PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

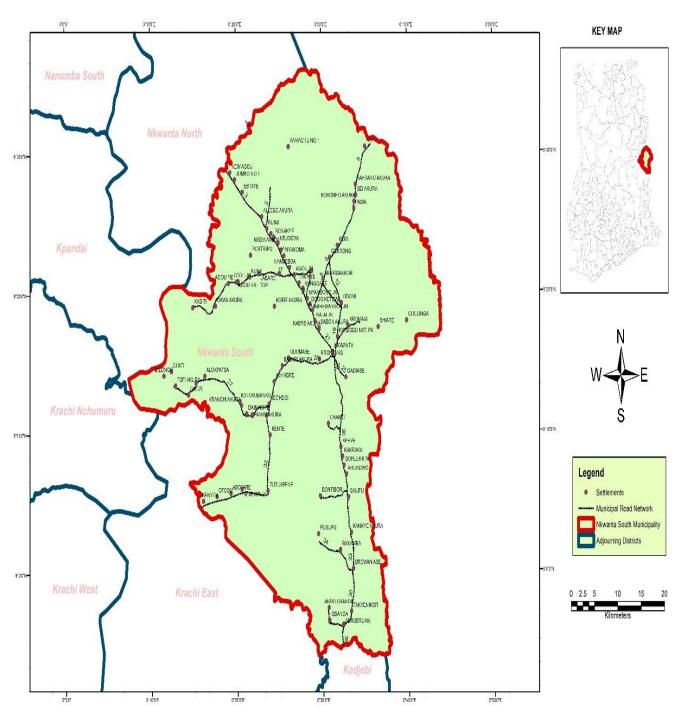

1.0 Establishment of the District

The Nkwanta South Municipality is one of the Eight (9) Districts in the Oti Region established by Legislative Instrument (LI) 2283 of 2017 with its capital as Nkwanta. It is bounded to the North by Nkwanta North District, to the South by Kadjebi District, to the East by the Republic of Togo and to the West by Krachi East Municipal. It covers a total land area of 2,473km², and the largest in the Region.

The General Assembly has a membership of forty-five (45) made up of thirty (30) elected members, thirteen (13) government appointees, the Municipal Chief Executive and one Member of Parliament. The Municipal Assembly has three (3) Zonal Councils and thirty (30) Unit Committees. The Zonal Councils are Nkwanta, Ntrubo, and Kecheibi/Tutukpene.

1.1 Population Structure

According to the 2020 Population and Housing Census (PHC), the total population of the Municipality as of 2021 as projected is 135,936 (50.1% females, 49.9% males) with estimated population growth rate of 2.5% (based on the Regional and National growth rate as released by the Ghana Statistical Service (GSS). Nkwanta South Municipal has a relatively lower population density (55.0 persons per sq. km) compared to the regional and national figures of 67.5 and 129.3 respectively. This implies that there are more lands available for development. The municipality is predominantly rural with rural one with over 71.4% of the people living in scattered settlements with population less than 5,000.

NKWANTA SOUTH MUNICIPALITY MAP

1.3 Vision

To become a highly efficient socio-economic service provider that creates an enabling environment for poverty reduction

1.4 Mission

The Assembly exists to facilitate the improvement in the quality of life of the people within the Assembly's jurisdiction through the equitable provision of services for its total development within the context of good governance in a sustainable manner.

1.5 Goals

To improve upon the general living standard of the people through a concerted effort of all stakeholders to achieve self-reliance, accountability, unity of purpose by creating the necessary enabling environment for the growth of the private sector-led economy based on the principles of good governance.

1.6 Core Functions

The core functions of the Nkwanta South Municipal Assembly conferred under sections 12 and 13 of the Local Governance Act, 2016 (Act 936) are outlined below:

- Exercise political and administrative authority in the Municipality, promote local economic development, provide guidance, give direction to, and supervise the other administrative authorities in the Municipality.
- Exercise deliberative, legislative and executive functions.
- Be responsible for the overall development of the Municipality.
- Formulate and execute plans, programmes and strategies for the effective mobilisation of the resources necessary for the overall development of the Municipality.
- Promote and support productive activity and social development in the Municipality and remove any obstacles to initiative and development.
- Initiate programmes for the development of basic infrastructure and provide municipal works and services in the Municipality.
- Be responsible for the development, improvement and management of human settlements and the environment in the Municipality.

- Responsible in co-operation with the appropriate national and local security agencies, for the maintenance of security and public safety in the Municipal.
- Ensure ready access to Courts in the Municipal for the promotion of justice.
- Initiate, sponsor or carry out studies that are necessary for the performance of a function conferred by the Local Government Law or by any other enactment.

