#### 3. REVENUE MOBILIZATION STRATEGIES FOR KEY REVENUE SOURCES

Measures designed to exceed actual revenue collected for 2020 with respect to the underlisted revenue sources:

#### a. Rates

The Assembly is already in the process of engaging the Land Valuation Department of Lands Commission to undertake the Revaluation of all Immovable Property in the District. Also, the Physical Planning department is leading the Assembly to capture relevant information on all Temporary Structures within the municipality. This will ensure that those who are operating without permit or with expired ones will be made to do the right thing.

#### b. Lands and Royalties

A sustained attention to expedite action on applications for building permits, be it for temporary or permanent structures. The Assembly will improve on cooperation,

particularly on revenue mobilization, with the departments of Natural Resources conservation, Forestry...and Office of the Administrator of Stool Lands. The target is to enjoy flow of information and a synchronized data to track the operations of clients.

#### c. License (Business Operating Permit-BOP)

Management has put in strategies to graduate from the mere collection of BOPs from the business's outfield to actual registration and issuance of business certificates. Periodic deployment of Revenue Task Force to sustain the momentum is already in force, of which the full impact will be felt in the next financial year (2021). Also, the coming on board of the newly constructed 165-unit lockable stores will feed into this by ensuring that each store is registered and issued with license.

### d. Fees

Public Education and Sensitization on revenue matters will be sustained on platforms such as Radios, Information Vans, etc. Revenue check points will be mounted at vantage points to enhance the collection of fees on conveyances of mainly forest and food produce (Export of Commodities).

#### e. Fines, Penalties and Forfeits

The Assembly has outlined steps aimed at prosecuting recalcitrant ratepayers. Retaining the services of a lawyer and in also increasing the capacity of the Assembly's Municipal Environmental Health Officials to participate in this process. Also, the Assembly bylaws have been submitted to Ghana Publishing for gazetting and this will go a long way to maximize revenue for the Assembly when prosecution is successful.

#### f. Rent

One key revenue point under this is the management readiness to complete the construction and allocation of the rest of the 165-unit lockable stores to occupants. In addition to the payment of rents from Assembly stores, stringent measures have been put in place by management to ensure that all staff occupying Assembly bungalows pay their respective rents in full and arrears as well. Finally, management has planned to offer rental services to the general public using the Community Centre, Assembly Hall and even plastic chairs.

#### g. Investment

Services provided by the Assembly grader is the only revenue generating source under this. So, management will ensure it is regularly serviced in order not interrupt its operations.

### h. Miscellaneous and Unidentified Revenue

As the name implies, nothing guarantees any revenue from this revenue head.
