## PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

### Establishment of the District

Wassa Amenfi Central District is located in the northern sector of the Western Region. It was carved out of the then Wassa Amenfi West District Assembly under the Legislative Instrument (L.I) 2011. The District was established in the year 2012, with its capital town situated at Manso Amenfi. It is bounded to North by Western North Region; to the South by Ellembelle District and Nzema East Municipal; to the South-East by Prestea Huni-Valley Municipal; to the East by Amenfi East Municipal and to the West by Amenfi West Municipal. It lies between latitudes 5o 20'N and 7o 10'N and longitudes 2o 9'W and 2o 27'W. It has estimated land area of 1,845.93 Square kilometres with 131 communities. The District also has 5 Area Councils namely; Manso Amenfi, Akyekyere, Agona Amenfi, Adjakaa Manso and Juabo Area Councils.

### Population Structure

The 2021 Population and Housing Census Western Regional Analytical report (GSS 2021 PHC) showed that the number of persons enumerated in Wassa Amenfi Central is 119,117 which consist of 63,212 (53%) males and 55,905 (47%) females at a growth rate of 5.8%. The 2025 projected population is 131,029 and it is projected to reach 138,628 by 2026. The growth rate is useful in allocation of resources. The distribution of population in the district is influenced by various factors including vegetation, type of economic activity, infrastructure, political and administrative policies.

### Vision

To have good governance system in all sectors for quality life for the citizenry.

### Mission

To facilitate a transparent, accountable, participatory, responsive, equitable and inclusive, effective and efficient governance system in the all sectors that follows the rule of law.

- Improve delivery of development outcomes at all levels.

## Core Functions

Pursuant to section 12 sub sections 1 – 9 of Local Governance Act, 2016 (Act,936) charges the Assembly with the following functions:

- The District Assembly is responsible for the overall development of the district and shall ensure the preparation and submission of developmental plans and budgets to the appropriate authorities.

- Responsible for the maintenance of security and public safety.
- Initiate, sponsor or carry out such studies as may be necessary for the discharge of its functions.

## District Economy

The economic setting in any given locality is crucial to the overall development of the said geographical area. The economic structure of the district has been divided into sectors

based on their contribution to total development and employment. Agriculture which is one of the sectors of the District employs 66.6 percent of the active labour force.

- **Agriculture**

Agriculture is the main economic activity in the district. The sector employs majority (66.6%) of the economically active labor force. Cash crops grown are mostly cocoa, oil palm and rubber. Major food crops produced include cassava, plantain, maize, rice, garden eggs and tomatoes. Food crop production is generally on subsistence basis with output per yield substantially low. This is due to the use of old and traditional methods of farming predominated by the use of cutlasses and hoes with little mechanization. The farmers face a number of challenges such as poor road network which makes it difficult to transport farm produce to the market centers, inadequate or lack of storage facilities, poor market structures and inadequate farming inputs such as fertilizers, seedlings etc. There is also the problem of low level of adaptation to new technology in crop production by the farmers. The District also has a potential to develop Agro-Based Industries. The availability of oil palm and cocoa husk can serve as raw material for the production of palm oil and potash for the manufacturing of soap.

- **Road Network**

The District total length of road network is about 966.7km out of which 526km are trunk roads and 440.7km are feeder roads. About 58.1% of the total road network are in good condition which the rest are in deplorable state and needs much attention. The high cost of travelling due to poor road network and it has direct effect on the high cost of goods in the district. The farmers and traders incur more cost in transporting their goods and products to and within the District. Currently, with the District Road Improvement Program (DRIP 2024) the Assembly has been able to reshaped number of roads networks in the District. The program has been successful.

- **Energy**

The district capital, Manso Amenfi and some other major communities have been connected to the national grid, but power supply is often erratic. The district has no LPG

station and consumers have to travel to neighboring districts to patronize gas for domestic use, thereby increasing over reliance on wood for fuel. There is one community in our District (Dwirigum) which is not connected to the national grid and development in the community has been static. The current state of the community requires all necessary attention.

- **Health**

The District has 32 Health Facilities comprising of 1 Polyclinic, 4 Health Centers, 2 Clinics and 25 Functional CHPS compounds. There is no District Hospital and poor network connectivity which is affecting work efficiency at the Health Centers at rural communities. There are no Private Health facilities in the district. In addition, the poor telecommunication network in most of the rural areas in the district is highly affecting health service delivery.

- **Education**

There are 428 schools which comprises of 161 being Kindergarten Schools, Primary Schools are 161, Junior High Schools are 104, Senior High School – 1 and TVET – 1. Out of the above 259 are Public Schools and 169 are Private Schools. There is inadequate number dual desk for pupil. Inadequate teachers in rural communities due to lack of accommodation, poor telecommunication network and poor road network.

- **Market Centres**

There are four major market centres located at Manso Amenfi, Adjakaa Manso, Akyekyere and Agona Amenfi. The other market centers are at Dwirigum, Kwamang and Dominase. During each designated market day, farmers from the small communities travel long distances to bring their produce to the market. Three of the markets, namely, Manso Amenfi, Dwirigum and Akyekyere are located at the Southern part of the district whereas the remaining three are found at the Northern stretch of the district. The periodic

markets become difficult to access during rainy season when the road condition becomes deplorable. The table below shows the market days of the various markets;

MARKET CENTRE	AREA COUNCIL	MARKET DAYS
Manso Amenfi	Manso Amenfi	Wednesdays
Agona Amenfi	Agona Amenfi	Saturdays
Adjakaa Manso	Adjakaa Manso	Thursdays
Akyekyere	Akyekyere	Thursdays
Kwamang	Akyekyere	Mondays
Dwirigum	Akyekyere	Fridays
Dominase	Agona Amenfi	Wednesdays

- **Water and Sanitation**

The main sources of drinking water in the district include small town water system, boreholes, hand dug wells, streams and rivers. In many cases, the rivers and streams are polluted by the activities of the Community mining operations. This has led to an acute water shortage in communities that solely depend on these rivers and streams as their source of water. The district has 276 boreholes scattered across district, 2 water supply system that is located at Manso Amenfi and Adjakaa Manso.