1.7 District Economy

Agriculture

This sector is divided into three main sub-sectors; namely: crop, livestock and fisheries. There are vast stretches of arable land with suitable vegetation and climate for optimum crop production. The soil types support variety of crops. The Municipality has comparative advantage in the production of yam, cassava, and cereal. The introduction of mechanized agriculture for the production of cassava and cereals will stimulate increased income and eventual reduction in poverty. Subsistence farming, cultivating very small acreages, is predominant in the Municipality, averaging two acres of land per farmer. Hoes and cutlasses are the main farm implements. Credit facilities are not easily available to farmers. Farmers depend mostly on traditional methods of storage resulting in significant post-harvest losses especially during the rainy season due to the poor road network within the Municipality. Agro-processing is largely limited to gari processing using cassava; therefore, about 95% of agricultural produce are sold in their raw state. There is the potential to increase the production of cattle, goats, sheep, and pig by introducing new breeds, improving husbandry practices and establishing fodder banks as well as improved pastures especially at Kabiti where there are large expanse of land and water. Fishing is carried out on the Oti arm of the Volta Lake at Kabiti.

Road Network

Road is the major mode of transport in the Municipality. There are over 150 communities which are predominantly rural with untarred road network resulting in difficulty in vehicular mobility especially in the rainy season and dusty in the long dry season. Sometimes, most parts of the Municipality are cut-off from the capital during the rainy seasons. This implies that, the overall improvement of the road network, maintenance and rehabilitation will facilitate and lower transportation cost and integrate the Municipality's rural economy with the urban economy to reduce poverty.

9

Health

The Municipal health delivery system is managed by the Municipal Health Management Team (DHMT) which is headed by the Municipal Director of Health Services. Among the services provided by the DHMT are Health Administration, Health Promotion and Curative Services, Maternal and Child Health/Family Planning Services and Disease Control and Preventive Services. The Team is also responsible for the co-ordination of the activities of the various divisions in collaboration with other health related sectors for the promotion of health development and disease prevention. There are thirty health facilities in the Municipality. The top five causes of hospital admissions and death are malaria, anaemia, hypertension, pregnancy related complications and snake bite. The Municipality is involved in a number of Malaria control programmes including Roll Back Malaria Programme and measures such as environmental cleanliness, netting of doors and windows and the use of insecticide treated bed nets. But malaria still accounts for over 40% of all OPD attendance. Many children suffer from malnutrition because they do not receive adequate amounts of nutritious foods. The obvious reasons are that many parents do not pay much attention to their children's dietary requirements because they are either ignorant, poverty stricken, adhere to traditional beliefs, or have large families that they cannot cater for adequately.

Potable water coverage is just about 70% meaning that about 30% of people do not have access to safe drinking water. Some of households use river/stream water as their main source of drinking water, while over 50 percent use bore-hole/pump/tube well.

The Municipality's Mutual Health Insurance Scheme faces a number of challenges including inadequate logistics making it difficult to reach out to the hard-to-reach communities for education, registration, and photo-taking; inadequate office accommodation resulting in the creation of *'offices under tree'* for some of the workers; delays in renewal and abuse of healthcare services by clients.

Education

The Assembly provides education through the Municipal Education Directorate whilst the Municipal Assembly provides the infrastructural needs of public schools. There are 92 pre-schools of which 61 are public and 31 privately owned; 92 primary schools consisting of 80 public and 12 private and 37 Junior High Schools - 36 public and one private. There are four Senior High Schools located at Nkwanta and Brewaniase. The Municipality has a challenge with trained teacher retention. Nearly, one-third of all the teachers are untrained whilst a number of schools have woefully inadequate teaching staff. These have serious implications for teaching and learning. Educational facilities such as libraries, furniture, and textbooks are inadequate even though there has been lots

of improvement in the last three years. There are still schools under sheds. The Assembly is working hard to replace all in 2023. Nearly 41 percent of the population has never attended school. Over 80 percent of all those with some education did not go beyond Basic Education. The situation is more pronounced on the female side as the figures keep dropping drastically. (Source: 2020 PHC). Serious and concerted efforts are needed to curb illiteracy at all levels especially amongst female. The Non-Formal Education Division and other NGOs are being encouraged to take up the challenge of bringing down these unacceptably high figures. There are no vocational or technical institutes for skill training for the youth. There are, however, a number of mechanic shops, carpentry workshops, dressmaking, and hairdressing saloons where the youth acquire skills through apprenticeship. To support the youth to acquire skills for gainful employment, the Assembly in collaboration with the Business Advisory Centre and Non-Governmental Organizations (NGO) will explore the possibility of establishing community-based capacity building schemes to train young people who drop out of school or are unable to attend school.

Telecommunication, Trade and Commerce

The presence of Vodafone, TiGO and MTN telecommunication networks promotes economic activities within the Municipality. The Municipality can also boast of two FM stations - Beyond FM 90.7 and Gateway Radio located at the Municipal capital, Nkwanta. The FM stations undertake activities such as sensitization, education, and promotion of economic activities through advertisement to transform the lives of people within its catchment areas.

The Municipality has a number of marketing centers that attract sellers and buyers from all parts of Ghana and the Republic of Togo. These are located in Nkwanta, Breweniase, Kue, Bonakye, Kabiti, Keri, Tutukpene and Ofosu and held mostly on weekly basis. Trading activities in the Municipality, particularly in the periodic markets constitute one of the major sources of revenue to the Assembly. The investment and improvement of market infrastructure prominently has the potential of boosting the Municipality's revenue generation. Currently, economic activities in the Municipality are supported by four financial Institutions namely: Ghana Commercial Bank Ltd, Agricultural Development Bank, National Investment Bank and North Volta Rural Bank Ltd.

