PART A: STRATEGIC OVERVIEW

1. ESTABLISHMENT OF THE DISTRICT

1. Location and Size

The Lambussie District is one of the eleven (11) <u>districts</u> in the <u>Upper West Region</u> of northern <u>Ghana</u>. The district was created from the Jirapa-Lambussie District Assembly by a Legislative Instrument (LI 1849) in 2007, and was inaugurated on 29 February 2008. The Lambussie District lies in the north-western corner of the Upper West Region of Ghana. It shares boundaries to the South with Jirapa District, to the East with Sissala West District, to the West with the Lawra and Nandom Districts and to the North with Burkina Faso. The District, therefore, serves as the National Gate way to Burkina Faso. The capital of the district is Lambusie. The district is made of 58 communities with its major towns been Lambusie district include Hamile, Samoa, Billaw, Piina and Karni. The location of the District is strategic as its proximity to Burkina Faso could enhance cross border trade and other mutual relationships in terms of exchange of ideas for the development of the District. However, it also poses a tendency of influx of foreigners, including Fulani herdsmen, spread of diseases, and cross boarder crime.

POPULATION STRUCTURE

According to the 2010 Population and Housing Census, the District has a population of 51,654, constituting 24, 952 males (48.3%) and 26,702 females (51.7%). However, with a growth rate of 1.7, the population is projected to about 64,079 in 2020, constituting 31,525(49.2%) males and 32,554(50.8%) females. The population of the District is basically rural without some basic amenities like electricity and telephone services. Rural-Urban migration is therefore common in the District especially during the dry season as majority of the people become unemployed after harvest.

Even though the youthful population is the largest age group (50.5%), the district has a very significant population of children (43%). This composition of the

2021 Composite Budget - Lambussie District

population therefore requires efforts to create employment opportunities for the youth and provide more schools, play grounds, and other child development facilities for the children population.

2. VISION

The Assembly will become a world-class entity which delivers quality services to meet the needs of its people including the vulnerable and excluded in society.

3. MISSION

The Lambussie District Assembly exists primarily to improve upon the living standards of the people through the effective and efficient mobilization and utilization of resources through the direct participation of the people in a friendly environment and on a sustainable basis.

4. GOALS

The development goal of the Lambussie District Assembly is to facilitate and coordinate the delivery of all sectors of the Assembly to meet the national and district objectives in collaboration with the private sector.

This would be achieved by:

- Formulating, executing and monitoring implementation of plans and policies,
- Providing basic socio-economic infrastructure,
- Maintaining law and order,
- Organizing capacity building programmes for staffs,
- Effective revenue mobilization,
- Effective co-ordination of the activities of decentralized departments, subdistrict structures and NGOs,
- Promoting private sector development

5. CORE FUNCTIONS

The Lambussie district was carved from the then Jirapa- Lambussie District

under LI (1849) in 2007 and has the following as its core functions:

(1) A District Assembly shall

a. exercise political and administrative authority in the district;

b. promote local economic development; and

2021 Composite Budget - Lambussie District

c. provide guidance, give direction to and supervise other administrative authorities in the district as may be prescribed by law.

- (2) A District Assembly shall exercise deliberative, legislative and executive functions.
- (3) Without limiting subsections (1) and (2), a District Assembly shall

a. be responsible for the overall development of the district;

b. formulate and execute plans, programmes and strategies for the effective mobilisation of the resources necessary for the overall development of the district;

c. promote and support productive activity and social development in the district and remove any obstacles to initiative and development;

d. sponsor the education of students from the district to fill particular manpower needs of the district especially in the social sectors of education and health, making sure that the sponsorship is fairly and equitably balanced between male and female students;

e. Initiate programmes for the development of basic infrastructure and provide municipal works and services in the district;

f. Be responsible for the development, improvement and management of human settlements and the environment in the district;

g. in co-operation with the appropriate national and local security agencies, be responsible for the maintenance of security and public safety in the district:

h. ensure ready access to courts in the district for the promotion of justice;

i. act to preserve and promote the cultural heritage within the district;

- j. initiate, sponsor or carry out studies that may be necessary for the discharge of any of the duties conferred by this Act or any other enactment; and
- k. perform any other functions that may be provided under another enactment.
- (4) A District Assembly shall take the steps and measures that are necessary and expedient to
 - a. execute approved development plans for the district;

b. guide, encourage and support sub-district local structures, public agencies and local communities to perform their functions in the execution of approved development plans;

c. initiate and encourage joint participation with other persons or bodies to execute approved development plans;

d. promote or encourage other persons or bodies to undertake projects under approved development plans; and

e. monitor the execution of projects under approved development plans and assess and evaluate their impact on the development of the district and national economy in accordance with government policy.

