The District economy is agrarian. The climatic condition of the District favorably supports the cultivation of variety of crops and livestock production. Agriculture in the District is still rain fed.

CASH CROP

The main cash crops grown in the District are Mango, Cashew and Cocoa, which are mostly grown in Vakpo-Fu, Konda and Wusuta.

NON-TRADITIONAL CROPS

There are some non-traditional export crops that have emerged recently and mostly owned by local farmers. The main crops being cultivated are mango, pawpaw, pineapple, ginger, cashew and vegetables such as garden egg.

LIVESTOCK

The livestock sub- sector in the district is less developed. Common livestock found in the district include sheep, goats, cattle, pigs, ducks and local fowls but in less commercial quantities.

FISHING

Fishing is the dominant occupation for the people in the communities in the district living along the Volta Lake. Fishing is therefore, carried out along the entire southern border with 80km along the Volta Lake. The major fishing communities include Awate Tornu, Tsorxor, Aveme Danyigba, Wusuta Kpebe and Botoku. Some fishing also takes place on the River Dayi. The fishes caught are mostly sold in the local markets in both fresh and smoked forms and also transported to urban markets such as Accra, Tema etc. for better prices.

MARKET CENTER

Markets center plays very important roles in the promotion of economic life of the people in the district. The major market centers are Anfoega, Vakpo and Wusuta Kpebe. There are pockets of market shops dotted at Anfoega and Vakpo. These shops deal mostly in manufactured goods and raw foodstuffs.

Anfoega Market

This is one of the smallest markets but with high potential of revenue generation capacity. Unfortunately, the topography of the area is one of the greatest limitations for expansion. However, the market has been rehabilitated and other facilities like toilet and borehole constructed in the market. It has an average attendance of between 250 and 300 on a market day.

Vakpo Market

The market has been relocated to a new site to pave the way for future expansion. The market however has the potential to develop into bigger one by virtue of her position with a wide catchments area. Vakpo town has the characteristic of a nodal town linking Kpando, Wusuta, Botoku, Tsrukpe, Tsorxor and Anfoega.

The market has an average attendance of between 50 and 100 attendance on a market day and with the development of a lorry park, it is envisaged that, the market would become vibrant.

Wusuta Kpebe Market

The Wusuta Kpebe Market is strategically located along the Volta Lake between South Dayi and Affram Plains Districts. It has an average attendance of between 50 and 70 people. It has a potential to expand due to its strategic location.

The assembly is taking steps to upgrade the market by building additional sheds, stalls and stores in order to make it vibrant.