Cocoa production is a major activity especially in Kecheibi and its surrounding areas. Cashew development is also picking up. Potential exists for large-scale cultivation of these cash crops –

11

cocoa and cashew. There is also the potential for cassava chips production and gari processing for export. Honey production is gaining popularity for export.

Tourism

Even though tourism has become one of the main sources of income and employment generation sectors in the country, the Assembly is yet to tap the existing potentials. There are a number of tourist sites that have the potential of rivaling some of the well-known tourist sites in the country. Though largely undeveloped, these sites hold the key to the area's development if steps are taken to explore the large potential they present. Nkwanta South Municipality possesses a wide range of naturally attractive features. These attractions include the Kyabobo Range National Park, Mountains, Waterfalls, Wildlife, and other natural features. The Kyabobo Range National Park is particularly noted for foot safaris. The two "breast-mountains" viewed from the Nkwanta township is a welcome signal to the park. On top of these mountains, is a panoramic view of the underlying plains, communities and the Volta Lake offer the climbers a unique impression of the natural beauty of the park and other parts of the Region. There are also in the park, camping sites to suit the taste of lovers of nature and eco-tourism. The Laboun Waterfall situated in the Kyabobo Park is about 30 metres high. There is the upper fall and the lower fall and the accompanying singing of birds, shrills of monkeys and cries of animals and the forest canopy give tourists a wonderful sense of satisfaction. The "Hanging Village" (so called because of its architectural design) is situated a few kilometers east of Nkwanta. The houses are built in a sort of layers into the mountain making them look as though they are hanging.

Environment

Nkwanta South Municipality is characterized by a tropical climate with dry and humid weather conditions. The rainfall regime experienced in the Municipality is the double maxima type; that is from April to July and September to October. The average number of rain days is 86 with extreme annual rainfalls ranging between 922mm to 1,874 mm. The dry season is from November to March. The mean annual maximum temperatures range between 24°C and 39°C (76°F ^{to} and 103°F) while the mean annual minimum temperatures are between 11°C and 26°C (52°F and 79°F). January - April are the hottest months while August records the lowest temperatures.

The Municipal is covered by three vegetation zones. These are semi-deciduous forest zone, found mainly on the eastern border. This accounts for about 30% of the vegetative cover.

12

The second zone is the savanna woodland, which extends from the north-eastern part southwards to the zone of the semi-deciduous forest. This accounts for about 50% of the vegetative cover.

The third zone is the savanna grassland extending eastwards from the Volta Lake and its Oti arm. It takes about 20% of the vegetative cover of the Municipal. The common timber species include Odum, Wawa, and Kyenkyen. Due to logging, farming, cutting of fuel wood and charcoal production, the original vegetative cover has been reduced to secondary forests. It is also worth noting that bush burning is rampant during the long dry season. The Municipality is home to the Kyabobo Range National Park, the newest in the country. This park is situated in Ghana's highest mountain range and covers an area of 340 sq. km. It links-up with the extensive Fazao-Malfacassa National Park in Togo giving it an international attraction.

It has a unique mixture of both forest and savanna species with different kinds of animals including buffalos, bushbucks, waterbucks, black and white colobus monkeys, potas monkeys, mona monkeys and birds of diverse varieties. The Municipality is witnessing uncontrolled degradation of its physical and natural resource base through a number of factors such as bush fires; inappropriate farming practices and deforestation. Climate change is imminent in the whole region in terms of change in rainfall pattern and weather conditions.

KEY DEVELOPMENT ISSUES

- Low mobilization of IGF due to leakages and logistics inadequacy
- Low development of MSEs
- Post-harvest losses
- Limited exploitation of tourism potentials
- Poor road conditions and network
- Limited access to extension services
- High incidence of bushfires
- Poor environmental sanitation
- · Increasing negative impact of climate change on agriculture
- Poor access to potable water
- Poor development control
- High incidence of child abuse

- High desks deficit for school children
- Inadequate/dilapidated classroom blocks
- Inadequate/dilapidated health facilities

KEY ACHIEVEMENTS – 2022

- 1. 950 dual desks supplied to basic schools
- 2. 2No. staff bungalows renovated
- 3. 80,000 cashew seedlings supplied to farmers
- 4. 143No. streetlights repaired and maintained
- 5. Economic items procured and distributed to PWDs
- 6. PWDs supported financially

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

SUB-PROGRAMME 1.5 Legislative Oversights

Budget Sub-Programme Objective

- Strengthen the capacity of Assembly Members to initiate and effectively scrutinize bye-laws, contracts and proposals;
- Strengthen Assembly Members' skills to effectively scrutinize, monitor and evaluate revenue and expenditure estimates.
- Improve public understanding of the work of the Assembly, its committees and the duties and responsibilities of Assembly Members to the electorates.

Budget Sub- Programme Description

This sub-programme provides a range of procedural and legislative functions by the Presiding Member and Members of the Assembly at plenary and in committee sittings.