Majority of households in the district depend on pit latrines (48.8%) and public toilet (WC, KVIP or pan) (37.3%). However, 8.6% of households have no toilet facilities and depend on the bush to ease themselves. Few households have access to WC (1.1%) in the district. The main toilet facilities used in urban households are Public toilet (40.8 %) and pit latrine (35.4%); whereas more than half of rural households use pit latrines (51.2%). the district is making efforts to sensitize is citizen to promote household latrines to ensure good hygiene practices in the district. 68.9 percent of the households dispose solid waste in a public dump. Households who dump indiscriminately form (19.1%). District authorities collect only 1.9% of solid waste generated. Majority of rural household dwellers throw their liquid waste onto the compound.

- **Environment**

The district falls within the high rain forest zone and has two (2) major types of vegetation cover. These are the moist semi-deciduous forest found in the northern part and the tropical rainforest found in the south where rainfall is heaviest. The district has four forest reserves covering a total area of 425.14 kilometre square. The table below shows the various forest reserves and their coverage area with stool names of traditional areas under whose jurisdiction the forest reserves fall.

**Table 2. Forest Reserves in Amenfi Central District**

	<b>NAME</b>	<b>AREA (km<sup>2</sup>)</b>	<b>STOOL</b>
1	Mamire Forest Reserve	45.33	Akyekyere
2	Fure Headwaters Forest Reserve	169.43	Amuni
3	Fure Headwaters Forest Reserve	105.51	Amuni/Msease Nsuta
4	Bura River Forest Reserve	104.87	Bremang/Ankasie/Achichire/Asere-wadi
	<b>TOTAL</b>	<b>425.14</b>	

The nature of the drainage system is dendritic. Notable one being the Ankobra River. There are also some major streams like the Brayere, Kwini. Fure, Bakore and Samire to the south whiles Damiaye, Frein, Erane and Suraw to the northern part of the district. These rivers and streams serves as major sources of water for domestic and farming (irrigation) purposes especially for vegetable farmers in the dry season. However, the Small-Scale Mining activities (Galamsey) in the district pollute these rivers. Rivers like Ankobra and Damiaye have being heavily affected by these activities therefore, making living difficult for inhabitants around these rivers.

The District lies geologically within the Ghanaian Shield area that consists of the lower Upper Birimian that is situated at the southwestern part of the district, the mixed rocky settlements in the north western, Alluvial that also stretches along the Ankobra River in the eastern portions of the district. The Hornblende form a major part of the district and cover about 1,877.41 km<sup>2</sup>. The prevalence of large gold deposits in the district has led to the sprouting of mining activities within the district. The district has the potential of

generating revenue through taxation and royalties as well as creating employment through well-structured community mining policy.

The activities of illegal mining, chainsaw operation, rampant bushes and poor application of agro technologies in the district is immensely affecting the environment around us. These activities have affected the rainfall pattern in the district. The forest service division embarked on several tree-planting programmes as well as the formation of Community Resource Management Areas (CREMAs) in the communities in and around the Amuni-Sureso and fure forest reverses.

The District through its NADMO office have identified area such Manso Amenfi, Nkakaa, Sraha, Hiawa, obeng and Ahjem to be prone to disaster such as floods and are working hard through public sensitisation on methods of flood prevention. Some manmade activities such Water pollution by small-scale mining activities, poor application of fertilizers, Indiscriminate bush burning, poor waste disposal (both solid and liquid wastes) are also being addressed.

The natural resources in the Amenfi Central District such farm lands, Forest reserves and water bodies are being destroyed by the illegal miners to extract gold (GALAMSEY) using the dig and wash approach along the river bodies e.g. Ankobra River. The operation of chain saw operators to the forest reserves (Mamire Forest Reserve, Fure Headwaters Forest Reserve, and Bura River Forest Reserve) has a negative turn on the natural resources in the district. the lack of technical know-how of the citizenry in the use of the resource and inadequate and logistic for monitoring the activities of user of the resources poses a great challenge.

- **Governance**

In accordance with the Local Governance Act, 2016 (Act 936), the District Assembly is the highest political and administrative body of the District. The District Chief Executive (DCE) and the District Coordinating Director (DCD) are the political and administrative heads of the district respectively. An elected presiding member chairs the General Assembly. The Assembly is made up of 32 Assembly Members of whom 21 are elected by voting and the President in consultation with the traditional authorities and other interest groups in the district appoint 11.

The Amenfi Central District Assembly has Five (5) Area Councils, namely; Manso Amenfi, Juabo, Adjakaa-Manso, Achichire and Agona-Amenfi which are all in good standing and contribute to the development of the District by helping in the generation of internal revenue.

The Assembly has an Executive Committee (EC), which chaired by the District Chief Executive. The District has 13 Decentralised Department that contribute to the smooth running of the District. There are five statutory sub-committees, which help the EC carry out its functions. These are:

These include the District Tender Committee, the District Education Oversight Committee, Public Relations, Complaints Committee, and the District Security Committee (DISEC). The DISEC chaired by the DCE.