- (5) A District Assembly shall co-ordinate, integrate and harmonise the execution of programmes and projects under approved development plans for the district and other development programmes promoted or carried out by Ministries, Departments, public corporations and other statutory bodies and nongovernmental organisations in the district.
- (6) A District Assembly in the discharge of its duties shall

(a) be subject to the general guidance and direction of the President on matters of national policy; and

(b) act in co-operation with the appropriate public corporation, statutory body or non-governmental organisation.

- (7) Public corporations, statutory bodies and non-governmental organisations shall co-operate with a District Assembly in the performance of their functions.
- (8) In the event of a conflict between a District Assembly and an agency of the central Government, public corporation, statutory body, non-governmental organisation or individual over the application of subsection (5), (6) or (7), the matter shall be referred by either or both parties to the Regional Co-ordinating Council for resolution.
- (9) The Instrument that establishes a particular District Assembly or any other Instrument, may confer additional functions on the District Assembly.

6. DISTRICT ECONOMY

a. AGRICULTURE

Agriculture is the main stay of the economy employing 73.1% of the population. Some of the major crops cultivated in the District include: maize, guinea corn, millet, cow pea, groundnuts and rice. The cultivation of vegetables such as amarantus, okro onions etc are also done especially during dry season around existing water bodies in some communities such as Karni, Lambussie, Dahile etc. With regards to livestock, goats, sheep cattle, pigs and fowls are produced. Subsistence farming, rearing of small ruminants, trading and local poultry keeping are the main occupations of the people as sources of income, though commercial farming can be effective if given the boost. The people also fish along the streams and dams during certain periods of the season. Even though fishing takes place in the dams, rivers, and streams in the District, fish farming is not practiced, therefore no fish ponds exist.

Traditionally, all lands belong to the landlords, otherwise known as "Tendaamba. For development and investment purposes, land can be sold out, or leased to developers/farmers for free or fees determined by those in charge i.e. Tendaamba.

There is a vast tract of arable lands suitable for large scale farming and animal production. The presence of valley presents the District with an opportunity for the construction of dams for dry season farming. There are two dams in the district which serve as sources of livelihood for many people during the dry season.

b. MARKET CENTER

The major economic activity in the district is agriculture which employs 46,778 (73.1%) of people in the district. About 77.7% of males in the district are into agriculture, while that of females is about 68.2%. Unlike agriculture which is male

²⁰²¹ Composite Budget - Lambussie District

dominant in the district, the proportion of females employed in manufacturing is far higher than the proportion of males (3.5). Other economic activities in the district are manufacturing (10%), wholesale, retail and vehicle repairs (7%). Other economic activities together take an insignificant share of 8%. The proportion of females in wholesale and retail (8.4%) is also higher than males (5.4%). The major markets in the district include Hamile, Piina, Suke and Karni. But only Hamile market is well structured and fenced.

ROAD NETWORK

None of the roads in the district is tarred although the road network of the district is fairly good.

EDUCATION

Education is an important aspect of societal development. It is the process of acquiring knowledge, skills, values and attitudes to fully develop individual capacities for societal well-being. According to the United Nations Development Programme, (2011), there is a relationship between education, human resource development and economic growth. To ensure effective monitoring and supervision, the Lambussie District is divided into six (6) circuits namely: Lambussie East, Lambussie West, Piina, Hamile, Chabogo and Karni circuits respectively. There are three (3) Senior High Schools, Thirty-Four (33) Junior High Schools, Forty-Three (43) Primary Schools and Forty-Four (46) public kindergartens. The district has 6 Kindergartens, 6 Primary and 1Junior High Schools in the private sector.

c. HEALTH

One of the key components and a focus area for social service delivery is health service delivery. To bridge the access gap in health service delivery, the Lambassie District has One (1) Polyclinic, Five (5) Health Centres, and Twenty-Nine (29) functional CHPS zones, which provide curative and preventive services

to the people. Unfortunately, the District has no hospital as such; all referral cases are made outside the District capital to the nearest district hospitals (mostly Nandom and Jirapa Hospitals). This situation has serious consequences for both clients and health staff. Therefore, if Ghana is to achieve the Sustainably Development Goal 3 which aims at ensuring healthy lives and promoting wellbeing for all at all ages, then there is an urgent need to ensure that all districts including the Lambussie district have district hospitals.