- The sub-programme facilitates Assembly Members skills to initiate and scrutinize bye-laws, contracts and proposals;
- The sub-programme also outlines the specific functions of committees as provided in the Standing Orders including investigation and inquiry into the activities and administration of departments and units of the Assembly.
- It also focuses on enhancing the capacity of Assembly Members to effectively scrutinize and analyze Budget estimates of the Assembly.
- Committees have primary responsibility for financial and oversight of the work of the departments and agencies of government to which they correspond, including scrutiny of their budgets and expenditures.
- This sub-programme addresses the misconception of electorates regarding the roles and responsibilities of Assembly Members as defined by the Local Governance Act by reaching out to the public through Town Hall meeting, panel discussion on radio and participation in communal activities.

The main beneficiaries of the programme are decentralized departments of the assembly, other public service institutions and public servants. The funding for this programme comes mainly from IGF budget. Under this sub-programme, a total staff strength of four (4) will carry out its implementation.

PROGRAMME 2: SOCIAL SERVICES DELIVERY

Budget Programme Objectives

- To provide equitable access to good-quality child-friendly Universal Basic Education by improving opportunities for all children in kindergarten, primary and junior high school levels.
- To sensitize the youth on health issues, peace, volunteerism and social vices.
- To accelerate the provision of improved environmental sanitation services
- To deliver context specific healthcare interventions by providing accessible, cost effective and efficient health service at the primary level
- To reduce extreme poverty and enhance the potential of the poor to contribute to national development.

Budget Programme Description

The program seeks to reduce disparities between rural and urban areas in terms of quality of life and the provision and access to social services. There are five sub-programmes under this programme. These are:

- Education, Youth and Sports Services
- Public Health Services and Management
- Social Welfare and Community Development
- Birth and Death Registration Services
- Birth and Death Registration Services
- Environmental Health and Sanitation Services

The Education component comprises of kindergarten, primary and Junior High Schools – that is schooling for children between the ages of 3 and 16 years. Basic Education is predominantly provided by government operated facilities. The private schools are self-funded and registered by the Ghana Education Service. The schools use the GES curriculum. Provision of basic education is mandatory and free to all Ghanaian children. This means that the school buildings, furniture, teachers and teaching materials are all provided by the government. The Youth and Sports seeks to provide skills and educational training for the youth to make them employable. It also involves educating the youth on health issues, volunteerism and peaceful co-existence.

Public Health Services and Management sub-programme is aimed at improved public health and clinical services. The programme provides facilities, infrastructural and programmes for effective

and efficient clinical services and promotion of public health. The Community Health Planning and Services (CHPS) concept remains the Municipality's main strategy of bringing basic health services to the community level. Health promotions, immunization, HIV/AIDS awareness creation and prevention are all some of the deliverables.

The Environmental Health and Sanitation Management delivers improved environmental sanitation and good hygiene practices in both rural and urban communities. The objective is to empower individuals and communities to analyze their sanitation conditions and take corrective action to change their environmental sanitation situation which will involve a number of complementary activities, including the provision and maintenance of sanitary facilities, public education, community and individual action, regulation and legislation supported by adequate funding.

The Birth and Death Registration services seek to provide accurate, reliable and timely information on all births and deaths occurring within the Municipality.

PROGRAMME 2: SOCIAL SERVICES DELIVERY

SUB-PROGRAMME 2.1 Education, Youth and Sports Services

Budget Sub-Programme Objective

• To provide equitable access to good-quality child-friendly Universal Basic Education, by improving opportunities for all children at kindergarten, primary and junior high school levels.

Budget Sub- Programme Description

This sub-programme seeks to improve education, youth and sports service delivery. It delivers the following key services:

- Provision of infrastructure at the basic school level
- Enhancing school inspection, monitoring and accountability
- Empowering deprived and unskilled youth with leadership and vocational skills training to make them become employable.
- Educating and orienting the youth on volunteerism, peaceful co-existence, health issues, civic rights and responsibilities as well as the effects of social vices.
- Provision on scholarships to needy but brilliant students

The organizational unit involved in delivering the sub-programme is the Department of Education Youth and Sports of the Assembly. The department has total staff strength of thirty (30) to oversee the effective delivery of the projects and operations of the sub-programme.

Beneficiaries of the programme are mainly school-going children, teachers, youth and the general public. The sub-programme is funded through DACF, DACF-RFG budgetary allocation, Internally Generated Funds (IGF) and Donor/External Funding sources. The major challenges confronting the sub-programme are the inadequate trained teaching staff especially at the pre-school level and budgetary constraints.

PROGRAMME 2: SOCIAL SERVICES DELIVERY

SUB-PROGRAMME 2.2 Public Health Services and Management

Budget Sub-Programme Objective

- To bridge the equity gaps in geographical access to health services by 2030
- To achieve universal health coverage through improved health delivery services

Budget Sub- Programme Description

This sub-programme seeks to coordinate all activities to ensure access to good healthcare within the Municipality. It also harmonizes and implements sector policies and programme to avoid duplication of efforts. The programme centers on the following:

- i. Provision of public health and clinical services at primary levels
- ii. Provision of health infrastructure

Regarding HIV/AIDS, a number of strategies with emphasis on Behaviour Change messages have been scaled. The interventions include; information, education and communication strategies. Malaria continues to pose considerable disease burden to health delivery. The Municipality aims to reduce deaths and illness due to malaria by 75% by the year 2030. In order for impacts to be achieved and the gains to be sustained, emphasis will be on the use of proven cost-effective interventions coupled with the necessary local initiatives that will ensure success through community and gender-based approaches that focus on hard-to-reach communities and the support of the health system. The component on health promotion aims at reducing risk factors related to health with strong emphasis on healthy lifestyle and environment. There will be community focus interventions that place premium on behaviour change, feeding and physical exercises.

