UPDATE ON DEBT RESTRUCTURING DISCUSSIONS

Accra, Ghana, 29th May 2025 – The Government of the Republic of Ghana is pleased to inform its international partners that Ghana continues to make good progress in the discussions with all remaining creditors included in the debt restructuring perimeter.

2. In line with **Ghana's commitments to the official creditors**, under the G20 Common Framework, no creditor has been treated preferentially. This is consistent with the principle of *Comparability of Treatment*. We have strictly applied the provisions in the Memorandum of Understanding with our official creditors, and in particular, have continued to remain in arrears with all external creditors included in the debt restructuring perimeter.

3. The Government remains committed to achieving a fair and mutually beneficial resolution with all creditors and thanks its partners for their forbearance, cooperation and support.**END**