The health sector in the district can be categorized into two; public and private. The Ghana Health Service is the public sector health providers. The private sector has two private facilities namely Muslim Community Clinic and Kanyir Clinic, all situated in Hamile. These two facilities render OPD and ANC services among others.

d. WATER AND SANITATION

Access to potable water in the district is relatively high. About 89% if the people in the district have access to safe water supply for both drinking and domestic activities. However, even though the coverage seem good it does not favour the dispersed settlement pattern of the District as many communities do not have potable water and people have to walk longer distances in search of water. Currently, there are three (3) Small town water systems of which are all functional and the include Piina Water System and the two (2) rehabilitated systems in Lambussie and Hamile-Happa. In terms of boreholes, there are 246 boreholes of which 228 are functional. The district therefore considers access to potable water a critical development concern.

The sanitation situation in the District is appalling. In the area of solid waste management, many households do not have temporal waste collection containers. Houses are also far from available dump sites. As a result, many houses have small damp sites where solid waste is dumped and burnt

²⁰²¹ Composite Budget - Lambussie District

²⁰²¹ Composite Budget - Lambussie District

periodically. Overall, only 2.5% of households are served with solid waste management services.

Similarly, liquid waste in the district is mainly disposed off indiscriminately. The waste water drainage system in the district is mainly of natural gutters created by running water. Sewage from bath houses and domestic chores is disposed indiscriminately. This practice breeds mosquitoes in the communities.

Also, due to limited household latrines, indiscriminate open defecation is a common practice in the district with its consequences on water and sanitation related diseases. Since 2016 however, the situation has gradually improved with support from UNICEF. The introduction of the community led total sanitation (CLTS) concept in the district has led to a declaration of 46 out of the 58 communities in the district as open defecation free (ODF). It is hoped that the effort will be sustained to ensure total open defecation free in the district by 2021.

e. ENERGY

Almost all the larger communities in the district are connected to the national grid. 39 out of the 58 communities in the district are without lights constituting 67.4% which implies that majority of communities in district are not connected to the national grid.

2021 Composite Budget - Lambussie District

2. Budget Sub-Programme Description

The sub-programme is concerned with the implementation, monitoring, coordination, evaluation and reporting on social protection and community based policies, programmes and projects in the district.

The Department promotes the welfare of Children, Women, and Persons with Disability (PWD) and the Extremely Poor Persons.

Women's empowerment refers to the economic, social, cultural and political advancement of women. It also involves the creation of opportunities for the realization of women's full potential. This is necessary because women are marginalized in society, as most women do not have access to educational opportunities, decision making and control over economic resources.

In the area of child rights promotion, the department undertakes activities aimed at fostering behavior change of all actors in charge of child welfare and protection at the district level. Child rights promotion involves outreach activities such as community sensitization through durbars, seminars, capacity building, and advocacy.

The department also provides support to the disabled as well as the extremely poor through the Livelihood Empowerment against Poverty (LEAP) Programme.

The sub programme is implemented through the following organisations and units; Social Welfare And Community Development

- 1. Gender desk units
- 2. DPs

The sub programme is funded through GoG, DPs and IGF. Currently a total of 4 staff is involved in the implementation of the sub programme. Beneficiaries of this sub programme are PWD's, the vulnerable and excluded.

BUDGET PROGRAMME SUMMARY

PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

Budget Programme Objectives

- To enhance capacity to mitigate the impact of natural disasters, risk and vulnerability
- To accelerate the provision of improved environmental sanitation services

Budget Programme Description

The Environmental and Sanitation Management Program is aimed at facilitating improved environmental sanitation and good hygiene practices in both rural and urban communities. It also aims at empowering individuals and communities to analyze their sanitation conditions and take collective action to change their environmental sanitation situation.

The programme also focuses on mitigating the impacts of natural disasters and reducing risks and vulnerability through awareness creation and provision of relief during times of disaster.

The principal components of Environmental Sanitation and Management at all levels include:

- Collection and sanitary disposal of wastes, including solid wastes, liquid wastes, excreta, health-care and other hazardous wastes;
- Health promotion activities;
- Cleansing of thoroughfares, markets and other public spaces;
- Food hygiene;
- Environmental sanitation education;
- Inspection and enforcement of sanitary regulations;
- Control of rearing and straying of animals
- Education on disaster prevention and management
- Provision of reliefs during disaster

2021 Composite Budget - Lambussie District

- NADMO
- Ghana National Fire Service
- Environmental Health and Sanitation Unit (EHSU)

This Program is funded by sources including GoG, Development Partners and IGF. A total staff of 14 will implement this programme.