The organizational unit involved in delivering the sub-programme is the Municipal Health Directorate of the Assembly. The Unit has total staff strength of ten (10) to oversee the effective delivery of the projects and operations of the sub-programme. Beneficiaries of the programme are mainly the general public. The sub-programme is funded through DACF, DACF-RFG budgetary allocation, Internally Generated Funds (IGF) and Donor/External funding sources. The major challenges confronting the sub-programme are the inadequate logistics for operations within the sub-programme and limited capacity at Municipality level.

SUB-PROGRAMME 2.3 Social Welfare and Community Development

Budget Sub-Programme Objective

- To integrate the vulnerable, persons with disability, the excluded and the disadvantaged into the mainstream of society.
- To protect and promote the right of children against harm and abuse
- To protect the rights of people particularly women and children from violence

Budget Sub- Programme Description

The sub-programme performs the functions of support to the extremely poor households, persons with disabilities, shelter for the lost and abused children and destitute. It also seeks to mainstream older persons into the national development process.

Basically, community development promotes social and economic growth in the rural communities through popular participation and initiatives of community members in activities of poverty alleviation, employment creation and illiteracy eradication among the adult and youth population in the rural and urban poor areas of the Municipality. It seeks to provide employable, entrepreneurial development and sustainable skills to the youth through Technical and Vocational Education and Training (TVET) with a view to enable the youth to achieve and maintain a meaningful life while remaining in their localities.

It also promotes behavioural and social change through the strategy of communication for development (C4D) especially child and family welfare for effective and efficient child protection, societal and developmental issues through mass meetings, study groups meetings and women's groups meetings.

The sub-programme is undertaken by the department of Social Welfare and Community Development. The funding sources for the sub-programme include GoG, DACF, donors funding and IGF budget allocations. The beneficiaries of the program include urban and rural dwellers in the Municipality. Total staff strength of six (6) will see to the implementation of this sub-programme.

PROGRAMME 2: SOCIAL SERVICES DELIVERY

SUB-PROGRAMME 2.4 Birth and Death Registration Services

Budget Sub-Programme Objective

• To keep the records of all birth and death occurrences in the Municipality.

Budget Sub-Programme Description

This sub-programme seeks to register all the occurrences of births and deaths in the Nkwanta South Municipality. It also provides vital statistics by way of demographic data for development planning as well as increasing registration of births and deaths coverage in the Municipality. It also seeks to acquire a community population register programme, expand its registration centres in the rural communities and computerization of the registry.

Births and Deaths ensures strict adherence of quality standards in Births and Deaths Registration in the Municipality. It provides the opportunity to gather the necessary inputs for preparation of periodic reports, returns, annual budget estimates, promotes proper implementation of approved budget and issuing of reports for the purpose of population statistics to Ghana Statistical Service, NGO's, Hospitals, etc.

The operations of the sub-programme involves: maintaining and managing statistical data on births and deaths; undertake birth and death registration activities, educating people at the local level on the importance of births and deaths registration.

The organizational unit responsible for delivering this sub-programme is the department of Births and Deaths Registry with the total number of three (3) staff. The beneficiaries of this programme are the general public. The sub-programme is funded mainly by GoG and Development Partners.

The main challenge faced in the delivery of this sub-programme is under-staffing and Office Accommodation.

PROGRAMME 2: SOCIAL SERVICES DELIVERY

SUB-PROGRAMME 2.5 Environmental Health and Sanitation Services

Budget Sub-Programme Objective

- To accelerate the provision of improved environmental sanitation services.
- To promote safe and healthy environment in order to minimize illnesses

Budget Sub- Programme Description

The Environmental Health and Sanitation Management sub-programme is aimed at facilitating improved environmental sanitation and good hygiene practices in the Municipality. It also aims at empowering individuals and communities to analyze their sanitation conditions and take collective actions to change their environmental sanitation situation.

The principal components of this sub-programme at all levels (villages and towns) include:

- Collection and sanitary disposal of wastes, including solid wastes, liquid wastes, excreta, and other hazardous wastes;
- Cleansing of thoroughfares, markets and other public spaces.
- Control of pests and vectors of disease;
- Food hygiene;
- Environmental sanitation education;
- Inspection and enforcement of sanitary regulations;
- Safe disposal of the dead;
- Control of stray animals;
- Monitoring the observance of environmental services and standards.
- Creating and maintaining database of all issues of environmental health importance
- Compilation and reporting of problems and complaint management

It also comprises a number of complementary activities, including the provision and maintenance of sanitary facilities, public education, community and individual action, regulation and legislation supported by the Assembly.

