensitization and education programs within the Municipality in both raining and dry seasons to prevent disaster.

The organizational units involved in delivering this sub-program are Ghana National Fire Service, National Commission for Civic Education (NCCE), Information Service Department and the Stakeholders of the assembly.

The beneficiaries of this sub-program are: the Regional Co-ordinating Council (RCC), the Assembly and the General Public. A total staff strength of fourteen (14) is currently working in NADMO with its source of funding from the District Assemblies Common Fund.

The challenges faced by this sub-program include untimely release of funds and transportation (vehicle) to disaster sites.