The organizational unit involved in delivering the sub-programme is the Municipal Environmental Health Unit of the Assembly in collaboration with the Municipal Health Directorate. The Unit has total staff strength of six (6) technical and thirty-seven (37) non-technical to oversee the effective

delivery of the projects and operations of the sub-programme. Beneficiaries of the programme are mainly the general public. The sub-programme is funded through DACF, Internally Generated Funds (IGF) and Donor/External Funding sources.

PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT

Budget Programme Objectives

- To ensure the sustainable development and periodic review of comprehensive plans and programmes for the construction and general maintenance of all Assembly landed properties, drainage management and operational hydrology.
- To promote a sustainable, spatially integrated and orderly development of human settlements to support socio-economic development

Budget Programme Description

The programme seeks to reduce disparities between rural and urban areas in terms of quality of life and the provision and access to social and physical infrastructure. There are three sub-programmes under this programme. These are:

- Physical and Spatial Planning Development
- Public Works, Rural Housing and Water Management
- Roads and Transport Services

Physical and Spatial Planning basically focuses on programmes and projects on human settlement development to ensure that human activities particularly towns and communities are undertaken in a planned, orderly and spatially determined manner.

The Public Works, Rural Housing programme comprises of works, general maintenance and management, drainage management and hydrology. Works management provides technical support and consultancy services to Assembly and other donor funded public projects. It also co-ordinates the construction, rehabilitation, maintenance, and reconstruction of public buildings, government estates and storm water drainage systems. General maintenance management is involved in the rehabilitation, refurbishment and maintenance of government landed properties. Similarly, it collaborates with consultants in the execution of public assignment in pre and post contract administration services. Water Management establishes the database for water supply, irrigation and drainage. Drainage management involves the development of the drainage master plans, designs of hydraulic structures such as drains, culverts, storage reservoirs, bridges and erosion control structures.

The Programme is delivered by the Physical Planning and Works Departments of the Assembly with total staff strength of seven (7) officers.

PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT

SUB-PROGRAMME 3.1 Physical and Spatial Planning Development

Budget Sub-Programme Objective

 To promote a sustainable, spatially integrated and orderly development of human settlements to support socio-economic development

Budget Sub- Programme Description

Physical and Spatial Planning basically focuses on programmes and projects on human settlement development to ensure that human activities particularly in towns and communities are undertaken in a planned, orderly and spatially determined manner. The sub-programme seeks to establish the linkage between spatial/land use planning and socio-economic development in the planning and management of the Municipality.

The major operations of this sub-programme include:

- Preparation of physical plans as a guide for the formulation of development plans
- Identification of problems concerning the development of land and its social, environmental and economic implications;
- Co-ordination and harmonization of developmental decisions into a physical development plan;
- Prohibition of the construction of new buildings unless building plans submitted have been approved by the Assembly;
- Advising the Assembly on siting of bill boards, masts and ensure compliance with the decisions of the Assembly;
- Advising the Assembly on the acquisition of landed property in the public interest
- Mobilization of IGF for the Assembly by imposing fees and charges for services rendered to clients with the collaboration of the Revenue Unit
- Undertaking street naming, numbering of house and related issues.

The sub-programme is delivered by Physical Planning Department of the Assembly with different funding sources. The implementation of the programmes and projects are undertaken at the Municipality level with funding from GoG, DACF, DACF-RFG and IGF budgets. The main beneficiaries of the programme are decentralized departments of the Assembly, other public service institutions, public servants and the general public.

The major urban and rural development issues confronting the department include;

- Poor security and safety
- Inadequate office space,
- Limited capacity in the adoption of innovative approaches.

SUB-PROGRAMME 3.2 Public Works, Rural Housing and Water Management Budget Sub-Programme Objective

- Ensure timely and effective maintenance of all government landed properties
- To increase access to adequate, safe, secure and affordable shelter
- Ensure that the entire populations, particularly the poor and vulnerable have access to adequate and safe drinking water and sanitation.

Budget Sub- Programme Description

This sub-programme deals with the development, construction, general maintenance and management involving the rehabilitation, refurbishment and maintenance of government landed properties. The key functions include:

- Construction, maintenance and repair of public buildings and properties.
- Offering architectural, quantity surveying, structural/civil, electrical, mechanical engineering and estate management services to the public.
- Team up with consultants in the execution of public assignment in pre- and post-contract administration services.
- Provision of shelter and office space for government organizations and consultancy services to public projects,
- Encouraging private sector participation in the provision of safe water supply and sanitation services in rural communities and small towns.
- Prescription of standards and guidelines for safe water supply and provision of related services in rural communities and small towns.

The organizational unit involved in delivering this sub-programme is the Works Department of the Assembly. The programme is delivered through the award of contract and supervised by the department's project implementation team which comprises professionals in architecture, engineering (civil/electrical) and quantity surveying.

The department has total staff strength of five (5) to oversee the effective delivery of the projects and programmes of the sub-programme. Beneficiaries of the programme are mainly public servants, government institutions and the general public. The sub-programme is funded through DACF, DACF-RFG budgetary allocation, Internally Generated Funds (IGF) and donor/external funding sources.

The major challenges confronting the sub-programme are the inadequate staffing and logistics for operations within the sub-programme. Budgetary constraints, limited capacity for water & sanitation delivery, difficult hydro-geological terrain among others.

SUB-PROGRAMME 3.3 Roads and Transport Services

Budget Sub-Programme Objective

- To provide quality road transport systems for the safe mobility of goods and people.
- To implement development programmes to enhance urban transport through improved road network.

Budget Sub- Programme Description

The sub-programme provides quality road transport systems for the safe mobility of goods and people. It is also aimed at developing and implementing appropriate strategies and programmes to improve the living conditions of both rural and urban dwellers through enhanced transportation and improved road network. Under this sub-programme, construction, maintenance, inspection, supervision and monitoring of all road related activities will be undertaken. Major services delivered by the sub-program include;

- Collection of data for planning and development of the Municipality's transportation infrastructure.
- Establishing and maintenance of transport services database including; information on operators, routes, terminals, bus stops and paid car park facilities within the jurisdiction of the Municipality.
- Register and maintain records of classified contractors and consultants in the transport services sector within the Municipality.
- Monitor and report on the condition of traffic signals, road signs and other road infrastructure to appropriate agency for timely repairs.
- Undertake annual permit renewals and licensing exercises for commercial transport operators.

The programme will be delivered by staff of the Works Department through the feeder roads unit and is implemented with funding from GoG transfers and Internally Generated Funds as well as the DACF and DDF allocations of the Assembly. The beneficiaries of the program include both rural and urban dwellers in the Municipality. Inadequate staffing, inadequate office space and the absence of basic things like wash rooms are among the operational challenges being confronted by the staff of the department.

PROGRAMME 4: ECONOMIC DEVELOPMENT

Budget Programme Objectives

- To improve efficiency and competitiveness of SMEs
- To expand opportunities for job creation
- To reduce food and nutrition insecurity through modernized agriculture

Budget Programme Description

The programme seeks to reduce disparities between rural and urban areas in terms of income, quality of life and the provision and access to socio-economic services. There are two sub-programmes under this programme. These are:

- Trade, Tourism and Industrial development
- Agricultural Services and Management

The Programme seeks to create jobs and reduce poverty by designing and testing of appropriate and marketable technologies for the agro-processing industry. The technology developed is transferred through apprentice training, engineering skills development and occupational and safety health environment of users of equipment.

A thriving micro and small-scale enterprise sector are considered worldwide as a key to the path of successful and healthy economic development. The focus is to formulate, develop and implement programmes aimed at encouraging rural self-employment and informal enterprises among the economically active population to enable them contribute effectively to the growth and the diversification of the economy.

The Agricultural Services and Management sub-programme is delivered through a number of operations namely:

- Identification and assisting farmers to stay abreast with good agricultural practices.
- Mechanization, irrigation and water management involves increasing irrigated areas while emphasizing water management techniques.
- Food storage and distribution which is responsible for reducing post-harvest losses.
- Promotion of cash crop and livestock production for income in all ecological zones through extension services and access to certified seeds for cash crops and improved breeding stock.
- Capacity building for farmers on good agricultural practices (GAPs)

• Enhancing the capacities of extension service providers in approaches to climate change adaptation and mitigation processes

The beneficiaries of this programme are farmers and other key stakeholders in the agricultural sector. The programme is funded mainly by GoG, DACF and donor fund sources.

SUB-PROGRAMME 4.1 Trade, Tourism and Industrial Development

Budget Sub-Programme Objective

- To improve entrepreneurial skills and facilitate access to credit and markets for small scale enterprises
- To provide MSEs access to substantial and high-quality business development services
- Promote sustainable tourism to preserve historical, cultural and natural heritage

Budget Sub- Programme Description

The sub-programme intends to formulate, develop and implement programmes aimed at encouraging and accelerating the growth of micro and small-scale enterprises to enable them contribute effectively to growth and the diversification of the economy. The key operations include:

- Facilitation of SMEs access to institutional credit and monitoring performance on credit delivery.
- Development of special programmes for women entrepreneurs and monitoring gender activities of NBSSI
- Facilitation of SMEs access to business improvement programmes
- Provision of information on small enterprises development to stakeholders
- Assisting SMEs to participate in fairs

The sub-programme will also be delivered through collaboration with relevant stakeholders to provide the necessary infrastructure (roads, ICT facilities, water, and electricity) and visitor facilities (accommodation, rest stops, restaurants, entertainment venues, tourist transport, etc.) to enhance the tourist experience. In respect of new or emerging attractions, the Assembly will work with the private operators at the local level to:

- Assess the marketability of the attraction;
- Identify the infrastructure gaps,
- Promote tourism investment to improve the tourist experience
- Maintain a register of all tourist attractions and identify synergies and linkages between them (e.g. help them to identify viable tourism circuits)

Collaborating institutions at the Municipality are the Business Advisory Centre (BAC). The subprogramme is substantially funded by GoG budget allocations, DACF and IGF derived from its activities. This sub-programme will benefit the general public.

The key challenges are:

- Negative attitude towards entrepreneurship and locally made products stifle growth of MSEs
- Inadequate roadworthy vehicles hamper movement for both implementation and monitoring
- Inadequate operational and loanable funds

SUB-PROGRAMME 4.2 Agricultural Services and Management

Budget Sub-Programme Objective

- To increase productivity of priority commodities through the use of improved agricultural inputs and Good Agricultural Practices (GAP).
- To improve seed/planting material/breeding stock for multiplication in agricultural locations
- To accelerate the development and management of irrigation schemes.
- To reduce post harvest losses and improve storage and distribution systems
- To reduce risks associated with natural disasters and disease/pests' outbreaks and ensure availability of adequate food stocks

Budget Sub- Programme Description

This sub-programme identifies updates and disseminates technological packages to assist farmers to stay abreast with good industry practices. It also introduces new and improved seed/planting material/breeding stock (high yielding, short duration, disease and pest resistant and nutrient-fortified) to increase productivity. The main operations under this sub-programme are as follows:

- Facilitate farmer access to improved planting materials, breeding stock and fertilizer
- Increase production in targeted products such as poultry, small ruminants and pigs.
- Promote the productivity of roots and tuber crops
- Develop arable lands for rice cultivation
- Promote the use of gender friendly farm tools and equipment by small holder farmers
- Mapping out suitable and potential sites for irrigation development.
- Supporting the formation and training of farmer groups
- Training extension workers in irrigation and water management techniques
- Capacity building of relevant stakeholders in better harvesting and storage methods
- Inspecting and certifying all seeds/planting materials and animal products and produce;
- Coordinating pest and disease surveillance activities;

The organizational unit responsible for delivering this sub-programme is the department of Agriculture. The beneficiaries of this sub-programme are farmers and other stakeholders. The

programme is funded mainly by GOG, DACF, IGF budget allocations and donor funds. The main challenges in the delivery of this sub-programme are:

- high cost of agricultural inputs,
- dilapidated infrastructure for storage,
- inadequate warehousing facilities,
- weak collaboration among key stakeholders and
- low integration of commodity markets.

PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

Budget Programme Objectives

- Reduce disaster risks and emergency management across the Municipality
- Preserve the natural environment.

Budget Programme Description

The programme seeks to reduce disaster risks and emergency management across the district and improve quality of life. There are two sub-programmes under this programme. These are:

- Disaster Prevention and Management
- Natural Resource Conservation and Management

The Disaster Prevention and Management sub-programme seeks to enhance the capacity of the Assembly to prevent and manage disasters and to improve the livelihood of the poor and vulnerable in rural communities through effective disaster management, social mobilisation and prevent undesired fires at all times.

While the Natural Resource Conservation sub-programme seeks to foster and promote the culture of leisure and healthy lifestyle among Ghanaians through greening of human settlements. It basically provides open spaces and enhances the aesthetics and creates liveable human settlements to ensure functionality of urban and rural areas. The programme creates job opportunities for vast majority of urban and rural unemployed youth.

SUB-PROGRAMME 5.1 Disaster Prevention and Management

Budget Sub-Programme Objective

• Reduce disaster risks and emergency management across the district

Budget Sub- Programme Description

The operations undertaken to deliver this sub-programme include:

- Reviewing Disaster Management Plans for preventing and mitigating the consequences of disasters.
- Ensuring emergency preparedness and response mechanisms.
- Public education and awareness through media discussions, outreaches, seminars and training of community members and Disaster Volunteer Groups (DVGs).
- Providing skills and inputs for Disaster Volunteer Groups for swift response to distress calls.
- Coordinating the rehabilitation and reconstruction of educational and other social facilities destroyed by fire, floods, rainstorms and other disasters.
- Monitoring, evaluation and update of Disaster Plans
- Establishment of adequate facilities for technical training and the education programmes to provide public awareness, early warning systems and general preparedness of staff and the public.
- Appropriate and adequate facilities for simulation exercises, the provision of relief, rehabilitation and re-construction after any disaster.
- Co-ordinating local and national support for disaster or emergency control relief services and reconstruction.

The total staff strength involved in the delivery of this sub-programme is seven. Funding is mainly by the GoG, DACF and IGF. The beneficiaries of this sub-programme are the general public who are affected by disasters. Untimely release and inadequate funds affect the efficient delivery of this sub-programme.

SUB-PROGRAMME 5.2 Natural Resources Conservation and Management

Budget Sub-Programme Objective

 Incorporate the concept of tree planting and the creation of green belts or green ways in and around communities.

Budget Sub- Programme Description

The main operations involved in this sub-programme are:

- Maintaining and sustaining prestige areas such as waterfalls and all landscape areas such as residence of some chief executives, MCD etc and administration blocks
- Cultivating and conserving medicinal and aromatic plants
- Identifying and multiplying rare and threatened plant species;
- Providing horticultural training and extension services to students in second cycle institutions;
- Supplying tree seedlings to educational institutions free of charge
- maintaining all prestige landscape areas such as residence of some chief executives, DCD etc. and on our road medians;

Funding is mainly by the GoG, DACF and IGF budget allocations. The beneficiaries of this subprogramme are the people of the District. Untimely release and inadequate funding affect the efficient delivery of this sub-programme.
